

User Manual

Transport

- When moving or changing its location in its environment, carry it by lifting it without rubbing the ground.
- Lift and transport evenly.
- Avoid impacts or knocks as they may damage it.
- Pack it with adequate protection before shipping to ensure protection from impacts.

General Use

- Be careful not to stretch the connection points as this may cause opening and damage.
- Make sure that the floor you will place on is flat, as using all feet without touching the ground may cause damage.
- For your safety, do not use the products for purposes other than theirs.
- Keep away from sharp objects.
- Avoid direct contact with hot drinks, food and objects. It may cause staining.
- It is an indoor product, do not use it outdoors.
- Place it away from direct sunlight as it will cause color change or fading of the surface.
- Be careful not to keep it in wet, humid environments.
- Place it at a distance of at least 50 cm from heat sources. Excessive heat may cause cracking.
- Do not let children climb or jump on them.

Maintenance and Cleaning

- Clean with a slightly damp soft cloth and then dry with a dry cloth.
- Do not clean by soaking or brushing with plenty of water.
- Do not clean with chemical products.
- Immediately remove any solid or liquid material spilled on it, clean it without waiting and drying.
- It can be maintained with natural wood oil if desired.
