Barbara (Price) Shaw

*In memory of Nancy (Conner) Ingle,  
Class of 1967*

---

## **Appreciation of Excellence**

Union City schools have succeeded across the decades because of caring, talented people who are dedicated to preparing students for life's next phase. It is a team effort, and we have a remarkable team.

During our school years, we assume it somehow "just happens." As we learn more about the differences between successful and marginal organizations, we can see that it "just happens" because of school leadership, service staff, teachers, guidance counselors, coaches and many categories of volunteers

The Union City Alumni Association and Education Foundation are proud participants in this team effort and pledge increasing support in the years ahead.

## **Alumni of the Year Recipients**
