

Fundraising Planning Committee
Paul Koegel
December 10th Meeting

Making Waves is holding its first fundraiser of the election season to help the Antelope Valley Democrats for Change flip CA27 from red to blue. These funds will support their innovative programs like Youth to the Booth that seek to engage young people and get them to the polls. Our efforts have really taken off since our last meeting: We're almost halfway toward our goal of raising \$25,000. We're raising funds by having our co-hosts reach to people they know to urge them to buy tickets for the virtual event we are holding on January 21st at 4:00 pm that will feature speakers like Mayor Karen Bass and Representative Ted Lieu.

We urge you to buy a \$50 ticket and attend the event--or donate whatever you can if you're unable to attend. You can do this by responding to emails that our co-hosts are sending out. We'll be sending out an email with a purchase/donation link to all people who have bought a ticket for or donated to one of our past events. If you're new to us and haven't bought a ticket or donated in the past, send your email address to darbyhuffaker4@gmail.com and ask to be placed on the distribution list. We're counting on everyone to help us support AVDC in their efforts to get out the vote and flip CA 27 to blue.
