

CHIMICHANGA TALK

Chimichanga Talk! is a geek podcast/entertainment group, composed of Deadpool Speaks (The Host/puppet), Dr. Ehvil Bheard (Co-Host), and Roadie Batman (Co-Host). For the last Six years they have made a name for themselves by providing whimsical and engaging convention entertainment.

Loving audience participation, Chimichanga Talk! prides itself in being not only informative, but with the ability to cater to both children and adults. Their Emcee styling has been revered by both conventioners and attendees as being fun and highly sought after.

With multiple convention games they play throughout the day, including "Oh My Geek" trivia, "Duh-Doodles!" Pictionary, and their highly entertaining "Karaokeocalypse", there is always something to do at their table. They also command multiple panels on many different subjects, their most popular being one on podcasting on a zero budget and using social media to make money.

To **book** we ask for 2 hotel rooms (double beds), Vendor/table space with electricity to sell our merchandise and run our PA system, and a small stipend for travel/eating expenses for the group.

If booked we propose to do the following:

1. Emcee the cosplay contest(s).
2. Do announcements and moderate for panels, guests, sponsors, etc.
3. Run entertainment at the table and on stage for attendees.
4. Host Karaokeocalypse (we would need a space to do it or enough room at our table to accommodate people congregating without impeding traffic).
5. Host an after hours game show type panel where we get folks to play games for prizes.
6. Host panels on selected subjects.
7. During the convention we will take photography, conduct interviews and live stream with vendors, authors, and attendees which you could use for future promotional purposes.
8. We will make personalized graphics to promote your event, guests, and sponsors with our reach of 5000+ followers on social media, including Facebook Instagram, twitch, YouTube, and Twitter.

Thank you for your consideration!
