

Intro of Melissa Grant at Making Waves for Democracy – 9/18/22

I've been impressed with Melissa Grant since I first met her in 2008.

She was then a leader of the Pacific Palisades Dem Club, making that Club one of the best around (of lots....!). She manages to be a fulltime litigation lawyer and do volunteer political work more than fulltime too – I have worked with her on the Obama and Hillary campaigns when she created a kickass coalition of westside groups. She's co-founder and President of our partner in all things, the Grassroots Dems HQ.

Named by the LA County Democratic Party DEMOCRAT OF THE YEAR in 2013, Melissa is our favorite trainer for everything, but today we wanted to give her the chance to shine as a political analyst, spotlighting the national House and Senate races.

Over to Melissa Grant.....
