### ADDITIONAL QUESTIONS:

1. **Did the commodity distribution vary from your original plan (in terms of the number/location of beneficiaries, distribution partners, monitoring, etc.)? If so, how?**

Humanitarian Aid was distributed according to received requests from different types of NGOs. Due to weather and conditions of the roads, we were not able to deliver to furthest parts of Ukraine, but still planning delivery once conditions will change for the better.

2. **Were the commodities of the quality and type that you anticipated? If not, please explain.**

Container was packed well, all goods were labeled accordingly, no issues arrived upon receipt.

3. **Other comments:**

There are still goods that are scheduled for delivery; they are not included in this report due to the weather and conditions of the roads. We continue working hard on budgeting for funds to be able to transport to some of most remote areas of Ukraine.
