Giclées
Juan Carlos Manjarrez

Juan Carlos Manjarrez
creator of the **Sublime Neo Hyperrealism** style,
on the occasion of his **30th Anniversary**
and at the request of multiple collectors presents
30 Giclées first editions.

Also called Fine Art Prints,
the exquisite selection of works required strict curation
to achieve the Catalog of available pieces.

It is noteworthy that each Giclée
comes from an oil painting
that is currently in a prominent Collection.

Through initiative,
artist and gallery connect in a different way with collectors,
generating new experiences.
