I have already printed/done majority. the only thing is Barry said we did what u could by calling and asking Captain Dean several times for reports and items to be impounded, he said just document in my report we asked and never got. That is the only reason contraband wasn't placed into property. I needed their report number and asked Barry several times to call him for it. He did and so did I. I even went there this Tuesday and spoke with LT, captain, admin DO, and jail intel to express my concerns with needing all immediately. Captain said all would be complete yesterday and he would call me around lunch time for me to pick up. Capt already told me they were going to throw some of the contraband away since they didn't know why it was in the bag. I told him 2 weeks prior I wanted everything impounded no matter what it was. If it was in the bag there was a reason. He said people might of thought it was garbage bag since it sat around for ever and things that didn't have her name on it was getting thrown away too. Someone higher then us needs to tell em since they don't care about my concerns. This is one more reason if we have to continue monitoring/ investigating odi we can't when the jail isn't doing there end. They keep telling me they know all the stuff jodi and maria have done but when I ask for report / proof its not done. I ask for it to be done and it doesn't. Its impossible for me to do my part. There is a lot I have to rely on them to do and its not getting done. I think as we speak there is still contraband in her cell that I told the capt and LT I saw last week. The DO thought the boxes of full size colored pencils were allowed but Tuesday LT was asking us how she could draw the pinwheel in colored pencils since they are not allowed. I told him they were in her cell. He said they better not since contraband. I told him I saw them and so did jail intel. I said it needed to be taken, impounded, DR and disciplinary action done. I even offered my assistance in cell search to go through everything again since the thousands of pieces of paper work is fanned through in seconds. A full proper cell search needs to be done but the captain said that would take hours to do and didn't seem to want my help since I haven't heard from him. Last cell search contraband was taken and DO was going to throw it away. She was going to copy it and put into a folder in her desk. I told her no do DR, impound all. Still don't know if she did it. I asked for that report several times instead only got notes. Oh and Jodi didn't even get written up for it. I could go on and on. Trying to type this using my phone so hopefully you can read it and it makes since to you.

ree. Interesting and extremely concerning-

Some thoughts.....

When you pull the report number, please advise and I will write you a few supplemental reports-

ease include in your report the items we discussed, such as:

Memos that were written, such as your findings Letter from Chief Haggard Images about your inquiry My cover memo to your investigation Any emails relating to the MS-in this case Maria Emails pertaining to Captain Dean and the Chief who implemented the banning Your images of items taken from the cell and/or inmate and/or MS Continue to follow up on the report and/or supplements about items that you were shown taken from jail or MS- (continue everyday if necessary until you get that report and/or supplements or until you are told that the jail staff was instructed not provide report to you-) I would personally take custody of those items and place them into evidence to insure their impound as evidence regardless if you get reports or not Check with the commissary to document the fact that the stock paper that the art was drawn was or was not something inmate could have purchased on her own Continue to monitor calls and summarize for report- such as what you reported about the BF and the paypal and getting "Art" for sell Impound any calls that are not legal to support your supplemental reports write up your notes reference contacts with jail staff/JM/ and any others that are relevant to this report- such as what you were asked to do with the contraband and the manner you were asked to deliver it- Identify any violations of MCSO policy on our end for concerns-

Concerns I have- the items that are currently in custody with the jail staff- are going to be thrown away- Our conversation with others will be forgotten- Memos will be lost

On our end we need to do due diligence and document what we have-I wish that the contraband had been put into P & E-

Thoughts on the power point you are working on? Such as should we just wrap it up once completed and forward to the hain for review? I am wondering if we are going to be allowed to present since things have shifted since our face to race-

Let me know if there is anything further- Thank you for following up on this-

Please see email string below reference evidence having to do with the Jodi Arias case- I don't know what you found in the room in Barry s office, but from what Steve told me prior to this going to an investigation it sounded like some of the items of evidence I had asked Barry to handle- See below-

I have additional emails but cant access them from home. This is what I sent to Connie for her records- Connie will also have additional emails that I sent out reference Jodi stuff from the jail

I will call you in the morning after I complete an interview at 8:30 so we can get together later this week-

Barry talked to Dean just now he said everything is ready for pick up. I'm Off today so Barry might be able to go by and get.

I never deal with Mac. I don't even know if he is still attorney. Only time I dealt with him was a couple of years ago and didn't get the matter dealt with so I called Joe and it did.

leal with command who deals with Joe or I personally deal with Joe.

My concern is JM spoke to Joe without knowing all the facts/information I havE learned about art. Its not just contraband its her art work she is going to sell and NOT use for court. I havE to phone calls to prove it. Her excepting contraband is a policy we already have in place that also states visitor can be banned for. Not to mentioned she lied **Theory** and the states of the

have calls that suggest friends are holding off on getting Jodi more contraband because she is concerned about her Ail and waiting to see what happens to Maria. They are holding off for now. That means only two things. Friends are putting contraband into envelope they mark as legal and use her attorneys name or random attorneys name and send through post office OR they give it to Maria and Maria gives to Jodi. That is a fact! Only way to who is if DO ALWAYS served legal mail or visitors stuff like is suppose to be done. OR I guess they could cut through the chain link fence and walk up to jodis cell and shimmy up the wall and drop it through the vents OR have dirty DO do it that's getting paid. Sorry but I have an argument for everything

----- Original Message -----From: Kim Seagraves - SHERIFFX Sent: Thursday, March 20, 2014 10:17 AM To: Connie Davison - SHERIFFX; Barry Hamill - SHERIFFX Subject: RE: part of powerpoint

I agree that they need to do their job- But if you are not getting a report- I think you can still go get the stuff and write your own report- saying exactly what you just said- My point is we need documentation...period. Do not forward your PP until I am back and we talk face to face- Unless you are being asked by the Chain of command for it-

Barry- call back the jail and tell them if a DR has not been pulled yet that WE would pull it- go get the stuff and put into P &E. Its too late to write the inmate up since there is no chain of custody on the items or documentation what actually happened or where it came from. I am more concerned about getting the items and putting them into evidence. Just do no our end. That contraband needs to be impounded asap before it is thrown away, as what you reported.

you don't get their report them we will document it on our end- either with a new DR or in the DR that your going to pull for the MS-

Question- are colored pencils allowed?

