- 00:07:15 um yesterday was the first local you know county level republican party meeting that I've been to in
- 00:07:30 I want to say eight months maybe maybe longer I've been since I started since we started this show I've been pretty checked out of local politics you know it's a bunch of bunch of boomers that all
- 00:07:45 argue and in fight with one another about the dumbest shit that really doesn't matter or affect anybody's lives they're all virtue signaling to their pastors to to the Israeli lobby and all of
- 00:08:00 this but uh you know I went last night just to kind of see what was going on see what everybody was talking about there's a lot of stuff going on in Minnesota with ice there's a lot of fraud that's being exposed nationwide not just in Minnesota but everywhere I'd hope main all of these daycares

(29 JAN 2026) Dave After Dark:
Yet Another Anti-Antisemitism Resolution Passed By Local Zionist Republicans?

- 00:08:15 that are taking our tax dollars and misappropriating it and committing fraud and also you know we've
- 00:08:30 had a pretty crazy winter here in north I'd hope it's been very dry and we rely on that snowfall to fill up our reservoirs so that we can run our dams to generate electricity so there's there's a lot of things that are going on that really do kind of affect us at at the local level
- 00:08:45 our tax dollars our electricity you know there was also a very big meeting earlier in this month the republican party of Idaho passed a resolution calling for the prosecution of laun haroochi and
- 00:09:00 all of the agents involved in ruby ridge asking some of them are asking for the death penalty for killing Sammy weaver Vicky weaver this all happened back in 1993 just about 45 miles up the
- 00:09:15 road ruby ridge and so you know it's been interesting to see uh what's what's been going on and and these resolutions that are coming out and most of them pretty good from the state level central committee but last night you know I drop in and whoa there was a whop air a whopper this is a 33
- 00:09:30 page thesis paper attached to a one page resolution I finally got my hands on it and so we'll go over
- 00:09:45 this in a little bit but basically it was 68 people sitting around arguing for about an hour and a
- 00:10:00 half about another resolution for Israel and so I just I could not believe it felt like I walked into a different planet uh with people with people that are just living in la la land and so I went
- 00:10:15 to the meeting I came home and I recorded a little segment uh fresh while it was all fresh in my mind and so that's what I'm going to share with you today it's day after dark uh and so we've got a
- 00:10:30 little segment here that we'll watch and then when we come back you'll you'll see a couple of edits that I made in it because I didn't have my hands on this resolution this whopper of a resolution and uh you know we're gonna take a look at that we'll dissect the resolution
- 00:10:45 and we're also going to get into a little bit of stuff about holocaust remembrance day which was yesterday in case any of you forgot uh just on the off chance that you forgot

(29 JAN 2026) Dave After Dark:
Yet Another Anti-Antisemitism Resolution Passed By Local Zionist Republicans?

that you know the holocaust happened yesterday was international holocaust remembrance day and uh there was some

- 00:11:00 problematic statements made by the pope his excellency pope Leo the 14th um and I touch on it a little bit in this pre-recorded segment but we're gonna dive really deep into it no strata
- 00:11:15 Vatican II uh and we'll uh we'll wrap it up from there but uh anyway sit back and enjoy this is day after dark so tonight was the first night that I went to the local republican party
- 00:11:30 for their monthly meeting first time I've gone in a long long time I've been pretty checked out when it comes to local politics it's been a lot of infighting a lot of bitching a lot of old people
- 00:11:45 arguing with one another about who can be more loyal to Israel who can be more anti extremist
- 00:12:00 we need to show up for our republican conservative values that all men are created equal that the founding fathers and the constitution
- 00:12:15 as communists are doxing ICE as they are doxing law enforcement that are trying to uphold the law in Minnesota
- 00:12:30 that's not the problem mm-hmm
- 00:12:45 not that extremism we don't need to condemn that extremism we need to condemn podcasters in north Idaho that's number one priority
- 00:13:00 and so tonight there was a resolution that was introduced at the KCRCC meeting
- 00:13:15 condemning Israel or condemning uh antisemitism and promoting Israel and
- 00:13:30 condemning hate and this podcast of which they used quotations and excerpts that were so foreign to me
- 00:13:45 I I couldn't possibly believe that they were actually haired on this program like we're gonna pick off Jews one by one the holocaust never happened but it's gonna

(29 JAN 2026) Dave After Dark:
Yet Another Anti-Antisemitism Resolution Passed By Local Zionist Republicans?

- 00:14:00 I just don't remember ever saying anything like that I don't think anybody on the show ever said anything like that but we've done 111 two-hour episodes that's a lot of content to cherry pick a couple of words here
- 00:14:15 and there and then string it all into a new sentence to allege that somehow
- 00:14:30 that somehow like we're gonna round up a bunch of people and kill them you watch this podcast maybe maybe you do maybe you don't but that's not what we talk about here
- 00:14:45 what we talk about here is like I don't know church teaching what has the church taught about the Jews and Christians in our relationship this whole doctrine of seek u deus non that was the standard of the church from 1100 until 1965 when everything changed at Vatican II
- 00:15:00 we talk about how white people have been system systematically discriminated against in this country we talk a lot about that we talk a lot about how men need to be men again
- 00:15:15 Cameron McGregor's concept of neo masculinity
- 00:15:30 I talk a lot about being virtuous about being a pillar in your community
- 00:15:45 about building a world that you want to leave to your kids and your grandkids I specifically recall on multiple occasions condemning the idea that violence and hate and
- 00:16:00 retribution and revenge vengeance is mine sayeth the lord but they don't quote any of that they don't quote that stuff no they focus on these ugly things ugly and they get together and
- 00:16:15 write up a resolution and it wasn't just like a resolution it was this whole 16 page document let me see if I can find it
- 00:16:45 I will uh work on getting that for you so the resolution which by the way happy holocaust day happy holocaust remembrance
- 00:17:00 today is apparently international holocaust remembrance day could have sworn we had one of those days last month and the month before that and the month before that I feel like there's a
- 00:17:15 holocaust remembrance day at least once a month god forbid what if we didn't have it would everybody just forget would everybody just forget after all of the brainwashing and showing people dead

(29 JAN 2026) Dave After Dark:
Yet Another Anti-Antisemitism Resolution Passed By Local Zionist Republicans?

- 00:17:30 bodies being bulldozed into pits in third grade like what happened to me in school as if we could forget something as traumatizing as that and so this resolution was introduced by somebody named
- 00:17:45 Dan Fry who gets up in front of the committee and he reads off this poem first they came for the communists and I was not a communist so I did not speak up then they came for the socialists
- 00:18:00 and I was not a socialist so I did not speak up then they came for the trade unionists and I was not a trade unionist so I did not speak up
- 00:18:15 and then they came for the Jews right so this was a poem written by a Lutheran pastor in Germany
- 00:18:30 pro-nazi Lutheran pastor in Germany he was absolutely fine with Nazism until the people in his denomination voted this guy out
- 00:18:45 and then all of a sudden he became a staunch anti-nazi but it's it's a poem that
- 00:19:00 defends communists and trade unionists and socialists and people that were attempting to violently overthrow the social order of Germany the same people that are active today
- 00:19:15 the same people that are organizing violent protests in Minnesota against ice it's the same people
- 00:19:30 and so we're not supposed to defend ourselves against communism or socialism or these subverted trade unions because what if uh what if that would lead to the persecution of the Jews again
- 00:19:45 come on get with it get real and so this guy Daniel Fry gets up and his big
- 00:20:00 allocution trying to convince these people to vote for his resolution is that we need to give a voice to the voiceless to those most marginalized in our society to those
- 00:20:15 people who can't speak for themselves because they're a tiny minority that have been persecuted throughout the ages who runs the banks who runs CBS who runs the ai and tech data infrastructure
- 00:20:45 who runs google who runs all of these movie houses paramount plus right David Ellison Larry Ellison Barry Weiss at CBS Larry Page Sergey Brinn the record labels the Miami nightclubs

(29 JAN 2026) Dave After Dark:
Yet Another Anti-Antisemitism Resolution Passed By Local Zionist Republicans?

