

# SolarAll New Energy Corporation

Innovating Sustainable Energy Solutions for a  
Greener Future

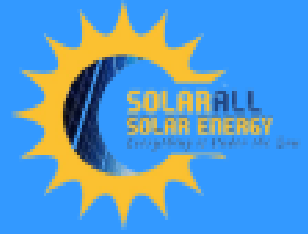

# Introduction

## About Us

**Solarall Engineering & Construction Services is a leading provider of comprehensive solutions in the renewable energy, engineering, and infrastructure sectors. Our mission is to drive sustainable development through cutting-edge technology, innovative design, and seamless project execution.**

**With expertise in solar energy systems, engineering, construction services, SCADA integration, and project management systems, we empower businesses and communities to embrace a greener, more efficient future.**

# Company Overview

# Mission and Vision

SolarAll aims to deliver innovative engineering, energy, and construction solutions that promote sustainability, drive progress, and create value for clients and stakeholders. We are committed to providing affordable, reliable solar energy that empowers communities and businesses to reduce their carbon footprint and embrace clean energy for a greener future.

Our Vision is to be a global leader in renewable energy and engineering solutions, driving the transition to a sustainable future through cutting-edge technology and exceptional service.

We envision a future where renewable energy is accessible to all, reducing our carbon footprint and contributing to a greener planet.

# Core Values

- We operate under these core values that include:
  - Integrity – Upholding transparency and ethical practices in all our endeavors
  - Innovation – Continuous improvement through cutting-edge technology and design
  - Sustainability – Commitment to environmentally friendly solutions
  - Excellence – Delivering superior quality in every project we undertake
  - Collaboration – Fostering teamwork, open communication, and cooperation among employees, customers, and stakeholders to create a supportive environment for shared success."
  - Respect – Valuing diversity, fairness, and equality while fostering mutual respect among employees, customers, and the community
  - Accountability – Taking responsibility for actions and outcomes while holding oneself and others accountable for achieving results and upholding ethical standard

*These values guide our decisions and actions, fostering trust with our customers and stakeholders as we strive to lead the solar energy industry.*