Just do what you need to do- we will talk and review when I get back-

When you have time....Connie - our attorney for these matters?

He did and so did press my concerns with needing all immediately. Memorandum

SHERIFF MANCOPA COUNCE	To:	To: P. Lopez #966 Chief Special Investigations Division		S.K. Seagraves #1018 Lieutenant Special Investigations Division		
	Subj	ject: Issue of concern pertainin Communications with inm		Date:	March 10, 2014	
Joseph M. Arpaio	, Sheriff					

# **INTRODUCTION:**

In September of 2013, Captain Steve Bailey requested that Detective Connie Davison from the Violent Crimes Unit to identify issues pertaining to <u>Mitigation Specialist Stephanie Colson</u> from the Public Defender's Office. As a result of that inquiry, Detective Davison identified other concerns pertaining to 2 additional Mitigation Specialist. (See attached Memorandum from Detective Connie Davison dated March 3, 2014)

This memorandum and attachments is to advise the chain of command that there is a pattern and practice that may compromises the safety and security of the jail facilities.

## SUMMARY

1.) Currently there is a Notice of Claim filed against the Maricopa County Sheriff Office from the family of Steven Russell Stair based on the actions of <u>Mitigation Specialist Jessica Lynn Mukavetz</u>. (See

attached Notice of Chann dated August 6, 2015)

Detective Davison has outlined in her four page memorandum specific examples of what she personally has witnessed and documented on jail video as well as information obtained during a "free talk" with <u>Mitigation Specialist Jessica Mukavetz</u> about what she (Mukavetz) was allowed to do while conducting a legal visits with inmate Rene Durgin, a member of the Mexican Mafia, who she had a relationship with while acting as his legal Mitigation Specialist. At the time inmate Durgin was at SMU/4<sup>th</sup> Avenue. Such as:

- Brought in alcohol in a cup along with a straw for the inmate Durgin to drink
- Brought in tattoo ink and passing it to inmate Durgin
- During numerous visits inmate Durgin and Mukavetz masturbated in front of each other
- During numerous visits inmate Durgin ejaculated in a cup and passed his semen in an eyedropper to Mukavetz where she proceeded to inserted it in her vagina in hopes of becoming pregnant
- Passed letter and papers that were unrelated to his legal case

2.) <u>Mitigation Specialist Stephanie Colson</u> gave out her county owned and personal cell number to MCSO/VAC personnel where they were added to the computer system as "Legal" and therefore not recorded. Inmate Rushing called Colson:

- 2,042 times on her landline
- 170 times on her county cell phone
- 4 times on her personal cell phone

5000-135 R10-93 (MW97 v1.0 5/27/98)

3.) <u>Mitigation Specialist Maria De Rosa</u> recently was caught passing contraband to inmate Arias. (See attached Memorandum from Officer Rasmussen B2247 dated 2/26/14)

As a result, of her actions, on March 6, 2014 a directive was issued from Mike Olson, the Director of Detention to Captain Dean stating that Mitigation Specialist Maria De La Rosa, assigned to Jodi Arias, was "barred from entering the Estrella Jail and all jails, until further notice."

Detective Davison spoke with Estrella Jail staff and learned that this was not the first time contraband was seized from Mitigation Specialist De Rosa and/or inmate Arias after their legal visits.

Detective Davison was shown a bag of items seized and/or before their legal visits, however there is no documentation to support dates and times or chain of custody for these items. This is something that the jail is working on currently.

## **CONCLUSION:**

Detective Davison has documentation to support her memorandum to include images of the jail facilities where these mitigation specialist and inmates were allowed to violate MCSO policy to include jeopardizing the safety and security of the jail facilities. Detective Davison is willing to speak with command staff to present her finding if requested to do so.

## Issues with "Legal" Privileged Communication with Inmates

## Mitigation Specialist (M.S.) / Attorneys Approved to Visit Which Inmates:

- 1. M.S. or Attorneys not assigned to the inmates case having "legal" visits.
- 2. They have been known to do this for passing messages from inmate to inmate.
  As an example attorney Holly Gieszl visited (legal) 20 different inmates a total of 90 times and accepted 115 legal calls from these 20 inmates. She was not representing any of them.
  Attorney Carmen Fisher (married to a full patch Mexican Mafia member) also had legal visits with inmates she was not representing. Fisher was recently convicted of multiple felony charges. She has accepted a 3 year DOC term and being disbarred. She used her legal status to commit some of the crimes.

## Legal Visits:

- 1. Mitigation / Attorneys property not searched properly at visitation check point.
- 2. Staff not scanning or viewing paperwork/folders the legal team gives the inmate to keep.
- Legal team giving inmate paper work / items during visit without staff being present.
   Will pass under door, between cracks of door, or officer leaves trap open.
- 4. Items allowed in for visit.
  - Bring in purses, bags, brief cases, drinking bottles/cups.
- 5. Time spent in visit.

•JWI/JMS *automatically* enters the visit as 30 minutes. They don't have to check out when leaving. I had to request surveillance to know how long the visits really lasted.

•<u>Example:</u> Mitigation Specialist, Stephanie Colson spent 2-3 hours per visit several times a week with one inmate. M.S. spent 20-30 minutes with the other two inmates she represented. All 3 inmates were capital cases.

- 6. Staff not checking on mitigation / attorneys during visits.
- 7. Legal team having to let themselves out of SMU cell / jail looking for staff for help to exit.
- 8. Visitation lobbies have lockers. Legal staff doesn't utilize them. Legal staff should only be allowed minimal items that <u>only</u> pertain to the inmate they are visiting.
- 9. Legal rooms not recorded (don't need audio)
- 10. Signs not posted in all legal visitation rooms warning them not to pass items. None in SMU.

Legal members bring in brief cases, bags, purses, drinking bottle/cup during their legal visit. At visitation they should give the visitation officer all items they want the inmate to keep. Majority of them don't do this and simply just hand the inmate the items during visitation. On occasion they will hand the officer items to give to the inmate, but the majority of time the officer does not scan / search them.

