ADDITIONAL QUESTIONS

1. Did the commodity distribution vary from your original plan (in terms of the number/location of beneficiaries, distribution partners, monitoring, etc.)? If so, how?

NO

2. Were the commodities of the quality and type that you anticipated? If not, please explain.

YES

3. Other comments:

All commodities was of high value and are used to help our patients, walkers and stretchers are used with patient crossing accidents. Hospital staff have benefited with lab coat and other materials used in laboratory.
