About

Risk is the probability that a challenge will turn into a disaster.

The opposite of disaster is triumph, victory.

It is very complex in the art world,
for an artist to create something new,
it's risky!

When an artist is true to himself,
searching inside him,
creating and proposing,
his risk pays off.

Those who risk with honesty and conviction
emerge victorious,
winning the most difficult war in art:
transcend.

Duma Arantes

B. 1973 - Lisbon, Portugal

*My work focuses mainly on the female figure,
representing various facets in a typically enigmatic, mysterious and anonymous way,
never showing the full figure.*

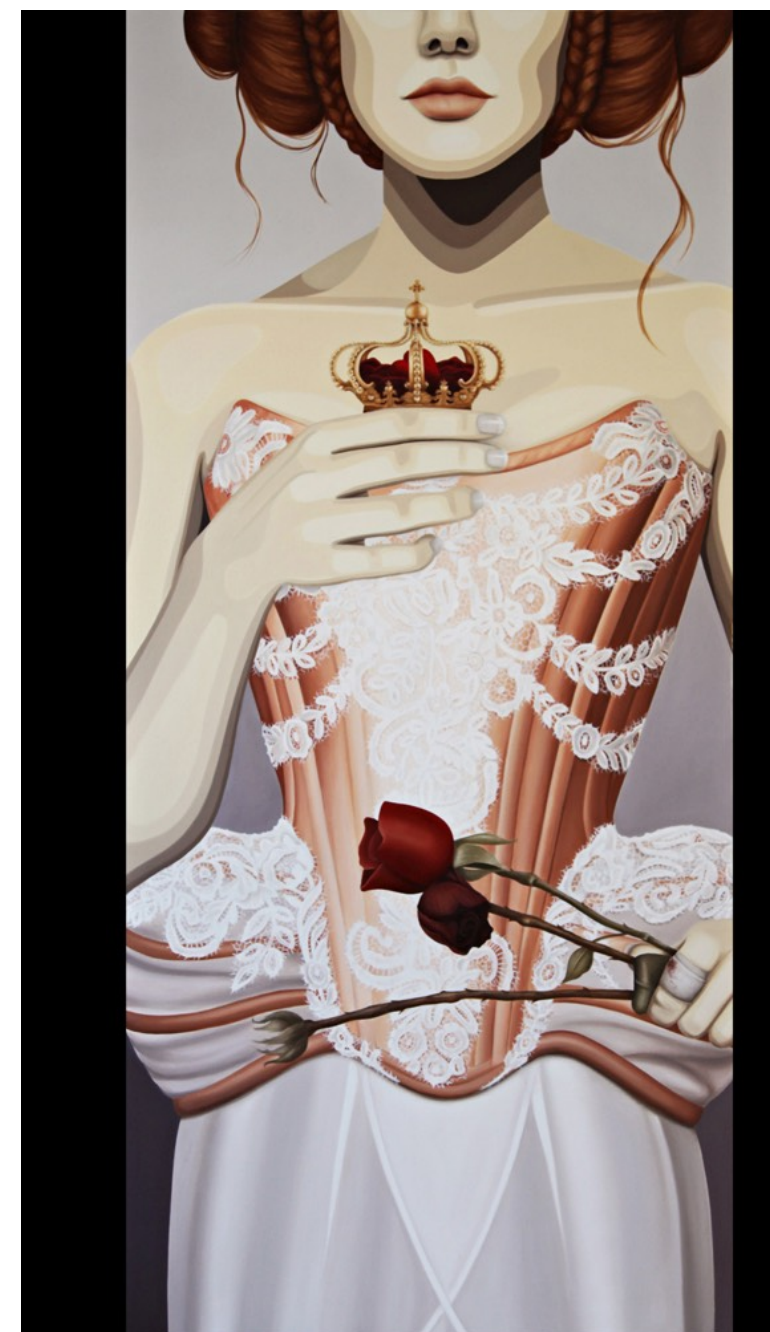

*Without the surrounding environment,
the viewer is led to imagine a story for each character.*

*The artist doesn't have to be crazy to be free and express through his art.
Going out of the ordinary or capturing unusual ideas is not synonymous of madness,
it is a new or different way of seeing life... the artist's life.*