**Example:** Mitigation Specialist, Jessica Mukavetz fell in love with her client, Rene Durgin who is a Mexican Mafia member housed at 4<sup>th</sup> Ave Jail. She would bring in a bag, purse, folders and a drinking bottle. Majority of the time *none* of these items were searched. Visitation would only scan them through the metal detector. We fore the inmate was moved to SMU she would have legal visits in a non-recorded, no physical contact room. There was a small trap door located at the bottom of the glass for them to pass items to each other. The trap should be closed during the visit. There are several small holes in the glass for them to speak through.

ssica is currently in our custody awaiting trial.

- MS was able to provide inmate proof of other inmate's police reports. This was done to confirm if the inmate was a snitch or not. If so the inmate would be placed on a "hit list".
- MS would put tattoo ink inside several pens.
- MS brought alcohol in her drinking cup/bottle several times. The inmate was able to drink the
  alcohol out of a straw through the holes they spoke through in the glass.
- Numerous times both would masturbate in front of each other.
- MS brought in eye dropper. She would pass it through the holes in the glass for him to pass his semen to her.
- Multiple times inmate would ejaculate into a cup he brought in from his cell. He would then place
  his semen into the eyedropper and pass it back through the holes. MS would then inseminate
  herself with the eyedropper in hopes to get pregnant. She did get pregnant but had a miscarriage.
  Unknown if the baby was the inmates or her husbands.
- Passed several letters and drawings that were not related to his case.

MS confessed to everything mentioned above. She stated it was easier to bring contraband into the jails then it was through court.

## Legal Telephone Calls:

According to Terry Lehman with inmate telephone services (VAC) all non-recorded legal telephone numbers tered into the VAC system are ones registered with Arizona State Bar or who she was able to confirm was an attorney/MS/investigator. Out of state attorney's will contact her to be placed on the "legal" non-recorded line or the inmate will submit a tank order with the request. If Terry can verify the person is an attorney the telephone number requested will then be placed on the legal line.

- 1. Cellular phones being added to the legal line.
- Allowing Mitigation Specialist and Investigators cellular phone numbers entered into VAC as legal.
   <u>Example.</u> Mitigation Specialist, Stephanie Colson was assigned to 3 different capital cases. Inmate, "Rushing" called her legal landline number 2,042 times in a year. The other 2 inmates called a fraction of those times.

Colson registered her county cellular phone through VAC. Rushing called her county cell phone 170 and her personal (not legal) 4 times. The other 2 inmates she represented called 1 time to her county and none to her personal.

## Legal Mail:

- 1. Incoming and outgoing legal mail not scanned/searched.
- 2. Items in inmates cell listed as "legal" not scanned/searched.

## Pro Per or Pro Se Inmates:

- 🛑 1. All
  - 1. Allowing Pro Se (civil case) privileged communications.
  - 2. Allowing inmates more telephone and dayroom access.
  - 3. Legal mail not scanned/searched.
  - 4. Items in inmate's cell not scanned/searched.

- 5. Allowing inmates to send out unlimited legal mail to any attorney or witnesses.
- 6. Approve any and all person(s) inmate claim are their "witnesses" to be placed on non-recorded legal line.
- 7. Pro Per / Pro Se supervisors not able to confirm if witnesses are related to the case.
- 8. Allowing inmates to have a non-recorded legal visit with their witnesses.
- 9. Legal supplies public can give to inmates.
- 10. Not tracking inmate cases to confirm who is legal advisor or even if they are no longer representing themselves.

•Inmate, Larry Prince took complete advantage of our office with this. When we were investigating a death threat made on a county attorney it was nearly impossible to investigate this case since we were not able to monitor any "legal" communication. I was able to document this and report it to Joe Vigil (attorney who represents the sheriff's office). Some of Prince's privileges were taken away and he was reclassified to maximum closed custody (SMU). While he was in SMU jail staff would still allow him extra time in his dayroom to make telephone calls or sign language/talk to other inmates. This defeated some of the purpose of having him moved to SMU.

**Jodi Arias Monitoring Issues:** Mitigation Specialist, Maria De La Rosa is contracted with the county. This makes more issues then most MS who are county employees. Since she is self-employed Jodi is able to mail items to her personal PO Box and make legal calls to her personal cellular phone.

Chaff working and ant data and anti Statt working pod not doing cell searches.

- 2. Intel Officer Lopez stopped doing cell searches on Jodi's cell since it caused her to be subpoenaed to court. She didn't want Jodi to know she was tracking her.
  - Jodi's cell has not been searched for several months until February 14<sup>th</sup>.
- 3. Staff not scanning/ searching "legal" documents before & after legal visits.
- 4. Staff not scanning/searching incoming and outgoing "legal" mail going through the post office.
  Stacey Stotts receives all mail at Estrella Jail. Intel scans/copies all (incoming & outgoing) personal mail. Legal mail is then delivered to Jodi's pod. Pod staff/officer then delivers it to Jodi. Not certain if scan/search is done each time.
- Sgt. Metzler advised staff had a large bag full of items seized from M.S. Maria De Rosa from multiple dates. No reports are written from staff to log DO's name, date seized, item description. Currently Officer Sandoval has the large bag full of items. Items seized from Jodi's cell might also be in the bag.
   Unknown if Maria or her county supervisor has been confronted about her bringing in contraband, selling art/wrist band, possibly doing a book deal, involved with Jodi's multiple tweeter and websites collecting money.
- 6. Jodi is in maximum closed custody at Estella Jail. There are 16 cells in her pod. Each inmate is in their own cell for 23 hours out of the day. Each inmate is given 1 hour out of their cell in the common day room. This is where the telephone is located. Only one inmate is allowed in the day room at a time.

## Issues with sharing a common day room:

- When allowed time in the dayroom inmates can leave notes or books with messages in them for the next inmate released in dayroom to receive.
- She can walk up to other inmate's doors and talk or sign language to them.

- 7. An Officer assigned to sit outside of Jodi's cell 23 hours out of the day. Due to Jodi's classification the officer assigned to watch her leaves the room since Jodi does not have restraints on while in the day room. During this hour Jodi can walk up to other inmate's cells to talk to them or pass written messages. That inmate can then make calls, write letters or have visits to pass the message.
- 8. Jodi has been approved by jail command to have 90 minute visits instead of 30 minutes.
- 9. I don't know if all cell searches were documented and if items seized were placed into property as evidence.
- 10. Recent cell search done by Intel Officer Sandoval (February 14) revealed several items of contraband, drawings on ceiling and walls of graphs/charts with multiple numbers. Unknown what it stands for.
  Need to instruct staff to document cell search, impound items, and forward all information to Detectives assigned to case.
- 11. Large concrete patch on wall found during recent (February 14<sup>th</sup>) cell search. Unknown if Jodi caused the damage or if the patch repair was done when Jodi was assigned to that cell. The patch was filled with cement and painted.

