

Intros to Parke Skelton and Nelson Goins

Parke Skelton is THE progressive political consultant in LA (and THE winningest). AND he bucks the political consulting dominant system by not taking a percentage of the ad buy (Don't get me started on that...). When Parke speaks, I drop everything and listen.

Nelson Goins is an experienced campaign guy who has worked for Congressman Mike Levin and the California Democratic Party, among many others. He's heading up Parke's current project which targets independent or Decline to State voters in CD 48 in the primary – which means now! -- with an anti-MAGA, anti-Republican message....

I'll let them tell you about the CD 48 Accountability Project.....
