Art & Adventure Auction 2023

October 21, 2023

5:00 - 7:30 pm

Stolo Vineyards

3776 Santa Rosa Creek Road

Cambria, CA. 93428

Ready, set, enjoy and bid!

Welcome to the Greenspace Art & Adventure Auction! We are so happy to be gathering with all of our friends and supporters tonight at the beautiful Stolo Vineyards Estate. The first annual Art Auction was held in 1989, and although we have skipped a couple years, this marks the 32nd Art and Adventure auction that Greenspace has held as our major annual fundraiser. All proceeds from this event directly support important work we do to keep Cambria green and honor our mission statement.

In the past year, led by Executive Director Karin Argano, we have kickstarted our programs into action and have lofty goals for the years ahead in all of our areas of focus; land, trees, environmental education and advocacy for our No. Coast region. We truly need your support to accomplish our many projects, and what better way to meet these goals than by throwing a party, that includes a live auction, wine and bites, silent auction and raffle, all across the road from an organically farmed vineyard!

Each adventure and art piece has been donated by someone who shares our vision of what Cambria should look like, now and in the future. We are deeply grateful for their support and hope that you too will join them and show us your support by a heartfelt bid on a fun adventure or stunning piece of art. Don't miss our well curated silent auction, and raffle tickets too!

Many thanks for honoring our efforts to protect and preserve the places that you know and love.