Staff trying to confirm when and why patch work was done.

12. Recent Attorneys' Joal nas made "legal" calls to. Some out of state.

Jennifer Willmott Zubar Aslamy

Jason Keller & Kurt Nurmi. I advised VAC Jason Keller was a "dirty" attorney and is still currently in prison serving his time.

Mark Randall Ellis in Huntington Beach California

Robert Sirianni Brownstone Law Firm-verified with Florida State Bar

Parker Stanbury Law Firm-verified with California State Bar

Jail Intel advised they believe Mark Ellis is in contact with Jodi for writing a book not legal counsel.

- I have had many conversations with county attorneys and judges when it comes to privileged written communications. They are all very clear law enforcement / detention staff can and should scan / search all legal documents/mail. We *cannot* read the document but are able to scan or search the document to look for any hidden messages or contraband.
   Inmates are very aware of jail staff not practicing this and take full advantage of it. This raises many concerns for the safety and security of all our facilities.
- Last year a notice of clam was filed against our office reference MS Jessica Mukavetz for failure to act on information that they believed we gained prior to acting on the case. This raises concerns if we fail to act on other legal staff failing to obey rules and regulation set by our facilities.

	Subject: Inmate Arias attempting legal mail.	to pass drawings through Date: 02/26/2014	

On February 26, 2014 at the Estrella Jail in Visitation, Inmate Arias, Jodi P458434 was brought down to visitation at about 1635 hours. Once inmate Arias was placed into a Legal Visitation Room (Room A). Officer Trojanek B2158 notified me, at the visitation desk, that inmate Arias gave her visitor (Mitigation De Le Rosa) a sealed envelope stating "legal mail" on it. Around this time I contacted Sgt Ndoma-Ogar A6742 and asked him if it would be okay to search her legal mail after the visit and remove any drawings that might be present from it. Sgt Ndoma-Ogar said it was okay to do so. At about 1611 hours, once the visitor ended the visit. Lasked the visitor about the mail that inmate Arias gave her. At first the visitor stated that inmate Arias did not give her any mail. At this time Officer Trojanek informed her that she witnessed inmate Arias give her the manila envelope addressed to "Jennifer." The visitor at this time admitted to having the mail and handed Officer Trojanek and I the envelope. The visitor then opened up the envelope and I went through the items inside of it. There was a second envelope inside of the big manila envelope which contained a drawing that inmate Arias drawing was removed from the mail and the rest of the mail was placed back into the envelope and given back to the visitor. The drawing was later given to Lt. Gundy A3111.

At approximately 1700 hours I served inmate Arias her Disciplinary Action Report (DAR) for attempting the pass contraband through the mail. Inmate Arias asked me what was going to happen to her property. I told her I was unsure. Inmate Arias then told me she wanted to release her property. I informed her that by attempting to mail it out using legal mail, it was now considered contraband. Inmate Arias continued to say it was her property and how could we take something of hers. She then compared the drawing to a diamond ring, and asked if we

would still keep it, it it was a diamond ring, i then told inmate Arias it that were to ever happen, a diamond ring has a higher value then a drawing. Inmate Arias then stated that her drawing is worth four figures. I then informed her that that will be something she will have to discuss with the lieutenant, since they currently had the possession of the drawing. After reading over the DAR inmate Arias then asked how I knew that her drawing wasn't court related. I told inmate Arias I had instructions from higher up to remove any drawings attempting to be passed through legal mail. I then asked inmate Arias if her drawings were court related. Inmate Arias hesitated, said yes, my attorney is working on it. Two Renaissance Square 40 N. Central Avenue, Suite 2250 Phoenix, AZ 85004 2013 ANG -8 PM 3:20

### NOTICE OF CLAIMS

Please be advised that we represent Cheryl Lynn Stair) surviving spouse of decedent Steven Russell Stair; and Shannon Marie Stair, natural daughter of Steven Russell Stair; Kristen Ann Holtz, natural daughter of Steven Russell Stair; Jared Russell Stair, natural son of Steven Russell Stair and Cheryl Lynn Stair; Jordan Ryan Stair, natural son of Steven Russell Stair and Cheryl Lynn Stair; and Dean Russell Stair, and Della Mae Stair; surviving parents of Steven Russell Stair. We hereby file this notice of claims on their behalf against Maricopa County, the City of Phoenix, and Jessica Lynn Mukavetz (a public employee) as described herein pursuant to ARS §12-821.01. Because the cardinal purpose of the notice of claim statute is to allow the government the opportunity to investigate and settle claims, this notice is supplied by these claimants for that purpose and the use of this notice is therefore governed by Ariz. Evid. Rule 408 and any analogous Federal or state rules.

Maricopa County is the jural entity responsible for the actions, errors, and omissions of the organizations involved in these claims, namely the Office of the Legal Defender of Maricopa County ("OLD"), the Maricopa County Sheriff's Office ("MCSO"), the MCSO 4<sup>th</sup> Avenue Jail

Intelligence Unit, the MCSO Gang Enforcement/Violent Crimes Unit, the MCSO Legal Compliance Section, the MCSO Inmate Records Telephone Unit, the MCSO and Phoenix Police Department Joint Investigation Unit(s), and other units and/or *ad hoc* investigative or other enterprises operated by MCSO which the evidence may disclose.

The City of Phoenix is the jural entity responsible for the actions, errors, and omissions of the organizations involved in these claims, namely the Phoenix Police Department ("PPD"), the PPD Gang Enforcement Unit, the PPD Criminal Street Gang Unit, the PPD and MSCO Joint Investigation Unit(s), and other units and/or *ad hoc* investigative or other enterprises operated by PPD which the evidence may disclose.

Jessica Lynn Mukavetz, a/k/a Jessica MacTurk, a/k/a Nenetl Durgin, was at all times relevant hereto an employee of Maricopa County who was assigned to OLD as a capital mitigation specialist. She is currently incarcerated in a Maricopa County jail.

