

Betraying Sight
Lyrics: Denny Anthony

With all that crumbles under
To all that's going away
Are those who place their stake in propagate insane
To make it two to too sustain
 Soar wielding sores across the floor of the outdoors
 And times are all the same when patterns bring the shame
 All fear departs from me
 Betraying sight
 Awe near imparts to me
 Executing ridiculing blight

Company encompassing
All that drew the Name
Our disgrace surpassed by Grace
Awe in standing right

Soar wielding sores across the floor of the outdoors
And times are all the same when patterns bring the shame
 All fear departs from me
 Betraying sight
 Awe near imparts to me
 Executing ridiculing blight
 All fear departs from me
 Betraying sight
 Awe near imparts to me
 Executing ridiculing blight

Company encompassing
All that drew the Name
Our disgrace surpassed by Grace
Awe in standing right

Hear the Roar
Enabled slum
Every little slew
Outgrown
The den attire
We will wear the fair review
