

## FOOD DRIVE

The **Women of Westmoreland** have been Spearheading a County Food Drive,  
in conjunction with the Westmoreland Food Bank.

*Food Insecurity is a growing concern for children and families.*

*With your help, we can keep the Food Bank's goals continuing.*

*In 2024: 1.7 million lbs of produce was distributed!*

*6.4 million lbs of food was distributed!*

The Food Bank believes in a community of caring—one that treats everyone with kindness and respect. Thanks to their amazing supporters, they're able to provide monthly food boxes filled with fresh produce, pantry staples, and proteins to over 8,000 households in Westmoreland County. Each box is packed with love because they know it's not just about food—it's about proving that they care. We agree!!!

Please help us continue our goal of providing food for many needy families this fall.
