ADDITIONAL QUESTIONS

1. Did the commodity distribution vary from your original plan *(in terms of the number/location of beneficiaries, distribution partners, monitoring, etc.)*? If so, how?
No, because we intended to donate some to the other needy people outside the church.
2. Were the commodities of the quality and type that you anticipated? If not, please explain.
No, because all the five pallets were seized by customs for expiry dates on the food items
3. Other comments: The whole package was seized but we were able to salvage about 400 pieces of the Ravioli Spaghetti in meat sauce which was shared among the needy in the congregation.

BENEFICIARY STORIES

Story 1 *(file name or wright story below)* It was all joy beyond measure when these beautiful 149 chairs, 6 rocking chairs, 4 cabinet were handed over to the school. The students couldn't hide their happiness when each was handed one chair. The chairs are very comfortable and conducive for learning. The chairs have come at the appropriate time to solve our furniture problem of the school. We really appreciate your kind gesture and indeed you are making this world a better place to live.

Story 2 *(file name or wright story below)* We appreciate the great efforts in sending office filing cabinet and 5 drawer cabinet to us. We hope this relationship will lead to more fruitful benefits.
