

## **T.O. Plans for 2023**

**I want to cover our political agenda, our policy agenda and our fundraising agenda for this year, 2023, the first year of the new, two-year electoral cycle.**

**1. We are still HELLBENT on flipping CA-27, the ONLY Republican House seat left in LA County. That district went for Biden by nearly 19 points in 2020. Next month, it'll be SIX years that we've visited and door-knocked voters in the Antelope Valley. We LOVE the AV. You'll hear more about it shortly from our new Leadership Team member Brandon Zavala, but let's just stipulate that the current representative of CA-2 is WAY too extreme for that district.**

**We are also committed to HOLDING CA-47 in Orange County – Katie Porter's district. More later on the OC.**

**2. We think this year will be a great time for what we used to call POLITICAL EDUCATION – for updating you all on some relevant policy information. We'll start next meeting with a major study of How Voters Think –**

**3. Finally.....on FUNDRAISING – We are currently vetting partner groups in our targeted House districts. We’re thinking we might do ONE grassroots fundraising event in 2023, likely in the summer or fall. And, remember our volunteer machine is mighty – we’ve raised over \$2 million for our candidates and grassroots organizing partners over our 6 years. Specifics will follow at future meetings.....**

**\*\*\*\*\***

**And now, to do a deeper dive into that LA County district we are passionately committed to flip permanently BLUE, we turn to our resident expert. He grew up in CA-27 and specializes in knowing it well. And he just turned 30! -- so I’m super-excited he represents the next generation..... You’ve heard him before since he’s been a friend of ours since our beginning. You’ve known him as Christy Smith’s campaign manager in 2020 when she came SO heartbreakingly close to winning.... He’s always been in our family but now it’s official: He’s now on our leadership team.**

**Over to you, Brandon Zavala!!**
