

None Enslaved  
Lyrics: Denny Anthony

Stars allude  
Enough entombed  
Calling someone  
Wanting another play  
Stifling our sorrow

Dragging stay  
I built the wall that kept me out  
And now  
Falling rise  
I found the One who built me up  
And now

None enslaved  
None even want to stray  
And we follow Grace  
All even want to stay

Followed engraved  
Where one and one continues  
Calloused conscience  
Be cut away  
Cover mistake  
Where only one continues  
Cut off regret  
Son in all

(Pre-chorus)

(Chorus)

Blunt friction  
From all the unknown  
Regarding One in all  
Crawled up from  
Howling out to you  
In moon rise

You were over  
Or were you out on  
A shorter dive  
To the unknown  
Rage reaction to chaotic singe -(yell)