- 00:21:00 Howard Lutnick the secretary of commerce his children who run Canter Fitzgerald one of the 24 fed securities houses that deals directly with the federal reserve
- 00:21:15 right these are the people without a voice these are the weakest people
- 00:21:30 where have you been they run our government they run our media they run the non-profits that fund all of these evangelical churches
- 00:21:45 you're not being brave you're not giving voice to the voiceless you're an NPC regurgitating talking points that have been fed to you by Israeli military propagandists
- 00:22:00 at Prager you at CBS at paramount plus the New York times Washington post all of these people
- 00:22:15 have Goldberg steen wits at the end of their names we literally cannot go a month without hearing about the holocaust we can't go a month without
- 00:22:30 hearing about October 7th we cannot go a month without hannock uh and the it's like we live on
- 00:22:45 different planets or something and so then this other woman gets up Nina Beasley and she starts crying crying like a weak wailing post-menopausal woman who's upset
- 00:23:00 that incorrigible she sounded delusional frankly
- 00:23:15 and so this isn't just like one resolution that's like a one-off
- 00:23:30 it was the fifth resolution in three years unequivocally supporting the Jewish nation the
- 00:23:45 Jewish people and as they're debating this somebody very rightly brought up the anti-Catholic things that have been said on that committee the discrimination against Catholics accusing them
- 00:24:00 of being monarchists accusing them of being antisemites or whatever for believing what the church has always believed for believing that oh yeah you know the pope he's like the monarch of
- 00:24:15 the church so that means you're a monarchist you want to like get rid of the president you want to get rid of the governor and make yourself a king what the fuck these people are delusional

(29 JAN 2026) Dave After Dark:
Yet Another Anti-Antisemitism Resolution Passed By Local Zionist Republicans?

00:24:30 totally totally delusional and

00:24:45 you know they put up a fight the good people on that committee put up a good fight one person gets up and mentions what's going on with ice and mentions that these people are being

00:25:00 picked off and doxed and harassed and that the communists are coming after our law enforcement don't we have more pressing things to debate you know we were in the middle of one of the driest

00:25:15 winters here in Idaho very little snowfall very little rain the reservoirs are not full not as full as they normally are and there is a serious concern in the state in the west

00:25:30 about water you see what they've done to California these man-made droughts

00:25:45 and so instead of passing a resolution about ice or deportations instead of passing a resolution about the future of our state and our water and our sovereignty

00:26:00 and our ability to be secure going forward into the future instead of being concerned with things like free speech self-expression things that we hold dear as Americans

00:26:15 we're going to condemn antisemitism for the fifth time and one of these committee members rightfully pointed out that one man's antisemitism is another man's free speech and you know

00:26:30 he's got a point if you look at the IHRA definition of antisemitism which I'll put up here on the screen we'll take a look at this together

00:26:45 this is one of the things that they want passed these Zionist evangelicals

00:27:00 they they want this passed so if you deny the fact scope or mechanisms or the intentionality of the genocide of the

00:27:15 Jewish people at the hands of national socialist Germany and its supporters and accomplices accomplices during world war two the gas chambers right if you deny that

00:27:30 what are they going to do put you in jail and so for example

00:27:45 if you I don't know post this on your social media are you going to be thrown in jail let's take a listen Nazis were enemies of communism communism killed hundreds of millions

(29 JAN 2026) Dave After Dark:
Yet Another Anti-Antisemitism Resolution Passed By Local Zionist Republicans?

- 00:28:00 Hitler allegedly killed six million Jews it's untrue it's just not true it's a fabrication
- 00:28:15 that so-called holocaust is quite simply a fabrication you can spend a couple of hours on the internet and if you seek out the revisionist the best revisionist you'll see all the evidence points one way and all of the emotion points in the other way the the emotion fully backs
- 00:28:30 six million Jews wickedly killed in gas chambers by the Nazis oh all the emotions on one side all the evidence is on the other
- 00:28:45 Nazis bishop Williamson had the balls to say god rest his soul may he rest in peace dare I say pray for us
- 00:29:00 so according to the IHRA definition of antisemitism that would be illegal accusing Jewish citizens of being more loyal to Israel or to the alleged priorities of Jews worldwide than to the interests of their own nations so asking the question
- 00:29:15 is ben Shapiro more loyal to Israel or to the united states of America that would be illegal applying double standards by requiring of Israel or the Jewish nation a behavior not expected
- 00:29:30 or demanded of any other democratic nation like I don't know how about you don't kill 30 civilians for every one dead combatant how about we keep the amount of collateral damage down
- 00:29:45 that's illegal my favorite claims of Jews killing Jesus or blood liable drawing can compare comparisons of contemporary Israeli policy to that of the nazis
- 00:30:00 or holding Jews collectively responsible for the actions of the state of Israel this is the IHRA definition of antisemitism and this is what these people want passed
- 00:30:15 so like let me read you some quotes here some more quotes I don't have them on the screen actually
- 00:30:30 I do I can get them on the screen I posted it earlier today how about that I'll see you in jail I guess so here's a list of quotations from Saints of the Catholic church the bible itself says
- 00:30:45 that the Jews are an accursed people pope clement the eighth if it is expedient to hate any man or to loathe any race I have a strange dislike for those of the circumcision for up until the present day

(29 JAN 2026) Dave After Dark:
Yet Another Anti-Antisemitism Resolution Passed By Local Zionist Republicans?

- 00:31:00 they persecute our lord Jesus Christ in the synagogues of Satan Saint Jerome said that the guy who wrote the bible said that compiled it anyway translated into Latin Jews are cursed and covered
- 00:31:15 with malediction the curse has penetrated them like water in their bones they are cursed in the city and cursed in the country cursed and they're coming in and cursed in their fruits of their loins of their lands of their flocks cursed are their sellers their granaries their shops their food
- 00:31:30 the crumbs off their tables that's Saint aghabard Saint Justin martyr said the Jews were behind
- 00:31:45 all of the persecutions of the Christians they wandered through the country everywhere hating and undermining the Christian faith Saint Barnabas said do not add to your sins by saying that the covenant is both theirs and ours yes it is ours but they have lost it forever and St Augustine of hippo
- 00:32:00 Judaism since Christ is a corruption indeed Juda is scary it is the image of the Jewish people their understanding of scripture is carnal and they bear the guilt for the death of the savior
- 00:32:15 for through their fathers they have killed Christ the Jews held him the Jews insulted him the Jews bound him they crowned him with thorns they scourged him this is what the Saints the
- 00:32:30 fathers of the church said and under the IHRA definition of antisemitism that would all be illegal and of course this is all being said and noted on holocaust remembrance
- 00:32:45 day which by the way our current pope had something to say earlier he says that I would like to recall
- 00:33:00 that the church remains faithful to the unwavering position of the declaration Nostra Aetate against every form of antisemitism the church rejects any discrimination or harassment based on ethnicity language nationality or religion unwavering
- 00:33:30 doesn't it kind of seem like Nostra Aetate itself is the waiver if you've read Edward siden's book the popes and the Jews in the middle ages you'll find out about seekut yudeus naan which is actual church teaching that the the Jews are not to be harmed
- 00:33:45 and that we will protect the Jews so long as they do not undermine our faith or subvert our culture or perpetuate disgusting awful things in the public square pornography licentiousness

(29 JAN 2026) Dave After Dark:
Yet Another Anti-Antisemitism Resolution Passed By Local Zionist Republicans?

