Ludmila Osadchaya was born in a large family in Nezavertailovka. Her parents were alcoholics. The children were raised in deprivation and started drinking at earl age. Ludmila became pregnant when she was 16. In 2017 she had a boy Nikita. His father denied his fatherhood. When social workers found out about Ludmila’s plight she was at the point of giving up the child. Ludmila was placed in Social Rehab Center “Step to Life” run by Heart4Orphans (formerly Help the Chidlren), taught basic skills of motherly care and was given a job of a cleaner.