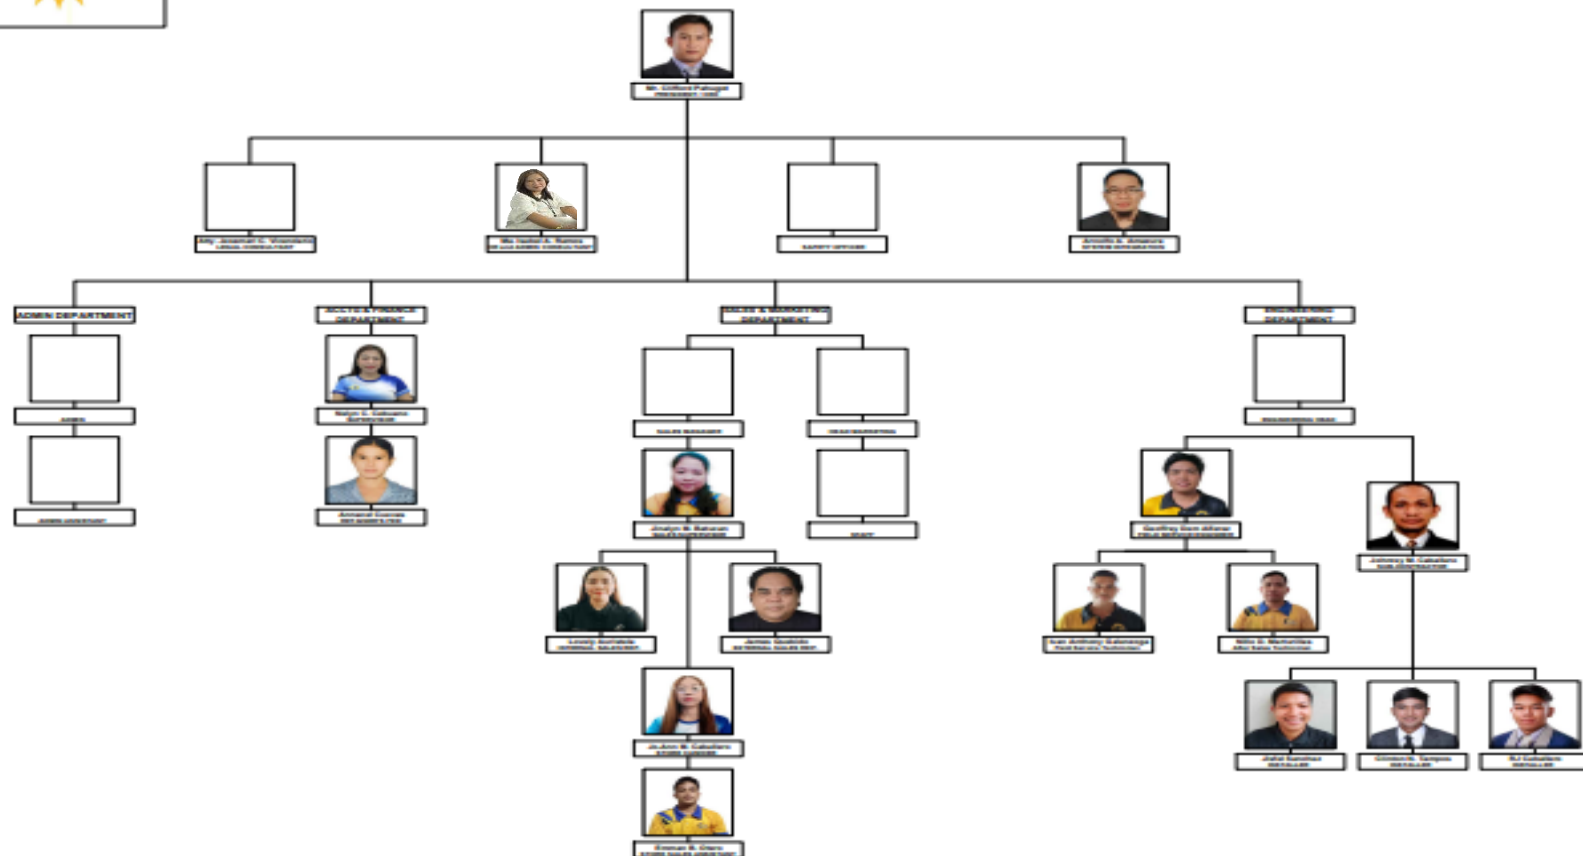

# History and Background

- SolarAll New Energy Corporation was founded in 2018 and originally operated as Direct Power Energy Solutions in Aroroy, Masbate, Philippines. Our initial focus was on providing solar streetlights to meet the community's basic lighting needs during blackouts, reflecting our commitment to transforming the solar energy market..
- As a sustainable energy provider, we now serve the residential, commercial, and industrial sectors with greener alternatives. Over the years, we have pioneered advanced technologies and built a reputation for reliability and quality..
- What began as a small, passionate team dedicated to renewable energy has grown into a global leader in the industry, serving customers around the world.

# CORPORATE DATA AND RECORDS

**REPUBLIC OF THE PHILIPPINES  
SECURITIES AND EXCHANGE COMMISSION**  
SEC Bldg. V. Rama Avenue Guadalupe, Cebu City

**COMPANY REG. NO. 202303088769-11**

## CERTIFICATE OF INCORPORATION

KNOW ALL PERSONS BY THESE PRESENTS:  
This is to certify that the Articles of Incorporation and By Laws of

**SolarAll New Energy Corporation**

were duly approved by the Commission on this date upon the issuance of this Certificate of Incorporation in accordance with the Revised Corporation Code of the Philippines (Republic Act No. 11232), which took effect on February 23, 2019 and copies of said Articles of Incorporation and By Laws are hereto attached.

This Certificate grants juridical personality to the corporation but does not authorize it to issue, sell or offer for sale to the public, securities such as but not limited to, shares of stock, investment contracts, debt instruments and virtual currencies without prior Registration Statement approved by the Securities and Exchange Commission, nor to undertake business activities requiring a Secondary License from this Commission such as, but not limited to acting as broker or dealer in securities, government securities eligible dealer (GSED), investment adviser of an investment company, close-end or open-end investment company, investment house, transfer agent, commodity/financial futures exchange/trader/investor, financing/trading company, and time share/vacation share/membership certificate issuers or selling agents thereof; nor to operate a fiat money to virtual currency exchange. Neither does this Certificate constitute a permit to undertake activities for which other government agencies require a license or permit.

