PRESS RELEASE

**Wilmington, Delaware, USA - October 13, 2017:** (SmartCiti) – Smart Citi Solutions Incorporated, the global Smart City Manufacturer has announced it has signed an exclusive agreement with Zelnium Technologies Limited to deliver SmartCiti's award-winning Smart Pole solutions and technology to market in Trinidad/Tobago. The contract dictates Zelnium will distribute the technology across Trinidad/Tobago.

SmartCiti aims to expand its global footprint in smart pole technology, which it provides at much lower prices than its competitors, exceeding their features and surpassing the quality, while still affording municipalities an aesthetic and appealing look that blends easily within the city landscape. This along with the phenomenal comprehension of the Zelnium business model makes it unparalleled for the Trinidad/Tobago smart city marketplace

SmartCiti Solutions, Inc. COO, James Lapham says, " *We have been working directly with the Zelnium team both on our Smart City Tech as well as our concealment and our standard tower lines. We see many opportunities conjoined with Zelnium in its pursuit of business across the Islands.*"

SmartCiti Solutions CEO, Philip Davies says, " *this agreement is perfectly timed with SmartCiti engineering, development capabilities and our deployment crews and Zelnium with a proven track history, I see a unique opportunity for the islands municipal and commercial carriers. I foresee a very long and fruitful relationship between our companies as we move forward.*"

SmartCiti aims to become the leading seller of Smart Pole technology around the world. Through this partnership with Zelnium, SmartCiti Solutions will be able to cater to the growing demand for smart poles in pushing economic and technological growth across Trinidad and Tobago.