This notice is based upon the records which are currently available to claimants, but it is known that both Maricopa County and the City of Phoenix have access to other records which will bear upon this investigation. For example, it is believed that the transcripts of the grand jury proceedings and of the preliminary hearing in *State v. Jessica Mukavetz*, Maricopa County Superior Court No. CR2013-110119-001, have been removed from the clerk's file by court order. Moreover, many of the original documents and other materials upon which various departmental reports from both MCSO and PPD are based are not available to claimants but contain information relevant to these claims. These claimants incorporate by this reference all of the documents available to them and produced herewith into this notice, and similarly incorporate all documents presently unavailable to them but available to Maricopa County and/or the City of Phoenix, including any and all internal investigatory documents.

This case involves the complete failure of the OLD to supervise its employee, Jessica Mukavetz, who was in a position of high responsibility involving frequent contact with known members of what is without any doubt the most dangerous and constantly investigated criminal organization in the state, the Arizona Mexican Mafia. While Jessica Mukavetz was assigned to capital mitigation tasks for Rene Durgin, a/k/a "Lokon," known Mexican Mafia member, she was completely compromised by him, was involved in a romantic relationship with him, spent countless hours in visits to the jail and on the telephone with him, operated social media sites with him and on his behalf, and was directly responsible for conducting illicit Mexican Mafia business on his behalf, including personally securing the release on bail in October of 2012 of Durgin's soldier Bobby Hoover at Durgin's behest. On February 11, 2013, Hoover killed claimants' decedent Steven Russell Stair. Jessica's activities as a compromised female are typical of the practices of members of the Mexican Mafia members utilizing females as information conduits essential to the conduct of gang business, but who actually knew of Jessica's personal involvement with Rene Durgin and who carefully monitored the incredible frequency and length

of her visits to Durgin in the 4<sup>th</sup> Avenue Jail no later than January of 2013. During the entire period of Jessica's assignment to Rene Durgin's case (Durgin was indicted for first degree murder in September of 2010, for which a cash bond of one million dollars was set in October of 2010), nobody at OLD supervised her in any meaningful way; otherwise, OLD would have discovered her endless visits and telephone conversations with her paramour, and her direct involvement in activities assisting the Mexican Mafia in general and Durgin and Hoover in particular, and would have learned of her romance with Durgin long before her arrest at OLD and the execution of a search warrant there in March of 2013 which resulted in the seizure of Mexican Mafia symbols and drawings in plain view on her bulletin board in her office there.

But for the actions, errors, and omissions of the County, City, and Jessica Mukavetz, described in detail herein and in documents and materials in the exclusive possession of the County and City, claimants' decedent would be alive today.

MCSO constantly investigates Mexican Mafia members in an effort to keep control of the notoriously violent and unstable 4<sup>th</sup> Avenue Jail, where Mexican Mafia members frequently land, and where members routinely extort ("tax") other inmates, "work" them (through beatdowns and stabbings) to insure their compliance, and conduct MM business through the recorded jail telephone system. An officer attached to the 4<sup>th</sup> Avenue Jail Intelligence Unit named "Tony" interviewed Rene Durgin on and before June of 2012. Bobby Hoover was in the 4<sup>th</sup> Avenue jail by then (having been arrested for a violent and armed home invasion/robbery in which he

severely injured a victim with his sawed-off shotgun).

By June 6, 2012, Detective Parra and other officers of the MCSO Gang Enforcement/Violent Crimes Unit learned that several inmates, including Rene and Bobby, in the 4<sup>th</sup> Avenue Jail were conducting criminal activity "on the orders and on behalf of the Mexican Mafia." CD(1) 209<sup>1</sup>. Detective Parra was well aware "through informants, sources of information, and law enforcement officials" of the relative ranks of MM members in the jail and of the nature and extent of their activities and of their use of jail phones and Facebook to carry on their business, CD(1) 11, 12, and of the use of compromised females to pass messages, CD(1) 210, smuggle contraband, *id.*, and of the encoding of messages in legal documents, CD(1) 217-218. The Gang Enforcement Unit was aware no later than June of 2012 of the activities of Durgin and Hoover and of their relationship to other MM hierarchy inside 4<sup>th</sup> Avenue. By August of 2012, Jail Intelligence was specifically monitoring Bobby's jail telephone calls, CD(1) 210, and on August 23, 2012, all of Bobby's recorded jail calls were requested by investigators, CD(1) 550.

Durgin instructed Jessica to arrange for the posting of Bobby's bail in September 2012, and Jessica secured that bond and obtained Bobby's electronically-monitored release in early

<sup>&</sup>lt;sup>1</sup> Supplied with this notice of claims are two CDs, labeled CD(1) and CD(2). Record references are to page numbers as they appear on an Adobe reader. October 2012. Despite MCSO's possession of a recorded jail telephone conversation which fully identified Jessica Mukavetz by name no later than October of 2012, and which describes Jessica's direct involvement with extortion and threats of violent crime to be undertaken by Durgin and Hoover, neither MCSO nor their investigative partner PPD, did anything to either rearrest Hoover, investigate and arrest Jessica, or alert OLD of a compromised employee in its office.

The extensive documentation supplied herewith demonstrates the enormous level of knowledge of the MCSO and PPD with respect to every aspect of the gang activities of Rene Durgin, Bobby Hoover, and Jessica Mukavetz, and the resources at law enforcement's disposal which could have wholly prevented the death of claimants' decedent. MCSO Gang Enforcement Detective Parra was in direct communication with the 4<sup>th</sup> Avenue Jail Intelligence Unit before May of 2012, as would be expected. CD(1) 5, 6. He knew that the MM targets people who are "no good" (i.e., those who renounce the gang and are snitches or informants) for beatdowns, stabbings, or worse, both inside and outside the jails and prisons. CD(1) 5. He knew that Durgin was using a compromised female for MM messages during his investigation of Gensenica Ornelas and Durgin, CD(1) 1, and knew that without the assistance of such persons, Durgin could not have carried out MM orders or managed his MM business, and MM members regularly communicated with their street associates by jail telephone. CD(1) 13, 19, 28. Indeed, the danger and importance of Genensica Ornelas's involvement with Durgin and others was such that she was the subject of a search warrant executed by the MCSO SWAT team in August of 

