

Derek Tran Campaign Updates

Making Waves for Democracy Meeting May 31, 2026 Barrie Levy

We are proud of our engagement, supporting the re-election of Derek Tran, in a tight race. We had almost 20 MWD volunteers signed up to canvas for him last Saturday – but as you know, we had to cancel our outreach in Stanton, which is now on the map as the place where a huge toxic chemical tank leaked, and thousands of people had to evacuate. Instead of knocking on doors we called Stanton residents on behalf of Derek Tran, to do wellness checks and give people resources they needed to deal with the evacuation. Campaign staff members followed up with them, and people welcomed our calls.

Our next MWD sponsored day of action will be on JUNE 20, from 10-2, so sign up today, and plan to be there. Stanton Voters need to hear from us, and they appreciate it when we show up. This area is new to Tran's district 45 after redistricting, so they are just getting to know how great a representative he is for their district.