- 00:34:00 brothels I remember Saint John Chrisisdom whose day today by the way is his commemoration
- 00:34:15 it's his feast day he once compared synagogues to brothels I didn't say that Saint john Chrisisdom did
- 00:34:30 so here we are this is uh this is what we're doing we're going to condemn
- 00:34:45 antisemitism for the fifth time in three years and we're going to leave all of the things that are pressing and urgent today things that risk destroying this country we're we're going to
- 00:35:00 put that on the back burner we're not going to discuss that we're not going to pass resolutions on that we're going to focus solely on the Jewish people and our support for the state of Israel
- 00:35:15 got it and by the way this Daniel Fry guy take a wild guess which church he goes to if you guessed he went to Candlelight Church the church where the pastor has recently been alleged
- 00:35:30 I mean he said it with his own words on a recording that was made public that he molested his neighbor's daughter that his own daughter was molested and he did nothing to protect her their youth pastor
- 00:35:45 brings felons in with the kids at their youth group meetings and this is the church where dan fry goes to
- 00:36:00 dan hey if you ever want to come on the podcast and uh have a little debate we'd love to set that up or Paul van noi hey if you want to come on anytime let us know when you're free we'd love
- 00:36:15 to host a debate about all of this but it's just it's sickening it's sickening isn't it
- 00:36:30 so I'll have to get the the actual text of the uh the resolution but I wanted to share that with you went there tonight for the first time in a long time and uh you know the resolution it passed 37 to 31
- 00:36:45 pretty even split on that committee if I do say so myself pretty even split and it wasn't just Catholics by the way that voted against it it was all kinds of people that have eyes and ears

(29 JAN 2026) Dave After Dark:
Yet Another Anti-Antisemitism Resolution Passed By Local Zionist Republicans?

- 00:37:00 that have seen what Israel has done in Gaza murdering children and women dancing on their graves and now this board of peace which is going to turn Gaza into a resort on the bones of all of the dead
- 00:37:15 that have been massacred by the Jewish people in the furtherance of greater Israel a doctrine
- 00:37:30 which this church candle like Christian fellowship teaches but no we're the bad guys I'm the bad guy I'm the extremist for believing what the church always believed for believing that I don't know
- 00:37:45 an eye for an eye and a tooth for a tooth leaves the whole world blind that's extremism to these people loving your neighbor is extremism to these people and they get up and they cry and they weep
- 00:38:00 and they gnash their teeth and if you don't pass this resolution you're an antisemite too
- 00:38:15 just like those backlash people that's how this works it's like blackmail and this is what happens when you don't get involved this is what happens when you sit at home and you blackpill and instead of running for precinct committee officer instead of getting
- 00:38:30 involved instead of raising money instead of getting your people into positions of power when you give up and hide and run for the hills
- 00:38:45 guess who's left crazy people crazy people that live in la la land they live in a fantasy world that revolves around Hitler like it's the fucking history channel 24 7 and somehow everything in the
- 00:39:00 world has to do with the holocaust everything in the world has to do with the six million that were killed in gas chambers in Auschwitz bro
- 00:39:15 these people are going to hand our country over to communists
- 00:39:30 because they don't think that they are the issue they think that some guy with a podcast is the biggest most pressing issue of our time they think that free speech is the problem
- 00:39:45 they think that thinking outside the box is a problem they think that believing in Catholicism is a problem ice getting picked off in Minnesota that's not a problem
- 00:40:00 communists infiltrating the government not a problem Somalian daycare fraud not a problem not a problem no the problem is that there's a guy in north Idaho with a podcast

(29 JAN 2026) Dave After Dark:
Yet Another Anti-Antisemitism Resolution Passed By Local Zionist Republicans?

- 00:40:15 who is disparaging of Jews the poor weak voiceless Jews
- 00:40:30 that also happen to run the banks run the media run the music industry run forum policy run Washington dc and have an international network of people that get together to target anyone who puts a foot out of line
- 00:40:45 so those are just some of my thoughts coming back from the local republican party meeting that I figured I would share with you
- 00:41:00 I'm gob smacked but you know really these people know what they're doing none of the arguments or the debates that were held tonight changed anyone's mind
- 00:41:15 they all knew what they were going to do as soon as they got in that room because they were sent there by their pastor Paul van noi they were sent there by Christa hazel the daughter of the FBI agent
- 00:41:30 that was responsible for ruby ridge that's who sent these people in to pass this fifth resolution condemning antisemitism so you get the leaders you deserve you choose not to vote you get people
- 00:41:45 that are religiously fanatic whose whole world revolves around a tiny spit of desert in the middle east
- 00:42:00 and they vote accordingly and they enact policy accordingly you know if you people had half of the conviction that these Christian Zionists had we would not be in this mess
- 00:42:15 politics is an endurance sport and you need to show up and you need to keep showing up and you need to sit through the boring
- 00:42:30 ass fucking budget meetings you need to sit through all of the procedural mumbo jumbo from Robert's rules of order and you need to keep showing up and keep going no matter how boring it gets
- 00:42:45 because the moment that you stop showing up the moment you blackpill the moment that you say it's all out of our hands is the moment that they win and when they win they take a mile they just beat
- 00:43:00 your head in with this shit over and over and over again pardon my French
- 00:43:15 you don't like seeing our government bending over backwards for Israeli interests you're tired of hearing about Israel and Gaza and what's going on in the middle east

(29 JAN 2026) Dave After Dark:
Yet Another Anti-Antisemitism Resolution Passed By Local Zionist Republicans?

