WHO WE ARE:

- **RINOCOM CONSULTANTS** is a **VETERAN-OWNED BUSINESS** and has **30+ years** of experience in providing comprehensive solutions in managing enterprise data center compute, storage, and networking, as well as converged and hyper-converged deployments.

- Our subject matter experts work with our clients' business goals to align the right platform to best service their technology.

- We deliver Nationwide, and on-time, through partnerships with the federal government's best known global industry logistics leaders - **D&H, Carahsoft, Ingram, and TechData**.

- We source, procure and deliver technology solutions through partnerships with the best industry vendors, offering a full range of options - **Brother, Cisco, Dell, HP, Microsoft, Seagate, ViewSonic and Lenovo.**

- We employ the best technical, customer service, and account management people to ensure that our solutions are the most reliable, cost-effective, and efficient available.

- Our strength is our extensive experience and subject matter expertise.

- We invest in the best support tools to provide our clients with the responsiveness they need – whether for a single ticket or an engineering project.

- We connect government agencies with manufacturers to help support their core missions in the most robust ways available.
