

Major Accomplishments of the Biden Harris Administration

ECONOMY

1. More people are working than at any other time in American history.
 - a. Unemployment is at a historical low of 3.5%
 - b. Nearly 11 million jobs have been created since they took office, including 750,000 manufacturing jobs.
2. American Rescue Plan
 - i. Delivered relief to families that jump started the economy
 - ii. Did not result in inflation that could not be controlled, particularly without loss of jobs
 - iii. Wages are keeping up with inflation
3. Release Strategic Petroleum Reserve so that gas prices are down more the \$1.60 per gallon from their peak.
4. Historic student debt relief
 - a. Provided significant debt relief for borrowers earning less than \$75,000
 - b. Helps narrow the racial wealth gap

HEALTHCARE

1. More people have health insurance in the U.S. than ever before.
2. Through ACA the average person saves \$800 per year on insurance cost.
3. The uninsured rate is 8%
4. Enabled Medicare to negotiate the price of certain high-cost drugs.
5. Medicare recipients pay nothing for recommended adult vaccines.
6. Seniors' out of pocket expenses for pharmacy are capped at \$2,000.

CLIMATE

1. Through legislation and executive actions, the Biden Harris administration delivered the most aggressive climate action in American history.
2. Spurred development of clean energy at home, accelerate the adoption of electric vehicles, and reduce pollution that endangers overburdened communities.
3. They protected more lands and waters.

GUN VIOLENCE

1. Passed Bipartisan Safer Communities Act
 - a. Young people 18-21 undergo enhanced background checks
 - b. Provides funding for red flag laws
 - c. Helps remove firearms from dangerous individuals
 - d. Helps keep guns out of the hands of convicted dating partners
 - e. Expands mental health services in schools and supports school safety