2012. CD(1) 19.

Detective Parra's "primary focus" was the Mexican Mafia. CD(1) 173. Jail Intel Unit officers who were monitoring inmate calls from the third floor in the 100 pod at 4<sup>th</sup> Avenue contacted Parra about Durgin's extortion efforts against Frank Perri and other white inmates in May of 2012. CD(1) 172. Detective Parra knew that Durgin "ran the house" where Perri was housed at 4<sup>th</sup> Avenue. CD(1) 176. Detective Parra knew that Durgin "kicked up" to ranking jailed MM member Rudolfo Santos, and that Durgin said that "there were only three important people [at 4th Avenue], and that [Santos] was one of them." CD(1) 177. Detective Parra knew that Durgin was using a "lady on the streets" for MM business. CD(1) 178. Detective Parra knew of MM Aztec sun god and Ariza "patches" (tattoos used to identify MM members). CD(1) 188. He also knew of Durgin's stretch in and release from Arizona Department of Corrections prison (Eyman ADOC, Rynning Unit), the center of Mexican Mafia power. CD(1) 191. He charged Durgin with extortion of Perri, CD(1) 192, after having moved Perri for his safety, CD(1) 180.

On June 6, 2012, the MCSO Gang Enforcement/Violent Crimes Unit "learned" of several inmates in the 4<sup>th</sup> Avenue Jail that were conducting criminal activity on the orders of the Mexican Mafia. CD(1) 209. In Incident Report DR 2013-033791, MCSO detectives identify Durgin, Hoover, and Mukavetz, as well as Hoover's girlfriend and Mukavetz associate Katy Everett, and MM members Tony Montano, "big homie" Hector Valenzuela, and others. No later

than January 15, 2013, Detective Parra was contacted by MCSO Legal Compliance Section which told him that a person from OLD was requesting reports authored by him that contained names and information relating to MM investigations. CD(1) 210. He learned that OLD employee Loyda Garza was requesting reports for MM members Bobby Hoover, Rene Durgin, Rudolfo Santos, and others "just to name a few." CD(1) 210. Detective Parra knew all of them to be Mexican Mafia, and knew that some were not being represented by OLD, nor were they codefendants in OLD cases. *Id*.

DR 2013-033791 demonstrates that Hoover was transferred to the third floor from the second floor of the 4<sup>th</sup> Avenue Jail and that he met Durgin there. CD(1) 211. Detective Parra learned that Hoover had been "bonded out" of 4<sup>th</sup> Avenue with the assistance of an OLD employee at the direction of Durgin. CD(1) 212. Detective Parra describes how Jessica visited Durgin 14 times at 4<sup>th</sup> Avenue between January 1 and March 1, 2013. Durgin called Jessica at OLD 69 times during that period, with 49 connects. These figures did not include "the high number of visits and calls" between Durgin and Jessica since mid- to late 2012. *Id.* She would talk to Durgin "for hours" because the calls were not monitored. *Id.* 

Detective Davison reported in a supplement to DR 2013-0033791 that Jessica had a total of 133 visits with several inmates from January 6, 2012 to January 25, 2013. Of those visits, 75 were to Rene Durgin. Since January 1, 2013, Jail Intel officers actively monitored the dates and lengths of Jessica's visits to Durgin. She visited him for two hours and fourteen minutes on

January 1, 2013, nearly three hours on January 5, 2013, an hour and twenty minutes on January 11, 2013, and two hours and six minutes on January 26, 2013. All of these visits were documented by MCSO on February 8, 2013. Thus, for over a month prior to the death of Steven Stair, the MCSO and PPD were actively monitoring the extraordinarily extended jail visits of a known OLD employee to a Mexican Mafia operative who was known to be as dangerous as any inmate in 4<sup>th</sup> Avenue and who was known to be actively carrying on criminal Mexican Mafia business from the jail.

Jessica was Durgin's "rider" (meaning "ride or die bitch"), who would do anything for a MM member who was incarcerated. CD(1) 213. Both Detective Parra and Detective Davison of the Gang Enforcement Unit heard a call in which Hoover described Jessica as Durgin's "rider." *Id.* Indeed, law enforcement knew that Jessica and Durgin had been "married" in September 2012, CD(1) 593, and that Durgin referred to Jessica as "wifey." CD(1) 214. The record demonstrates further that Jessica was attempting to become impregnated by Durgin, who would pass semen to her in an empty pen during her visits to him at 4th Avenue. CD(1) 243. Jessica was in fact married at the time to Jason Mukavetz and lived with him in Phoenix.

Detective Parra knew that Durgin had "position" at 4<sup>th</sup> Avenue. CD(1) 218. He documented in this DR many of the calls between Durgin, Hoover, and Jessica. Rene called Hoover, now on the outside after having been bonded out by Jessica, on January 19, 2013. Jessica is present and speaking to Durgin when Hoover audibly "racks up" a new gun. CD(1)

222. On January 18, 2013, Jessica visited Durgin at  $4^{th}$  Avenue, and in a phone call on the  $19^{th}$ , Durgin and Jessica discussed the underwear she wore on that visit. *Id.* During a jail telephone call on January 29, 2013, Durgin and Hoover extensively discussed preparations for a "hit" on the streets which Durgin was ordering Hoover to carry out. CD(1) 225, 226. Jessica was present during this call to Hoover. *Id.* Detective Parra knew that Durgin was worried about his standing in the MM and that people "were talking shit" about him. CD(1) 227. Moreover, Detective Parra had been advised "in early January 2013" that a cell search had been conducted on Durgin's cell; he related in the DR that "[s]everal MM documents were seized" and that he believed that "more Arizona MM documents, correspondence and writings from Jessica are contained in Rene Durgin's legal boxes." *Id.* The DR extensively documents Jessica's activities, including smuggling tattoo needles and ink and liquor into Durgin during her visits to him at 4th Avenue, as well as her "underwear" visit. CD(1) 229-230.

