DATES

5/4 Day of Action — This is a large day of action that the Action Council is putting together. The Action Council puts together a quarterly day of action and we are coming up on the late spring event.

Canvassing dates—every Saturday in May. We have our dates but want to encourage you, because there has been an increase in desire to head up to the AV, to be aware that if you can clear some of your early part of the day for an upcoming Saturday that there will be a canvass for you to take part in.
