

## **MAKING WAVES 4 KAREN BASS**

**The money being poured in by Billionaire Caruso (\$81 million so far) is unprecedented. Can LA voters in this Democratic city of renters be bought? Unfortunately, negative campaigns take their toll....Caruso's campaign is paying \$35/hour for canvassing and spreading lies in ads on TV and social media....**

**Nevertheless we persist and KB will win. She's the real deal! So, if you haven't yet given \$\$ to KB, it's not too late... She's the right leader for this time – she's been working all her life for black and brown unity.**

**Our 35-person MW4KB group continues:**

- **Canvassing: Mar Vista canvass Sundays 1-4 weekly out of John Montgomerie's....Thank you John! They have 30 signed up for today....**
- **You'll see the poll next and be asked to sign up for PHONEBANK at KBHQ. Laurie Pincus is the lead...this and next Wed: Oct 26 and Nov. 2. Our last phone bank went great – I can tell you it's an inspiring experience to be at the KBHQ and to call voters – you'll see that the enthusiasm for KB everywhere is off the charts!**
