

# Grind Away

Lyrics by Denny Anthony

## **Intro:**

Arrested by the doubt that remained  
Solely to stare awake in the threat of sleep, detained

A mountain of shame  
For the rest of those who blame  
Feed ourselves the Self-inflamed

## **Verse:**

We're filled to undergo the sane  
Those who held the broken blade  
Compare with someone seeking shade  
Awake

## **Chorus:**

And you grind away  
Apart the wages you weighed  
And you find the Stay  
All from embracing...

## **Verse:**

Forgotten scrolls of the insane  
For all who spell with those who blame  
Compare with temporary made  
Awake

## **Chorus:**

And you grind away  
Apart the wages you weighed  
And you find the Stay  
All from embracing... the Way

## **Bridge:**

Raging

Fondling

Fall away

All Remain

The Flame of Love

Forsaking loss

From greed and hate

**Verse:**

You awoke  
Within more  
Skin and grin and all

Where love keeps us glad  
Aiding every soul

We awoke  
Give us help  
And then you get to get to get them out  
Get all, leaving none at all  
Attractive Love

**Chorus:**

And you grind away  
Apart the wages you weighed  
And you find the Stay  
All from embracing...

**Outro:**

A mountain of Grace  
For the rest of those who blamed  
Who fed upon their own disgrace