By January of 2013, Jessica was openly having difficulties with her direct attorney supervisor at OLD who was representing Durgin in his capital murder case, Michelle Lawson. Jessica believed that Michelle Lawson was "undermining" her, and Jessica was afraid she would lose her job at OLD. CD(1) 243. However, Jessica was confident that nobody at OLD was suspicious of her relationship to Durgin in spite of Durgin's frequent calls to OLD. Jessica said that all the secretaries at OLD were temporaries and "have no clue," because there's "a different secretary there all the time." CD(1) 244. Jessica was apparently unconcerned about any other oversight or supervision at OID because the mentioned nathing about any other sumisions in oversight or substantian or other presence and mentioned noming about any other architectons in her conversations with Hoover's girlfriend Katy Everett (who specifically inquired about it). Id. Consistent with her interest in becoming impregnated by the incarcerated Durgin, on December 30, 2011 while at OLD working on Durgin's case, Jessica downloaded a copy of Gerber v. Hickman, 264 F.3d 882 (9th Cir. 2001), in which an inmate's right to procreate while in prison is discussed. CD(1) 455 (note the metadata indicating the downloader as "Jessica" who is working on an OLD "team" on the Durgin matter). Ms. Lawson should breathe a sigh of relief, because Jessica asked Maricopa County probation officer Alyson Popalardo if Alyson would act as Jessica's mitigation specialist in the event that Jessica killed Michelle Lawson, which Alyson fortunately reported to investigators. CD(1) 612.

The City of Phoenix Police Department was deeply involved in the joint investigation with MCSO of Durgin, Hoover, and Jessica. As demonstrated in PPD DR 2013-00216609, beginning at CD(1) 555, PPD detectives Davis, Favela, Bent, Denney, and Munos, and PPD Sgt. Rodriguez were working with MCSO detectives Parra and Davison relating to crimes committed from September 2012 onward. If there were any doubt about the nature and extent of the Mexican Mafia's criminal enterprises, one would do well to read the history of the MM supplied by Detective Clint Davis in this DR, CD(1) 556-565. Included are the history of its formation, the crimes in which it is involved, and a copy of its governing "constitution." Detective Davis describes the violent crimes in Arizona prisons which resulted in the formation of the original MM, modeled after a California organization; involvement in extortion and drugs in the ADOC

system; extension of gang power into the streets (because perpetrators were known to eventually end up in prison yards controlled by the gang); the MM's "code of conduct" and the "blood in/blood out" nature of a gang commitment; dozens of murders carried out in and out of the prison system; "political ink" or identifying tattoos; the "circle of flames" and Nahuatl symbol for "13" tattoos; the "green light" or sanctioned hit; the recovery of "hit lists" by law enforcement; the letter from Juan Carlos Rios fully describing the MM (built on the foundation of the "raza" and modeled after the Sicilian Mafia, engaged in drug trafficking and ripoffs, prostitution, business robberies, contract murders, gambling, extortion, theft and fraud, hijacking cargo trucks, bankruptcy fraud, insurance and stock fraud, car thefts and chop shops, burglaries, credit card fraud, bid-rigging projects, counterfeiting, smuggling and manufacturing untaxed alcohol and cigarettes, loan sharking, bookmaking, white-collar activity, access to political protection, and the use of violence to protect its interests).<sup>2</sup>

On February 7, 2013, PPD detectives obtained a booking photo of Rene Durgin, one of Bobby Hoover, a driver's license picture of Jessica Mukavetz and of Katy Everett (Hoover's girlfriend), and multiple Facebook pages involving Durgin, Mukavetz, and Hoover, as well as printouts of targeted telephone numbers including those of Jessica and Durgin. CD(1) 566-568.

PPD Detective Clint Davis is no stranger to MM practices. He is a twenty year member of the PPD, has been promoted from patrol to detective, has been assigned to the organized crime bureau and to the FBI, and has been assigned at times to the Violent Crime Bureau of the

Arizona Department of Public Safety. He has been in the PPD's criminal street gang unit for twenty years investigating felony crimes committed by the MM. He has been involved in hundreds of investigations and has contacted hundreds of MM members; he has abundant training from local, state, and federal agencies; he is himself an instructor and has been repeatedly qualified and has testified as an expert witness at least 35 times. CD(1) 589-590.

Detective Clint Davis wrote: "On or between September 1, 2012, and present, detectives from the Phoenix Police Department, including myself, and detective's [sic] from the Maricopa County Sheriff's Office learned through review of recorded jail calls, interviews, electronic records, including facebook, text messaging, inmate account records, and inmate jail visitation records, that Jessica Lynn Mukavetz, a/k/a Jessica MacTurk, was providing financial support, passing information/communications, and providing prison contraband for members and affiliates of the Arizona Mexican Mafia. Your affiant also learned that Jessica Mukavetz, a/k/a Jessica MacTurk, is employed by Maricopa County as a mitigation specialist and is using herstatus to participate in ongoing privileged jail visits to promote a romantic and criminal

Stewart, former ADOC director, Greg Fouratt, assistant U.S. Attorney for New Mexico, Ken Lucas, former ADOC investigator, and Michael Denney, former Maricopa County Attorney, vividly describe the MM's criminal history and enterprises. The film's producers in 2010 "gratefully acknowledge[d] the assistance of the Maricopa County Sheriff's Department" in the production of the film. relationship between herself and Arizona Mexican Mafia member Rene Durgin. During the review of electronic communications, including jail calls and facebook, it was discovered that Jessica Lynn Mukavetz, a/k/a Jessica MacTurk, a/k/a Nenetl Durgin, and Arizona Mexican Mafia member Rene Durgin, a/k/a Lokon, acknowledging [sic] each other as husband and wife." CD(1) 590.

On January 1, 2013, PPD Detectives Favela and Davis met with officers of the MCSO Jail Intelligence Unit. During this meeting PPD learned that Bobby Hoover was out of jail on bond and that he posed a threat to shooting victims of another Mexican Mafia member Tony Montano. Montano and Hoover had discussed these victims "not coming to court" to testify against Montano. CD(1) 591. Yet one month later, on February 4, 2013, Bobby Hoover "jumped" his electronic monitoring bracelet; on February 5, PPD surveilled his girlfriend's house (which was Hoover's release address) and learned that Jessica was present during the escape of Hoover and had failed to notify police, CD(1) 591; on February 11, Steven Stair was killed by Hoover.

PPD learned that from September 2010 to July 2012, Jessica visited Durgin an average of roughly twice a month. But from August 2012 to February 2013, she visited him roughly 8 times a month. CD(1) 533. From February 2012 to October 2012, Durgin called OLD 231 times. *Id.*

~ .

