

SoCal Blue Voter Guide Report

By Wayne Liebman

[BlueVoterGuide.org](https://bluevoterguide.org) is a new, unique, get-out-the-vote tool made by and for the grassroots. Voters enter their address and their ballot appears—with endorsements from groups on the left aggregated to help make voting choices smarter, faster, and smoother. It's progressive, simple, and shareable—bringing along all voters, including hesitant first-timers, to make voting easier. Seamlessly share personalized ballot choices with family, friends, and on social media. It's operational in key battleground states — AZ, CA, FL, GA, NC, NV, PA, TX, WI.