- 00:43:30 yeah I am too that's why you have to show up that's why you have to speak up that's why you have to call your representatives and bitch at them and no it's not going to change things overnight
- 00:43:45 you know roam wasn't built in the day but it takes persistence it takes commitment we're not going to get a leader voted in who's going to make everything right overnight like that
- 00:44:00 jeez I can't snap with my left hand we're not going to get a leader that's going to fix everything
- 00:44:15 like that overnight in a day in a year in 10 years in 20 years by the time that my grandchildren are my age we're still going to be fighting there is not some nuclear war that's going to kick off
- 00:44:30 the sun is not going to explode you don't need to hide in a bunker or go off into the hills you need to stand and fight you need to be committed to this cause of putting our country first putting
- 00:44:45 our neighbors first putting Jesus Christ the king first and if we don't do that and if we don't show
- 00:45:00 up and if we don't give it every ounce of our being we don't build parallel institutions build our own institutions parallel economies outside of their control matrix if we're not
- 00:45:15 actively engaged in this then yeah it is all lost but it's your decision you're giving up don't give up
- 00:45:30 it's really that simple I'm gonna go to war on the black pillars so those are some of my thoughts
- 00:45:45 isn't it so tiresome it's also tiresome
- 00:46:00 and there's also an element of this thing that has to do with like heresy and it's not just the heresy of Christian Zionism it's that people like you and me are heretics to the modern world
- 00:46:15 the world the flesh the devil these are your enemies and when you stand up against these things a mechanism is triggered that treats you and
- 00:46:30 I like the heretic and everybody has to come in and self reinforce they have to expel the heretic

(29 JAN 2026) Dave After Dark:

- 00:46:45 so that they can go on running on their hamster wheels and of course all of this is happening at a time when like I don't know the US dollar is breaking have you seen this
- 00:47:00 gold futures are now above five thousand three hundred dollars an ounce and guess what it's not stopping anytime soon the dollar is fucked it's fake it's fugezi
- 00:47:15 it's printed paper out of nothing do you think they can build ai data centers with paper silver with call options
- 00:47:30 they're using silver in the cat five cord that they used to interlink all of these servers they need physical silver to be able to build these things
- 00:47:45 and you think that the top is in you're wrong anyway those are some of my thoughts thank you for sharing this time with me god bless you
- 00:48:00 I don't know if I'm going to post this or not if I do it'll probably be like a uh you know unlisted secret video so there you go have a good night
- 00:48:15 so anyway uh as it turns out uh Rebecca's kid got sick with the crew and uh that is not a secret video anymore that's the show that's like the main part of the show so thank you so
- 00:48:30 much for tuning in we're not done yet we are just getting started here um but first I do want to point out uh just how right I was so I recorded that last night uh at about midnight you know between like midnight one o'clock and uh sure enough gold hit another all-time high today five thousand
- 00:48:45 four hundred dollars silver's backup everybody yesterday was saying that the the run on silver is uh is over it's not uh and so that's why uh I need to give a big shout out to our sponsor
- 00:49:00 atlasbouillon.com slash backlash they've got golden silver platinum palladium all of the precious metals that you need to protect yourself against currency debasement they've got silver
- 00:49:15 subscriptions as low as 55 a month gold subscriptions as low as 200 a month but I mean come on really you can't be buying the bare minimum here uh the dollar is at the lowest level that it's been in like six years and it's it's only it's only got lower to go uh frankly um we're going to get into

(29 JAN 2026) Dave After Dark:
Yet Another Anti-Antisemitism Resolution Passed By Local Zionist Republicans?

- 00:49:30 that a little bit on our show tomorrow which the normal Wednesday show for those of you just joining us the normal Wednesday show uh obviously is not happening so we've rescheduled it to tomorrow
- 00:49:45 one p.m. pacific four p.m. eastern uh and we're going to be getting all into uh all of this stuff that's been going on with the economy from Japan to the bond market Cameron McGregor uh has got a
- 00:50:00 lot of insight to share about all of this uh so please make sure that you tune in uh make a point but also make sure that you visit our friends at atlas bouillon and get yourself prepared now since I've recorded that little uh rant uh you know in the middle of the night uh I actually got
- 00:50:15 my hands on the actual resolution so we'll be able to read this and uh go over this uh a little bit let me I'll pull it up on the screen for you here so this is resolution number 2025 dash 1010
- 00:50:30 title a resolution condemning antisemitic disinformation and defending truth and civic integrity submitted by Daniel Fry precinct committeeman in precinct 509 let's zoom in a little bit
- 00:50:45 make a little bit easier for you to read whereas the Kootenai county republican central committee in resolution 2025 dash 0902 affirmed support for Israel and condemned acts of antisemitic
- 00:51:00 violence and whereas antisemitism endures through violence and disinformation that distort history divide communities and erode civic trust okay can I can I time out right there
- 00:51:15 antisemitism endures through violence or we're leftists now right that you you conservative
- 00:51:30 republicans words are violence because that's what we're talking about here we're talking about words we're talking about people saying things you don't like on the internet
- 00:51:45 violence and disinformation that distort history and divide communities no the people dividing this community are the Christian Zionists that have turned everything into a shit test that have turned everything into a um you know a blackmail situation where if you don't go along with their
- 00:52:00 kooky end times theology they will call you an antisemite and get you fired from your job

(29 JAN 2026) Dave After Dark:
Yet Another Anti-Antisemitism Resolution Passed By Local Zionist Republicans?

- 00:52:15 voted off of whatever committees that you may be on they'll prevent you from finding work which is what happened to me and they're the ones dividing the community
- 00:52:30 so projection much continuing whereas rooted in falsehood and hatred antisemitism denies the truth that all people are created equal made in the image of god and endowed by their creator
- 00:52:45 with inherent worth and unalienable rights last time I checked that's like only true in America where we have this it's novel for you
- 00:53:00 know 1776 years that's not like how the world operated by the way uh equality is a false god and so is all of this nonsense about the constitution and all men are
- 00:53:15 created equal okay okay moving on whereas information warfare undermines truth liberty and the moral
- 00:53:30 foundation of government okay I'm gonna pause again there if you've been watching these day after dark shows we actually talked about it on our show last week this one right here episode 109
- 00:53:45 the hyphenated heresy with JD Hall uh go watch that episode if you haven't already because we talk about a certain gentleman in this community named Matt Blatt who literally worked for the
- 00:54:00 psychological warfare department of the army in Iraq Afghanistan CENTCOM Africa during Benghazi and all of this he literally ran psyops and was in charge of an information warfare division and for the past two years he has been very closely associated with an account on acts called
- 00:54:15 Spokane Zionists that they wake up in the morning and they tweet about me and Rebecca incessantly non-stop quote tweet after quote tweet one post after another doxing our followers
- 00:54:30 harassing people trying to get people fired Reinhardt I see you they were going after you too buddy and uh it's it's unbelievable the the level of projection here whereas information warfare
- 00:54:45 undermines truth liberty and the moral foundation of government so why doesn't matt blatt and all these other people hang it up if your own actions are undermining the moral foundation of our government

(29 JAN 2026) Dave After Dark:
Yet Another Anti-Antisemitism Resolution Passed By Local Zionist Republicans?

- 00:55:00 because that's what you're doing you're hiding behind uh fake names Loki in Idaho uh-huh yeah they've created a whole bot network to stalk and harass me and Rebecca people that go to my church
- 00:55:15 they're not using their real name they're using ai assisted bots they're threatening people they're threatening lawsuits and they're not using their real names so uh how about you stop
- 00:55:30 undermining the moral foundation of our government and then it goes on let's go back whereas north Idaho has faced and rejected extremist movements reaffirming its commitment to
- 00:55:45 truth liberty and mutual respect grounded in civic virtue therefore be it resolved that the Kootenai county republican central committee condemns antisemitism in all of its
- 00:56:00 forms as a rejection of truth liberty and the equal dignity of all people created in the image of god resolved that this committee recognizes antisemitic disinformation as a weapon of information warfare
- 00:56:15 that divides citizens and weaken civic trust resolved that this committee reaffirms north Idaho's commitment to resist extremism defend truth and promote a culture grounded in moral
- 00:56:30 integrity and respect for all people and resolve that this resolution be sent by the KCRCC secretary to the representatives of Idaho legislature districts two through five and relevant civic organizations as a statement of this body's enduring dedication for truth liberty and civic
- 00:56:45 integrity okay uh yeah north Idaho's commitment to resist extremism now this is something that we need to get into it at a certain point uh at a future date here on the backlash uh because there
- 00:57:00 is a history here in north Idaho the Aryan Nations were here the national chronicle headquarter was here but it wasn't about hate at least that's not how it started in 1974 but the
- 00:57:15 foundation of the posse comitatus it was founded because the us had gone off the gold standard and the economy was being tipped upside down and people were freaking out and they thought it was the end of the world furthermore the federal government was stepping in and doing things

(29 JAN 2026) Dave After Dark:
Yet Another Anti-Antisemitism Resolution Passed By Local Zionist Republicans?

