

Panneaux Acoustiques **ALPHA-Akupanel**

CES PANNEAUX SONT VRAIMENT ÉLÉGANTS ET L'AJOUT
D'UNE ABSORPTION ACOUSTIQUE LES REND ENCORE
PLUS POLYVALENTS. QUE COMPTEZ-VOUS EN FAIRE?
UN PROJET DE DÉCORATION INTÉRIEURE, PEUT-ÊTRE ?

Absorption acoustique

Alpha-Akupanel constitue une solution optimale pour une absorption sonore efficace et la réduction du temps de réverbération du bruit. Comme le montre le graphique ci-dessous, le panneau obtient un coefficient de réduction du bruit de 0,87 sur la plage de fréquences testées. Les discours forts et les bruits "ordinaires" à la maison se situent généralement entre 500 et 2 000 Hz.

Résistance au feu :

ASTM E84 et UL 723

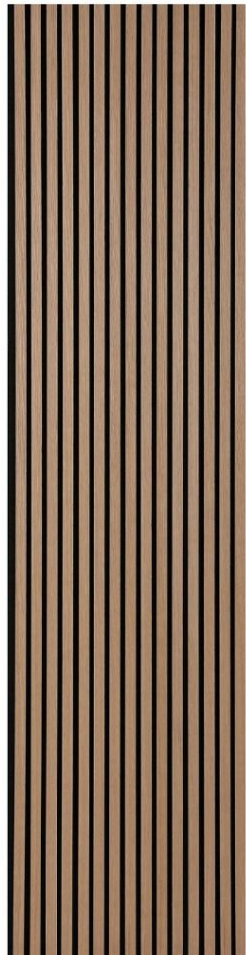

CAN/ULC S102-M88

ILLUSTRATION DU PRODUIT

Pour vous permettre d'exprimer clairement votre demande, nous avons attribué un code à chaque variante de chaque composant qui constitue un ALPHA-akupanel. Il est impossible d'illustrer chaque produit dans un catalogue, car il est difficile de déterminer le nombre total de variantes d'ALPHA-akupanel. Nous avons choisi d'illustrer un produit. Vous pouvez utiliser cette illustration comme référence pour comprendre comment configurer vos produits préférés

Dimensions : 2440 X 600 mm, ou personnalisé
Épaisseur: 21mm
Poids : 11 kg
Panneau de base : Panneau PET de 9 mm/1700 g/m²
Latte en bois :MDF(panneau de fibres de densité moyenne) de 12mm
Revêtement : Placage bois en mélamine, Bois véritable, ou personnalisé
Largeur de la latte/Espace: 27/13 mm

Product Code:
OR02-M1D8-F1D7

PRODUCT DETAILS

Finish: Natural American White Oak

Finish Grain: Mountain

Finish Code: OR02

Slat Based Material: MDF

Color of MDF: Black

Density of MDF: 800kg/m³

MDF Code: M1D8

Color of Felt: Black

Density of Felt: 1700gsm

Felt Code: F1D7

Product Dimension: 2400*600*21mm

Product Weight: 11.2kg

Slat Width/Gap: 27/13mm

Environmental Rating of MDF: E0

I. Finish Options

- Finish:
American Walnut

- Finish Grain:
