

PVMA HOSPITAL AND HEALTH CARE PROVIDER REIMBURSEMENT PROGRAM SERVICES FOR COVID 19 FEDERALLY DECLARED DISASTER MULTIPLE FUNDING SOURCES

On March 13, 2020, President Trump declared a nationwide emergency pursuant to Sec. 501(b) of Stafford Act to avoid governors needing to request individual emergency declarations.

Puerto Rico and all 50 States, the District of Columbia and 3 other US Territories have been approved for major disaster declarations to assist with additional needs identified under the nationwide emergency declaration for COVID-19. Additionally, 32 tribes are working directly with FEMA under the emergency declaration.

The President's March 13, 2020, COVID-19 nationwide emergency declaration and subsequent major disaster declarations authorize the Federal Emergency Management Agency (FEMA) to provide Public Assistance (PA) Program funding under the Robert T. Stafford Disaster Relief and Emergency Assistance Act (Stafford Act) to state, local, tribal, and territorial (SLTT) government entities and certain private nonprofit (PNP) organizations for emergency protective measures. For COVID-19, Congress authorized over \$3 trillion to multiple federal agencies for them to provide assistance to SLTTs in addressing the effects of this public health emergency pandemic. The extensive COVID-19 authority of other federal agencies in some cases overlaps with FEMA's authority.