- 00:57:30 like what we saw on January 6th happening to citizens that were protesting the government they thought that Richard Nixon and Harry Kissinger uh were screwing the government and
- 00:57:45 handing it on a silver platter to Golda Meir and they had problems with that and the Jewish Defense League a terrorist organization ran by Meir Kahane and Mordechai Levy were out here
- 00:58:00 putting hits out on citizens in Kootenai county saying that they would pay a thousand dollars for every Nazi scalp that's what was going on at that time
- 00:58:15 and the leaders that were rising up against extremism the disgraced Catholic priest Bill
- 00:58:30 Wasmuth who was in bed with the American Jewish Committee the Anti-Defamation League the Southern Poverty Law Center he had a penchant for sleeping with young girls aged 16 and 17 years old when he
- 00:58:45 left the priesthood in 1986 he moved to Seattle with a 17 year old and then ditched her for a 16 year old age of consent in state of Washington is 16 so we'll we'll eventually get into all of this
- 00:59:00 I really need to make a documentary about that whole time period because it wasn't about white racism it wasn't about Nazism versus decent normal human people it was about whether or not North
- 00:59:15 Idaho was going to be a resort town whether we were going to be involved in the tourist industry or whether we would be producing lumber and mining gold and silver it was a war between labor and
- 00:59:30 capital it was a war between the resort people and the blue collar working class that felt as though they were under attack and Richard Butler was the battering ram he was the one with the balls to
- 00:59:45 stand up and try to fight for the working class person granted that whole thing went down a very
- 01:00:00 goofy dark path in the 1990s and furthermore Richard Butler himself was a heretic he believed some really fucked up goofy stuff he was not a Catholic he was not an orthodox Christian by any stretch but let's deal with the truth here right you say that you want to talk about the truth

(29 JAN 2026) Dave After Dark:
Yet Another Anti-Antisemitism Resolution Passed By Local Zionist Republicans?

- 01:00:15 and how information warfare divides citizens in weakened civic trust what do you think the entire narrative is out there about the Aryan Nations and extremism in north I'd hope that whole thing
- 01:00:30 is information warfare and no matter how much evidence we bring on what happened in world war two on what happened up
- 01:00:45 here in the 1890s or the 1990s no matter how much information that we bring these people aren't going to change their minds because they've been demoralized and I've got a little clip about that
- 01:01:00 uh in case you haven't seen it in case you've been I don't know living under a rock you've got to make sure that you watch this video it was produced by all people the john birch society
- 01:01:15 in the 1980s I believe this guy named Uri Bezmanov has something to say about psychological warfare information warfare let's take a quick listen to what he has to say ideological subversion is
- 01:01:30 is the slow process which we call either ideological subversion or active measures activity in the language of the KGB or psychological warfare what it basically means is to change the
- 01:01:45 perception of reality of every American to such an extent that despite of the abundance of information no one is able to come to sensible conclusions in the interests of defending themselves their
- 01:02:00 families their community and their country it's a great brainwashing process which goes very slow and it's divided in four basic stages the first one being demoralization it takes from 15 to 20
- 01:02:15 years to demoralize a nation why that many years because this is the minimum number of years which requires to educate one generation of students in the country of your enemy exposed to the ideology
- 01:02:30 of the enemy in other words Marxism-Leninism ideology is being pumped into the soft heads of at least three generations of American students without being challenged or counterbalanced by the basic values of Americanism American patriotism the demoralization process in united states is

(29 JAN 2026) Dave After Dark:
Yet Another Anti-Antisemitism Resolution Passed By Local Zionist Republicans?

- 01:02:45 basically completed already for the last 25 years actually it's over fulfilled because demoralization now reaches such areas where previously not even comrade and dropoff and on all his experts would
- 01:03:00 would even dream of such a tremendous success most of it is done by Americans to Americans thanks to lack of moral standards as I mentioned before exposure to true information does not
- 01:03:15 matter anymore a person who was demoralized is unable to assess true information the facts tell nothing to him even if I shower him with information with authentic proof with documents with pictures even if I take him by force to the soviet union and show him concentration camp
- 01:03:30 he will refuse to believe it until he he's going to receive a kick in the in his fat bottom when the military boot crashes his balls then he will understand but not before that great great
- 01:03:45 speech by the way it's historic it's required viewing if you watch this program and that's what we do here we're not engaging in information war we're trying to bring out truths that have been suppressed and hidden for a long time it's a part of this subversion in psychological warfare
- 01:04:00 which by the way I I put up a tweet about this yesterday maybe let's see uh and the tweet is
- 01:04:15 this yeah here it is this was in response to a tweet from disclose tv tick tock is now exploring why many users have been unable to send the word Epstein in direct messages just day at days after
- 01:04:30 the tick tock sale finalized according to NPR and of course tick tock was purchased by Zionists there is clip after clip after clip online of the new owners of tick tock talking about how
- 01:04:45 they will not permit people to discuss Zionism on their platform and they banned users from sending text messages to one another containing the word Epstein well for those of you with a
- 01:05:00 brain uh there's a book that was written about psychological warfare by a guy by the name of Christopher Simpson his book is called the science of coercion communication and research

(29 JAN 2026) Dave After Dark:
Yet Another Anti-Antisemitism Resolution Passed By Local Zionist Republicans?

- 01:05:15 and psychological warfare from 1945 to 1960 and the relevant quote here is that psychological warfare is the prohibition of unauthorized speech among subject peoples and that's precisely what
- 01:05:30 this resolution is about it's about prohibiting speech among all of us tax cattle among all of
- 01:05:45 us goyim who exist solely to fund the creation and sustaining the state of Israel we're not allowed to talk about how our tax dollars are being used to murder children in Gaza we're not allowed to
- 01:06:00 talk about how the Israelis have a wall and a immigration policy that excludes people from their country and we're not allowed to have that here we're not allowed to talk about that because we are subject peoples and we are on the receiving end of psychological warfare and that's why they
- 01:06:15 want to criminalize speech that's why they want to adopt the IHRA definition of antisemitism because they want to make it a criminal offense in this country to say things that the Saints of
- 01:06:30 the church have said to read aloud the fourth ladder and counsel on what it says about the relationship between Christians and Jews so here's the real kicker with this resolution and it's
- 01:06:45 something I've never really seen before I have seen res I've written resolutions my resolution calling for the abolition of the FBI that was passed unanimously by the way a couple of years ago
- 01:07:00 by the Idaho GOP that resolution I used footnotes in the resolution itself to prove all of my statements to prove all of the uh claims that I was making about how the FBI has abused its power
- 01:07:15 against American citizens burning people alive illegally investigating people right I used footnotes to prove what I was saying now what this guy this clown Daniel fry what he did did is here at the very end of uh the piece he puts author's note the attached white paper
- 01:07:30 the people of Israel a comprehensive rebuttal to antisemitic narratives provides supporting
- 01:07:45 historical and evidentiary context so that's what this 33 pages of nonsense is and not only that I've got a copy I was uh very pleased to be able to get a uh an actual copy of this thing so that

(29 JAN 2026) Dave After Dark:
Yet Another Anti-Antisemitism Resolution Passed By Local Zionist Republicans?