This Certificate **DOES NOT AUTHORIZE INVESTMENT SOLICITATION AND INVESTMENT-TAKING WITHOUT A SECONDARY LICENSE FROM THIS COMMISSION.**

As a registered corporation, it shall submit annually to this Commission the reports indicated at the back of this certificate.

IN WITNESS WHEREOF, I have hereto set my hand and caused the seal of this Commission to be affixed to this Certificate at SEC Bldg. V. Rama Avenue Guadalupe, Cebu City, Philippines, this day of 09 March Two Thousand Twenty Three.

**REMINERS:**

- An annual registration fee shall be paid upon registration and every year thereafter on or before the last day of January, using BIR Form No. 0805.
- Filing of required tax returns to conform with the above tax types, whether with or without business operation, to avoid penalties.
- For new business registrants, application for registration of manual Books of Accounts (B/A's) shall be before the deadline for filing of the initial quarterly income tax return or annual income tax return whichever comes earlier, from the date of registration. Registration of new set of manual B/A's shall be before its use.
- Immediately inform the district office in case of transference/cessation of business and other changes in registration information by filing BIR Form No. 1905.
- For Self-Employed Individuals (SEI) whose gross sales and/or receipts and other non-operating income does not exceed P3,000,000 and who opted to avail of the 8% income tax rate, the tax type Percentage Tax (PT) shall not be reflected in the Certificate of Registration (COR). However, at the start of each taxable year, such SEI shall be automatically subjected to graduated income tax rates and required to file the quarterly percentage tax return (BIR Form No. 2551Q) and option to replace the COR to reflect "PT", unless qualified and opted to avail of the 8% income tax rate annually.

I hereby certify that the above named person is registered as indicated above, under the provision of the National Internal Revenue Code, as amended.

PROCUREMENT SERVICE

**CERTIFICATE OF PHILGEPS REGISTRATION**  
(Platinum Membership)

THIS IS TO CERTIFY THAT

**SOLARALL NEW ENERGY CORPORATION**

M.C. Briones St., Brgy. Subangdaku, Mandaue City, Cebu,  
Mandaue City, Cebu, Region VII, Philippines

is registered in the **Philippine Government Electronic Procurement System (PhilGEPS)** on **12-Oct-2023** pursuant to Section 8.5.2 of the Revised Implementing Rules and Regulations of Republic Act No. 9184, otherwise known as the Government Procurement Reform Act.

This further certifies that **SOLARALL NEW ENERGY CORPORATION** has submitted the required eligibility documents in the PhilGEPS Supplier Registry as listed in Annex A, which document is attached hereto and made an integral part hereof.

For the purpose of updating this Certificate, all Class "A" eligibility documents covered by Section 8.5.2 of the Revised Implementing Rules and Regulations of Republic Act No. 9184 supporting the veracity, authenticity and validity of this Certificate shall remain current and updated. The failure by the prospective Bidder to update this Certificate with the current and updated Class "A" eligibility documents shall result in the automatic suspension of its validity until such time that all of the expired Class "A" eligibility documents has been updated.

By submitting this Certificate, the Bidder certifies:

1. the authenticity, genuineness, validity, and completeness of the copy of the original eligibility documents submitted;
2. the veracity of the statements and information contained therein;
3. that the Certificate is not a guaranty that the named registrant will be declared eligible without first being determined to be such for that particular bidding, nor is it an evidence that the Bidder has passed the post-qualification stage; and
4. that any finding of concealment, falsification, or misrepresentation of any of the eligibility documents submitted, or the contents thereof shall be a ground for disqualification from further participation in the bidding process, without prejudice to the imposition of appropriate administrative, civil and criminal penalty in accordance with the laws.

This Certificate is valid until **19-Aug-2026**

Issued this 10th day of August 2025.  
This is a system generated certificate. No signature is required.

