by Marley Powell**

November 24, 2024 MWD meeting

I wanted to express my gratitude for all of you who stood up and stepped into this District. Barrie, Brandon and Xiomara especially but all of you who went to canvass and reach the voters who we have been engaging with since 2017. It's been a long time for our group in CA27 and we aren't going away or leaving our focus on this district. Why would we? We just won and will continue to support this district and make sure that we hold this seat and grow our numbers even more in the AV.