- 01:08:00 I could share it with you you're gonna see it instantly instantly when I put this on the screen so here's here's the white paper here's the front the front page okay
- 01:08:15 just off hand what does that look like what does that look like to you does it look like ChatGPT because that's what it is
- 01:08:30 this is ChatGPT this big brain fucking guy Dan Fry goes up on his computer and cracks open ChatGPT which is run by Sam Altman who's Jewish and says provide me with a thesis paper proving that
- 01:08:45 Jews are you know persecuted and why antisemitism is wrong click and essentially then by voting on this resolution this one page little resolution with all the
- 01:09:00 buzzwords in it you're getting these people to ratify 33 pages of ai slop that is poorly sourced
- 01:09:15 first wrong history so we're going to go through a little bit of this first of all one of the first things on in this paper he brings up genetic continuity modern population genetics provides conclusive evidence
- 01:09:30 that contemporary Jewish communities share significant ancestral ties with ancient Israelites and Levitin populations uh actually actually if you go back to Dave after dark it's my second
- 01:09:45 episode I interviewed JD Hall who is an expert on this he's a pastor he has been studying this for 20 years and we actually pulled the studies up the actual genetic studies on the screen
- 01:10:00 and the one study that I pulled up said it was 20 percent 20 percent of their DNA matches
- 01:10:15 the ancient Levantine populations but that's not even true it's like less than one percent they are not genetically related to the ancient Hebrews as a matter of fact it's the Palestinians
- 01:10:30 that share DNA but once again it's not about your DNA it's not about who your father was how many times did Jesus have to say it in the bible that god is not
- 01:10:45 a respecter of persons that it doesn't matter if you're the son of Abraham I could make the rocks into sons of Abraham and I could make the rocks cry out so you know the whole paper is just more

(29 JAN 2026) Dave After Dark:
Yet Another Anti-Antisemitism Resolution Passed By Local Zionist Republicans?

- 01:11:00 of the same I actually took the pdf of this thing and I ran it through my own ai ah it's not working hold on where is my laptop screen this you know this happened because I um recently updated my
- 01:11:15 computer to whatever this new hellish version of was it Tahoe OS Tahoe sorry about that so
- 01:11:30 was this paper written with the assistance of ai yes the paper explicitly states that it was written with ai so like you know now debunk it and here it is and it just goes through debunking things that
- 01:11:45 are not true when it comes to the UN the league of nations it overstates antisemitism
- 01:12:00 statistics and muddles them it treats population genetics as conclusive for political legitimacy which of course it isn't Palestinian identity is modern is a classic rhetorical bait and switch
- 01:12:15 it smuggles theology into sovereignty and then says everyone does it okay the section about the protocols of the elders of Zion is mostly right but you know hey and on and on it goes
- 01:12:30 it misquotes major legal authorities it inflates or miscites key statistics from the ADL it commits category errors by treating genetics as dispositive for sovereignty it uses identity timeline rhetoric
- 01:12:45 it relies on philosophical sleight of hand and it uses a little bit of stuff that's mostly true about the what the protocols of the elders of Zion which like nobody actually talks about but it's it's worth reading by the way go read that book and then look around the world that you live in
- 01:13:00 and compare doesn't matter if it's a forgery or not it was written in like 1910 does it describe the world around you well that's that's some foresight clearly so anyway just ridiculous this
- 01:13:15 like I'm gonna I'm gonna use ChatGPT to come up with with this bogus paper to prove my niche
- 01:13:30 bizarre heresy of Christian Zionism and then I'm gonna you know pretend like an expert on the subject and uh then if anybody votes against it I'm gonna call them an antisemite and then we're gonna take pictures of all the people that voted against it and vote them out that's what was going on this is

(29 JAN 2026) Dave After Dark:
Yet Another Anti-Antisemitism Resolution Passed By Local Zionist Republicans?

- 01:13:45 all being spearheaded by people with deep ties to the military industrial complex in Israel people with ties to the IDF and the Mossad and they're here at the county level doing what they can to
- 01:14:00 manipulate people into voting for genocide and so that's what happened at the KCRCC meeting last night on Holocaust Remembrance Day now some other stuff that I wanted to get in with you on is nostra
- 01:14:15 state uh this this tweet that I mentioned in my little pre-recorded video uh from the pope pope Leo the 16th came out with a tweet and uh we're gonna get into it but before we get into
- 01:14:30 it I'm going to shamelessly plug our sponsor North Idaho Tallow company uh they've got amazing stuff soap no lampshades guys they don't make lampshades but they do have soap made out of cow fat and
- 01:14:45 some pig fat it's not kosher it's not Hallal only white Christians can use this stuff so be prepared but they've got soaps skin balms lip balm candles that are all made without soy without endocrine
- 01:15:00 disruptors it's all healthy if you're trying to get your testosterone up throw away the dove soap that stuff is made out of petroleum byproduct it will totally mess up your inner uh workings
- 01:15:15 when it comes to your endocrine system so visit Idaho Tallow dot com and by the way you can you can build that parallel economy by paying in bitcoin but I digress they've also got this amazing
- 01:15:30 signature gift box ready to gift for valentine's day and but your your time is running out you're gonna need to get orders in by the 31st of this month if you want to buy your loved one a nice soap and skin balm package from Idaho Tallow dot com oh yeah I was born to shill okay so I wanted to get
- 01:15:45 into this tweet with pope Leo and you know there's a lot of people that watch the show that aren't
- 01:16:00 Catholic I get it I'm not trying to make you Catholic I am I totally am but listen it's important because Catholic charities the Catholic church is deeply involved with all of this third world migration it's deeply involved with furthering liberalism in our society this guy uh Andrew pretty

(29 JAN 2026) Dave After Dark:
Yet Another Anti-Antisemitism Resolution Passed By Local Zionist Republicans?

- 01:16:15 or whatever his name was this this guy that was uh shot recently right let me pull up the uh the
- 01:16:30 video because we we've got some some more on this stuff it was Alex pretty Alex pretty I'm sorry um he was found they've got this video of him spitting on ice agents and then kicking them
- 01:16:45 destruction of property impeding their investigations into all of this Somali and fraud all of the uh money laundering that's been going on in Minnesota and Alex pretty is he's a Catholic
- 01:17:00 he is a what I would call a novus ordo Catholic he is a modern Catholic he is a Catholic that believes in Vatican II and this tweet from pope Leo yesterday cites one of the key documents
- 01:17:15 here of Vatican II and that document is called nostra atate the tweet says on holocaust remembrance
- 01:17:30 day I would like to recall that the church remains faithful to the unwavering position of the declaration of nostra atate against every form of antisemitism the church rejects any discrimination or harassment based on ethnicity language nationality or religion
- 01:17:45 and it says that it's unwavering but here's the problem in 1965 this book came out the popes and the Jews in the middle ages which discusses all of the theology and all of the
- 01:18:00 statements and the papal bulls and everything written about how Catholics and Jews interact with one another and it is diametrically opposed to what it states in Vatican II complete 180
- 01:18:15 change in attitude in praxis and anybody telling you otherwise is lying I know you Michael jones likes to talk about how you know well the holy spirit prevented Vatican II from being heretical
- 01:18:30 they wanted to say that the Jews had nothing to do with the death of Christ and well that's not what it says I'll read you a little bit of what it says it says true the Jewish authorities and those
- 01:18:45 who followed their lead pressed for the death of Christ still what happened in his passion cannot be charged against all the Jews without distinction then alive nor against the Jews of

(29 JAN 2026) Dave After Dark:
Yet Another Anti-Antisemitism Resolution Passed By Local Zionist Republicans?

