Capabilities · Differentiators · Representative Projects

PVMA Global team members have provided full scope project and program management to include these projects:

- **Differentiator #1 – Experienced:**
Emergency Housing Assistance Programs funded by FEMA, HUD, and the VA through interagency agreements with local Public Housing Authorities (PHAs). Our team has developed and manage 10 long-term disaster housing program operations and rental payment services for over 24,000 program participants in 41 states and U.S. Territories from 2005 to the present day.
- **Differentiator #2 – Local Rapid Implementation:**
Rapid Disaster Housing Response programs awarded to PVMA to implement federal, state, and local governments housing programs for operations in less than 30 days. We use a pre-developed Project Management Plan (PMP) and Standard Operating Procedure (SOPs) to plan, implement, manage, and operate emergency housing, rental, and utility payment from 3 months to 24 months payments directly to Landlords (“Vendors”).
- **Differentiator #3 – Award Winning Outreach:**
Outreach and Communications for emergency housing programs to inform Tenants and Landlords impacted by a disaster or humanitarian crisis concerning the program and how to apply via our online application or through our housing program call center.
- **Differentiator #4 – Audit Ready Experience:**
Financial Operations and Grant Accounting services for municipalities, government agencies, and private sector clients managed over \$3.7 billion in federal grant funds from FEMA and HUD CDBD- DR for the City of Houston, Harris County, UTMB, HISD, Greater New Orleans PHAs
- **Differentiator – No Waste in Program Dollars:**
Fraud Auditing and Investigations conducted financial and operational audits to identify over \$250 million attributed to fraud, waste, or abuse of federal and state funds.