**REMINDERS <sup>1</sup>**

- The PhilGEPS office shall not determine the eligibility of merchants. The PhilGEPS office's evaluation of the eligibility requirements shall be for the sole purpose of determining the approval or disapproval of the merchant's application for registration.
- A merchant's registration and membership in the GOP-OMR is neither contract-specific nor understood to be tantamount to a finding of eligibility. Neither shall the merchant's successful registration in the GOP-OMR be relied upon to claim eligibility for the purpose of participation in any public bidding.
- The determination of the eligibility of merchants, whether registered with the GOP-OMR or not, shall remain with the Bids and Awards Committee (BAC). The BAC's determination of validity of the eligibility requirements shall be conclusive to enable the merchant to participate in the public bidding process.

6kW Solis Hybrid Inverter w/ 5.5kWp Solar Panel & 20.48kWh BESS  
Eastland Estate, Yalk-Lilean, Cebu

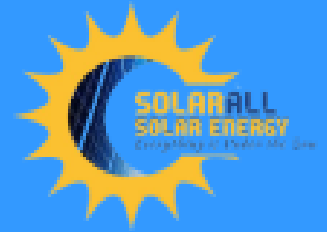

6kW Solis Hybrid Inverter w/ 5.5kWp Solar Panel & 10.24kWh BESS  
Talaman, Cebu

8kW Hybrid Inverter with 11.5kWp Solar PV System  
Greenhills Subdivision, Cubancalan, Marikina City, Cebu

# LIST OF ACCOMPLISHED PRODUCTS - HOUSING

# LIST OF ACCOMPLISHED PRODUCTS - COMMERCIAL

10kW On-Grid solar power system  
C. Pacilla, Cebu

16kW Hybrid/Off-grid Power generation system  
Humay-Humay Road, Lapu-Lapu City, Cebu

20kW 3-Phase Inverter w/ 30kWp Grid-tied PV  
Solar System Supply  
Blasong, Talisay City, Cebu

40kW On-Grid Inverter w/ 40kWp PV System  
Nakutan Extension, Marikina City

24kW Hybrid Inverter with 31.9kWp Solar PV System  
The Entrance of The Woodlands Resort, Uloan, Cebu

4.95kWp with 8kW Hybrid Inverter  
CTU - Sabang, Danao City

18kW Hybrid Solar Power Generation System  
CNU Balamban, Cebu

100kW Grid-tied Solar PV System  
Tudela, Misamis Occidental

# Milestone

2018

Initially operating under the name Direct Power Energy Solutions in Aroroy, Masbate, Philippines, the company's basic illumination needs during blackout's.

2019

Began by selling small off-grid solar PV systems to local residents as a complete solution for power outages.

2020

Continues to serve as a dependable supplier of solar products, offering higher-capacity solutions for individuals and businesses with diverse energy needs.

2021

Seeks to expand its reach nationwide and partners with a reputable Chinese manufacturer for enhanced solar energy product research and development.

2022

Seizing the opportunity following Typhoon Odette's impact on Cebu, which increased the demand for solar energy, SolarAll established a branch office and store—**SolarAll Solar Energy Store**—in Subangdaku, Mandaue City, Cebu. The store offers comprehensive PV system solutions and solar energy products, primarily catering to residential and commercial buildings.

2023

After hosting a 3-day advanced PV solar workshop and rebranding as **SolarAll New Energy Corporation**, the company expanded its focus to build a strong reputation in the solar sector and address utility-scale, commercial, and industrial solar PV needs.

2024

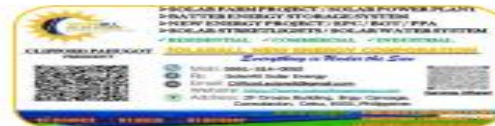

As part of the Department of Public Works and Highways Region VII projects, the company grows to offer turning key solutions for the construction of solar-water systems with desalination processes.

2025

Expand its reach by opening a new office on the 2nd floor of Orosia Bldg 2 in Cansaga, Consolacion, Cebu, offering employees more opportunities and making technical support more accessible to its valued local clients.