- 01:19:00 today although the church is the new people of god the Jews should not be presented as rejected or accursed by god as if this followed from holy scripture now you'll remember those quotes that
- 01:19:15 I just read to you a little bit ago in the stream where pope Gregory the eighth said that the bible says that the Jews are cursed and it does by the way one Thessalonians 2 14 through 16 very clearly and explicitly states the Jews killed Christ that's what the bible says it's all over it
- 01:19:30 and so Vatican II changed Catholic thinking and we've got here an article from look magazine
- 01:19:45 that came out in 19 what year was this 1966 called how the Jews changed Catholic thinking and in it they talk a lot about cardinal Beyer cardinal Beyer's office that's where this document
- 01:20:00 nostra atatay originated from but something that I think is relevant to share with you and to maybe challenge some of these other Catholic commentators that they they don't want to admit
- 01:20:15 that there has been a crisis in the Catholic church they want to pretend like there is some sort of continuity with what the church used to teach versus what it teaches today
- 01:20:30 condemning antisemitism we've never even defined what antisemitism is the only definition of antisemitism that we have is this nonsense from the I h r a which basically would criminalize the
- 01:20:45 bible so you know we've got a problem here we've got a significant problem here that nobody seems willing to address and then when you dig a little bit deeper when you dig a little deeper into this
- 01:21:00 Vatican II stuff and nostra atatay we find who wrote the document does anyone know who wrote
- 01:21:15 nostra atatay the document that e Michael jones defends to the hilt and all of these other Catholic commentators are we aware of who wrote it well I am his name is Gregory Bowne and he was a
- 01:21:30 sodomite jew that allegedly converted to the Catholic faith drafted nostra atatay specifically to absolve Jews from the guilt of Christ's death declare that the old covenant was still valid

(29 JAN 2026) Dave After Dark:
Yet Another Anti-Antisemitism Resolution Passed By Local Zionist Republicans?

- 01:21:45 and end the church's mission to convert the Jews while serving at Vatican II he engaged in secret homosexual acts he hid his sodomy to keep influence and then he quit the priesthood in 1974
- 01:22:00 married an ex-none and then lived in an openly bisexual relationship with his male lover and in his memoir he bragged quote if I had known or if they had known I would have lost credibility
- 01:22:15 this is the guy who rewrote Catholic doctrine regarding the church's relationship with Jews
- 01:22:30 and everyone else heretics schismatics orthodox I love you guys I do love you guys protestants let's take a quick look at what the church actually teaches solemnly dogmatically
- 01:22:45 this is from which council is it let me see here this is from the council of Florence in 1438
- 01:23:00 it was a papal bull called kentate domino this is what the Catholic church teaches this is the pope the church firmly believes professors and proclaims that those not living
- 01:23:15 within the Catholic church not only pagans but also Jews and heretics and schismatics cannot become participants in eternal life but will depart into everlasting fire which was prepared
- 01:23:30 for the devil and his angels unless before the end of their life the same had been added to the flock and that the unity of the ecclesiastical body is so strong that only those remaining in it
- 01:23:45 are the sacraments of the church of benefit for salvation and do fastings and almsgiving and other functions of piety and exercises of Christian service to produce eternal reward and that no one
- 01:24:00 whatever almsgiving he has practiced even if he has shed blood for the name of Christ can be saved unless he has remained in the bosom and the unity of the Catholic church that's what the church says
- 01:24:15 and in this book the popes and the Jews in the middle ages on page 230 it lays out the constitution for the Jews between Catholics and Jews I'm not going to read this whole thing but you should

Yet Another Anti-Antisemitism Resolution Passed By Local Zionist Republicans?

- 01:24:30 definitely try to get a copy they're pretty cheap on eBay because people don't care anymore they're living in this new world this novus ordo world this new world order where everything that the church taught in the past has been discarded and thrown into the gutter
- 01:24:45 but it says that it says that Catholics Christians should not like hurt Jews like that okay yeah I agree like you
- 01:25:00 shouldn't go go and like you know hurt synagogues don't hurt Jews leave them alone
- 01:25:15 and it says that they're to be protected and if anyone shall attempt uh the tenor of its decree once known to go against it may this be far from happening let him be punished punished with the vengeance of excommunication
- 01:25:30 right that's that's what it says but it also says
- 01:25:45 that blocking the wickedness and avarice of evil men no one dared a mutilator to minister Jewish cemetery but it also says in here that they are not permitted to undermine your faith
- 01:26:00 they're not permitted to undermine your culture or be subversive and that these protections are dependent on that that there's like a tit for tat here
- 01:26:15 so anyway go go read this book then compare it to Vatican II and then go and take a look at who was responsible for changing the church's teaching Gregory Bowe it's on Wikipedia
- 01:26:30 he's noted for his work on ecumenism and interfaith dialogue between the Catholic church and the Jews he was a critical theorist he worked to connect the Frankfurt schools concept
- 01:26:45 of the end of innocent critique with liberation theology's preferential option for the poor he was born to a Jewish mother
- 01:27:00 and people say that I'm the schismatic for pointing this stuff out that I'm I'm the one that's not really Catholic because I believe what the church has always taught and you'll get these people like
- 01:27:15 e Michael jones or other commentators that will just poo poo this they'll pretend like it doesn't exist they will ignore things like the look magazine article and uh they'll pretend like

(29 JAN 2026) Dave After Dark:
Yet Another Anti-Antisemitism Resolution Passed By Local Zionist Republicans?

- 01:27:30 everything's okay in the church and it's not and it's very clearly not because we've got people rioting with communists in the street of Minneapolis getting shot protecting a group of people that has been defrauding our government and stealing your tax dollars
- 01:27:45 that's not Catholic that's not just in any sense of the word so anyway another good resource
- 01:28:00 that is not AI-slop by the way that uh was written by someone far smarter than me and far smarter than someone like Daniel Fry uh get a copy of this book the kingship of Christ and the
- 01:28:15 conversion of the Jewish nation by father Denis fehe he actually goes in at the end of this book and um I forget which page it is maybe like 150 the 150 area he starts talking about the
- 01:28:30 anti defamation league and the southern poverty law center in in this book which was written by the way in 1953 it was given its imprimatur by uh the bishop of Dublin Ireland i believe
- 01:28:45 1953 and he talks about
- 01:29:00 how these Zionists have targeted white people how they've targeted Europeans because they haven't forgiven us for the destruction of the temple in 70 ad
- 01:29:15 and that there is in fact a plan a global organized world Jewish plan to attack the west to attack white people and to destroy our nations to ensure the existence of the Jewish nation
- 01:29:30 check this book out the kingship of Christ and the conversion of the Jewish nation all right is there anything else have I missed anything I wanted to talk about Gregory bomb
- 01:29:45 Vatican II you can find out more about this church that's uh engaging in all of this subversive activity at candlelightrevealed.org you can get into all of their theology their doomsday beliefs
- 01:30:00 you can see videos of them talking about greater Israel about how they want the Jews to expand the state of Israel so uh you know if you live in north Idaho figure this stuff out man

