

CA-47 Report at MWD meeting

7/24/22

By Sasha Litt

- As mentioned in our last meeting, this summer we will be exclusively canvassing for Katie Porter in CA 47!
- Our June canvassing was very successful in turning out volunteers from Making Waves for Democracy, but unfortunately, the July canvassing was a little lacking in numbers—
- I'm hoping that early July was a time to rest up and relax so that we're energized and determined to get out and have our best turnout for our future canvassings!
- Canvassing has been proven to be the MOST effective way of reaching out to voters and with re- districting it is crucial we get out and talk to voters who are new to Katie Porter!
- There are **two canvassing opportunities** coming up-
 - The first is the **new office opening next Saturday, July 30, in Huntington Beach**- which is the closest location to LA in the district!
 - You will not want to miss it: Katie Porter will be there at the rally to kick off canvassing at 10 a.m. and then canvassing will continue until 1pm -- come early to see Katie Porter, and then stick around for the canvassing!
 - There will also be a **canvassing on August 20th, from 12-3, in Huntington Beach** as well!
- There will be a poll coming up where you can sign up for one or both of these opportunities! Hope to see you there!