# SOLAR ALL PRODUCTS

## WE OFFER THE FOLLOWING:

- ✓ Solar Flood Light
- ✓ Solar Street Light
- ✓ Solar Traffic Light Series
- ✓ Solar Energy Storage and Inventers
- ✓ LED Module Light
- ✓ Electrical Switches
- ✓ Wire and Cable Accessories
- ✓ PV Connection Accessories

Shop our products via

Lazada - SolarALL

Shopee - All Solar

# SOLAR ALL ENERGY COMPANY

## Our Solar Products:

- ✓ Solar Energy Storage
- ✓ Solar Energy Inventers
- ✓ Solar Flood Light
- ✓ Solar Street Light

# Solar Energy Solutions

---

- We specialize in designing, installing, and maintaining solar energy systems customized to meet the specific needs of residential, commercial, and industrial clients. Whether it's rooftop installations or large-scale solar farms, our renewable energy solutions help reduce carbon footprints while providing cost-effective and reliable power.
- **SolarAll** offers complete energy solutions, including solar installation, energy storage, and smart grid integration. Our systems are designed to meet the unique needs of each client, ensuring energy independence and sustainability. Our experts collaborate with customers to deliver tailored solutions that optimize energy usage.

## We provide end – to – end solar energy solutions, including:

- Feasibility studies and energy assessments.
- Design and engineering of solar PV systems
- Design and installation of solar power systems for residential, commercial and industrial clients.
- Expertise in photovoltaic (PV) technology, solar farms, and hybrid energy system
- Comprehensive maintenance and performance optimization services to maximize energy output
- Procurement and installation of solar panels and related equipment
- Operations and maintenance for optimal system performance

# Engineering Services

---

Our multidisciplinary engineering team excels in **crafting** innovative solutions across various domains. We provide feasibility studies, detailed design, structural analysis, and system optimization, ensuring every project is executed to the highest standards of quality and efficiency.

## Our engineering expertise covers:

- Electrical, mechanical, and civil engineering design.
- Customized solutions for industrial, commercial, and residential projects.
- Energy efficiency and optimization consulting.
- Customized engineering solutions tailored to unique project requirements.
- Advanced structural, electrical, and mechanical designs to ensure safety, efficiency, and reliability.
- Integration of state-of-the-art technologies for enhanced system performance.

# Construction Services

---

With a focus on precision and sustainability, we manage construction projects from inception to completion. Our services include civil works, mechanical installations, and electrical system integration, ensuring timely delivery and superior craftsmanship.

## **We excel in delivering high-quality construction services, including:**

- Project management and execution.
- Turnkey solutions for infrastructure and industrial projects.
- Adherence to safety, quality, and environmental standards.
- End-to-end project management for energy infrastructure development.
- Proven track record in delivering high-quality construction projects on time and within budget.
- Collaboration with industry-leading partners to achieve world-class standards.

# SCADA Intégration

---

We offer state-of-the-art Supervisory Control and Data Acquisition (SCADA) systems for industrial and energy projects. Our integration services provide real-time monitoring, data analysis, and automation, enhancing operational efficiency and system reliability.

**Our SCADA integration services ensure seamless control and monitoring, including :**

- Design and implementation of SCADA systems.
- Integration with existing processes and equipment.
- Real-time data collection, analysis, and reporting.
- Remote monitoring and control capabilities.
- Implementation of SCADA systems for real-time monitoring and control of energy systems.
- Data-driven insights to enhance operational efficiency and system reliability
- Seamless integration of SCADA with existing infrastructure for smooth workflows and minimal disruptions.

# Project Management System

---

Solarall Engineering & Construction **Services** employs advanced project management methodologies and tools to streamline processes, manage risks, and ensure successful project delivery from scheduling and budgeting to resource allocation and quality control, we provide end-to-end project Management solutions tailored to our client.

## Customer Support

---

- We pride ourselves on providing exceptional customer support throughout the entire lifecycle of our products.
- From initial consultation and installation to ongoing maintenance and troubleshooting, our dedicated team is always available to assist customers. We believe that building lasting relationships with our clients is key to our success.

# WHY CHOOSE US

**EXPERIENCED TEAM** – Our Engineers, project managers, and technicians bring decades of combined experience and specialized skills

**Advanced Technology** – Utilizing the latest tool and software to deliver accurate, efficient and superior solutions.

**Sustainability**– Committed to environmental stewardship through the deployment of clean energy.

**Customer Centric Approach**– Tailored solutions to meet unique client needs.

**Proven Track Record** – Successful completion of numerous projects across various industries.

# Our Commitment

---

- SolarAll New Energy Corporation stands as a key player in the renewable energy industry, driven by our mission and commitment to sustainability. Our innovative products and dedicated customer support ensure we continue to lead and shape the future of solar energy.

# Thank you.