- 01:33:15 online comments or possibly live chat when you never would have endorsed yeah yeah no these people they have a whole website dedicated to this podcast and like doxing my friends doxing people I go to church with I'm not even gonna put it on the screen but yeah these are the worst people
- 01:33:30 they engage in psychological warfare information warfare and uh they are you know trying to put it off as though uh niggas thinking freely over here um that we're the ones with the problem when
- 01:33:45 they're the ones dividing our community they're the ones that are spewing all of this just garbage and extremely dark ugly stuff uh to get their resolutions passed and by the way you know
- 01:34:00 resolutions only really work when they're in conjunction with legislation otherwise it's it's toilet paper and considering this is the fifth resolution in three years they're just printing toilet paper and a lot of it so anyway yeah they're they're disingenuous people and
- 01:34:15 they're just uh you know they are of their father the devil uh they lie so Vlad sent 10 dollars hey nerd you should harass Vince to get on an after dark episode for funsies keep up the good work here's some money just saw that you were streaming and so now I'm catching up them an hour behind salute

Yet Another Anti-Antisemitism Resolution Passed By Local Zionist Republicans?

- 01:35:00 over there on x uh please follow him and I spoke with him last night uh actually I didn't just speak with him last night maybe the reason why I bullied him uh you know I think I might have bullied him back on this app uh we were hanging out uh just a couple days ago where's the picture
- 01:35:15 come on you where is it here it is uh we were hanging out just a couple days ago I gave him his first pipe by the way he'd never smoked a pipe before so anyway he came out to celebrate my birthday
- 01:35:30 now he's reactivated his twitter we're gonna do some twitter spaces with him okay so make sure you're following him make sure you're following the backlash and um yeah what do you guys think about the pipe is it is it dumb is it stupid should I like just go back to using the the knickknacks
- 01:35:45 or or does this help me channel my inner George Lincoln Rockwell um I don't know uh but smoking
- 01:36:00 tobacco is good for you uh although it is addictive gorilla hands sent ten dollars on entropy people need to realize that they are going to be fighting this battle for the rest of their lives
- 01:36:15 there's no quick fix or easy solution it might take generations or even centuries yeah man we talked about this a little bit with um Pete Quinones on our Monday show you know look at what happened in Spain right the Jews came into Spain they opened the gates of toledo and the country was
- 01:36:30 flooded with Muslims that slaughtered the Spanish people that took over the government there and essentially occupied the Iberian peninsula for over 700 years and it took the Spanish people
- 01:36:45 to wake up to dig deep into their religious roots to reconnect with the Catholic faith
- 01:37:00 with their Christian faith and come to a point where they realized that they were willing to die for Christ for their people for their children for their country and they fought a long war the
- 01:37:15 crusade maybe you've maybe you've heard of the crusade uh they fought a 700 year long crusade to take their country back and that's basically what we're gonna need to do it's gonna take

(29 JAN 2026) Dave After Dark:
Yet Another Anti-Antisemitism Resolution Passed By Local Zionist Republicans?

- 01:37:30 a long time we can't be in this quick fix you know it's gonna happen overnight it's not it's gonna take every fiber of your being and every fiber of your children's beings and your grandchildren and your
- 01:37:45 great grandchildren and building a system building institutions building a religious fervor to put god first to put our country first to put our actual neighbor first and our neighbor is of
- 01:38:00 course the people that are like us the people that look like us the people that worship like us the people in your church that's your neighbor it's not these Somalians it's not the sub-Saharan
- 01:38:15 Africans it's not the Indians it's not the Jews okay your neighbor is your neighbor and that should be very obvious I think to everybody how these people like Gregory Bowne one of the authors of
- 01:38:30 you know liberation theology how they have twisted and warped Christianity to fit Marxism you can see this even in the French revolution I'm going on too long anyway I see I don't have blonde here to
- 01:38:45 like tell me to shut up at least I'm not talking about bitcoin okay gorilla hand sent 25 dollars shalom David my sincere condolences for the tragic loss of your twin brother in Minneapolis last week unfortunately it looks like he got all the looks in your family on a lighter note I appreciate you
- 01:39:00 guys introducing me to atlas bullion and also the beef tallow soap I have a monthly subscription to both now that's amazing dude god bless you yeah man um you know we've got a lot that we're going to
- 01:39:15 be talking about on the show tomorrow when it comes to the currency when it comes to the money situation in this country we are we are in the middle of the great monetary reset okay this happens every couple of hundred years and I don't think people understand the gravity of what's going
- 01:39:30 on uh and not to talk too much about you know crypto or bitcoin or whatever but it is worth noting that tether has so tether is one of these uh companies that does stablecoins they just launched
- 01:39:45 a US dollar stablecoins the first one regulated under the genius act and tether now holds 140

(29 JAN 2026) Dave After Dark:
Yet Another Anti-Antisemitism Resolution Passed By Local Zionist Republicans?

- 01:40:00 tons of gold worth over 23 billion dollars they are now the largest known non-sovereign gold holder in the world and it's stored in a nuclear bunker in Switzerland okay they have created
- 01:40:15 a crypto stablecoin that is equivalent to an ounce of gold so you get all of the benefits of a real asset
- 01:40:30 combined with the ease of being able to send it on crypto by the way you can send us tether gold on our rumble channel now we have a tip jar you can send us a tip and we accept bitcoin tether
- 01:40:45 and tether gold so be aware of that but we are undergoing a transformation back to a gold standard that's what's going on and so the gold is for the money gold is going to be for capital but on the
- 01:41:00 other hand you know why is silver going through the roof well it's because of these ai data centers they're using silver in their cat five cable they need to physically buy the silver so all of the
- 01:41:15 paper promises on the stock markets none of that means anything to these people because they need the physical stuff so it is worthwhile it is worth checking out and budgeting to get some golden
- 01:41:30 silver because this is not going away anytime soon this is the great reset this is the great financial reordering of the world and you can either listen to listen to us or you can get wrecked
- 01:41:45 because the dollar is going down it's failing it's based on nothing so not to be too apocalyptic here
- 01:42:00 but if you don't have gold and silver your savings is going to be eaten up by inflation over the next couple of years they are going to turn on the money printer
- 01:42:15 which is essentially default anyway we're going to talk about this a lot more tomorrow with Cameron let me see here I saw we got a couple of super chats on blonde's channel one from um pettel jka how do I say this name how do I say this pettel jka who sent 20 euros
- 01:42:30 bishops Williamson was a great man and he was unjustly smeared thank you Dave for being locally active keep on keeping on 10 4 will do let me see if there was other

- 01:44:00 they're getting their money taken from them their scam is ending and this could erupt into something crazy in this country you do not want to be unprepared you know the old boy scout motto be
- 01:44:15 prepared well you need a bug out bag and if you don't have a ruck to pack if you don't have a plate carrier if you don't have all the things that you need to be prepared in a in a catastrophic situation let's say you live in Philadelphia Chicago LA Portland you need to be ready for anything
