

## **SRA Race Event Rules**

Driver's meeting announcements regarding competition or technical changes or clarifications will take precedent over the Rules Package for each of the Classes and Race Organizations.

All competitors and associated persons are expected to abide by all the applicable rules. The rules apply equally to members and non-members. It is the responsibility of the competitor to know and follow the rules, and to stay updated. Competitors will be held responsible for their crew and guests also following the rules.

### **DRIVERS MEETING**

There is a mandatory drivers meeting at the beginning of each race day. All drivers must attend the drivers meeting. Random roll calls will be made at the drivers meeting. ### **RACING FORMAT and SCORING**

The racing day will consist of one practice session, 2 Heat Races and one Main event.

Heat 1: Starting grid positions will be determined by a pill pick or last race standings.

Heat 2: Starting grid positions will be determined by the official Heat 1 scoring results.

Main Event: Starting grid positions will be determined by the official Heat 2 scoring results. The Main Event official results will determine the race day's winner and podium finishers. Competitors will earn points towards the year end Championship according to their official finishing position of the Main Event.

### **SEASON POINTS CHAMPIONSHIP**

The driver must be a club member to compete for points championships, and must compete in a designated season-points championship class. Season points champion is based on the highest gross accumulated total points scored. A driver must have submitted a membership application with payment by the first race of the season to have points accrue for the entire year.

Points will be awarded for the Main Event of the day based on order of finish. See scoring table.

All DNF's are final and no points will be given.

To earn Race Day Championship Points:

Racers Must Start the race with the pack, no late entries. Late entries to a heat race and or main event may result in a DNF.

If a racer cannot make the grid they must contact a Race Official and notify/show them why, at their discretion the rider will be allowed to race the next heat or will be a DNF for the day in that class.

Scoring:

## **PRE-TECH**

1. SRA uses a Self Check Pre-Tech form which will be available on the SRA website.

Officials may pull the Pre-Tech form for any driver at any time to verify that the driver's Race machine is compliant. Violations may result in a DQ.

3. The Pre-Tech form must be filled out and signed before presenting the form to Race officials. Minors cannot initial or sign the Pre-Tech form.

The Pre-Tech form must be given to the Race Official at the time of check in, before riding on the track. ## **THE GRID**

Racers must be present on Grid A by the time the prior race group is released for racing. If your racing machine will be delayed getting to Grid A, the driver or a driver representative must inform the Grid Steward of the delay. The Grid Steward has the discretion within a reasonable amount of time to hold the release of racers for the next session until the delayed racer has arrived.

a. If the Grid Steward is not advised of a delay and a driver representative is not present on the Grid, then the session will start without delay.

When leaving the grid for the commencement of a heat or main event, each racer must enter the track within 2 minutes from the time the first racer leaves the grid. If a racer does not make it the starter may start the race (resulting in a DNF).

## **RACE GROUPS**
