Subject: Re: 2024+ Metro Officials Fees

Keith,

Attached is the Twin Cities Soccer Referees Organization (TCSRO) proposal for soccer referee fees for the 2024-2029 Metro Officials Fee Schedule. We are the only member association representing metro soccer officials and are submitting this proposal on behalf of our over 160 referee members. This proposal remediates persistent undercompensation of soccer referees relative to our peers in other sports. We look forward to meeting with you to discuss our proposal in detail.

Please provide some times that would work for a Zoom meeting or call. Feel free to contact me with any questions or to clarify any aspects of our proposal.

Thank you for your consideration.

Subject: 2024+ Metro Officials Fees

Good afternoon all,

My name is Keith Cornell and I am the AD at St. Michael-Albertville. I am working with a group of ADs on the Metro Officials Fees contract beginning in the fall of 2024 and I am going to be working with soccer to get your thoughts on what compensation should be moving forward. I have attached a spreadsheet with some information regarding current fees as well as an hourly breakdown based upon

some basic parameters for pre-game and length of game.

Wondering if you could send me some thoughts on what officials would like to see moving forward. I am also open to a phone conversation also if that is easier. Can someone let me know how you would like to move forward? We are really hoping to start the conversation now as we realize you need to have conversations among your officials also.

<https://docs.google.com/spreadsheets/d/1Tnn4xUQUG2459PFXw39CPFJF8X5RGoor7jsXLR235K4/edit?usp=sharing>

We appreciate all you do and look forward to working with you moving forward. Let me know how you would like to proceed!

THANKS

--

Keith Cornell