Only after Steve Star was killed did PPD and MCSO take any meaningful action. On February 12, 2013, one day too late for Steven Stair, Detective Davis interviewed Hoover's girlfriend Katy Everett. He learned that she'd met Durgin through Jessica and Bobby Hoover and had assisted Jessica in bailing Hoover out of jail and in placing hundreds of dollars on Durgin's jail "books". She knew that Jessica had spent "hours at a time" visiting Durgin at the jail and "hours" on the phone with him. CD(1) 594. Detective Davis collected and summarized phone calls from October 2012 through January 13, 2013 between Jessica, Hoover, and Durgin at CD(1) 694-697, including a call on October 19, 2012 where Durgin (with Jessica's knowledge) gave Hoover a "green light" to shut some mouths if needed, and putting a crew together for any such jobs if necessary. Detective Davis notes that MCSO was in possession of a trapped telephone call that fully identified Jessica Mukavetz by name in October 2012. CD(1) 598. Calls demonstrate that Jessica knew of ongoing criminal activities including taxation of gambling rings inside the 4<sup>th</sup> Avenue Jail and collecting gambling taxes from the white inmates. *Id*.

Detective Davis also notes that Mesa PD interviewed (and shared the information with MCSO) one James Chia, an MM informant, on *January 17, 2013* who told officers that Bobby Hoover was out, that he had "hot" artwork that he was storing in his girlfriend's garage, that he had a sawed-off shotgun (as he did on the day of his arrest for Steve Stair's murder), that he (James) and Hoover are "information mules" for a Mexican Mafia bigwig, namely Durgin. Chia said that Durgin was running the 4<sup>th</sup> Avenue Jail and had an "insider" girl running information

I. A W

out of "legal" visits for him whose name was JESSICA, and that she is a "clemency lawyer" and had bonded Hoover out. CD(1) 607.

Text messages recovered by Davis demonstrate that Jessica had a copy of a "hit list" from Hoover on her cell phone. CD(1) 611. Jessica was smuggling needles and ink into Durgin by December 2012 or January 2013, was attempting to impregnate herself with Durgin's sperm, and had a tattoo of a wolf applied to her person because the wolf is Durgin's "Aztec" animal. CD(1) 617. Detective Davis notes that he was personally made aware of Hoover's escape from his electronic device on the day it occurred when MCSO Monitor Officer Temby called him. CD(1) 660.

When PPD detectives finally moved to arrest Jessica in March 2013, Detective Bent interviewed her real husband Jason Mukavetz. Detective Bent relates this colloquy with Jason: "One of the most disconcerting things we learned was that his wife put \$5000 down to help get an inmate [Hoover] out. Jason was advised that this inmate was put on a monitoring bracelet and jumped the monitoring and two days later killed a person." CD(1) 584. A list of Hoover's prior convictions was documented by Detective Davis at CD(1) 751 (including multiple counts of dangerous drugs for sale and misconduct involving weapons, but which does not include his then-pending charges of auto theft, armed robbery/home invasion, and gang-related activities).

The man Jessica bonded out, Bobby Hoover - the known Mexican Mafia gopher, stooge, - --- --**.**.... and hit man for Jessica's lover and "jail spouse" Rene Durgin -- killed Steven Stair on February 11, 2013. The details of that homicide are found in PPD DR 2013-00251815, CD(1) 710-810. Steven and his wife Cheryl Stair were at the Phoenician Palms apartment/condominiums, 3421 W. Dunlap in Phoenix, on that day engaged in their usual activities of managing (cleaning, maintaining, etc.) the many units (some of which they owned) at that address as part of their family business. Cheryl was on her way to another property site that the couple managed when she noticed that a light was on in one of the units they owned but which she knew to be unoccupied by tenants (Unit 211). She asked Steve by cellphone to check on that unit before he left the site. When Steve knocked on the door of Unit 211, Bobby Hoover brutally shot him four times, in the neck and torso, killing him almost instantly. Bobby was squatting in the unit at the time after his flight from electronic monitoring. Cheryl learned of her husband's death at John C. Lincoln Hospital when she was informed by PPD officers.

The Office still impresses outsiders with its technological capabilities. The internal computer programs remain regularly updated. Digital equipment is provided to produce savings in outside processing. Staff members are encouraged to take advantage of the county's electronic programs for gathering information, communicating with other agencies, and handling routine business. Increased use of technology allowed OLD to meet goals of serving clients, and subsequently the general public, in a measurable, cost-effective manner."

The idea that OLD has "established policies and procedures" which "conform to legal, ethical, and government standards and policies" is consistent with ethical standards that govern

attorneys responsible for supervising other attorneys and nonlawyer "team members" such as mitigation specialists. Ariz. S. Ct. Rule 42, ER 5.1(a), for instance, provides that lawyers with managerial authority "shall make reasonable efforts to ensure that the firm has in effect measures giving reasonable assurance that all lawyers in the firm conform to the Rules of Professional Conduct." ER 5.1(b) provides that "a lawyer having direct supervisory authority over another lawyer shall make reasonable efforts to ensure that the other lawyer conforms to the Rules of Professional Conduct." Similarly, ER 5.3(a) provides with respect to a nonlawyer employed or retained by or associated with a lawyer that "a lawyer [who] possesses managerial authority in a law firm shall make reasonable efforts to ensure that the firm has in effect measures that the person's conduct is compatible with the professional obligations of the lawyer," and ER 5.3(b) provides that "a lawyer having direct supervisory authority over the nonlawyer shall make reasonable efforts to ensure that the firm has in effect measures that the person's conduct is compatible with the professional obligations of the lawyer," and ER 5.3(b) provides that "a lawyer having direct supervisory authority over the nonlawyer shall make reasonable efforts to ensure that the firm has in effect measures that the person's conduct is compatible with the professional obligations of the lawyer," and ER 5.3(b) provides that "a lawyer having direct supervisory authority over the nonlawyer shall make reasonable efforts to ensure that the person's compatible with the professional obligations of the lawyer.

These supervisorial duties to "ensure" conduct by subordinate lawyers and nonlawyers "compatible" with a lawyer's obligations necessarily requires that supervising lawyers enforce the "duties and obligations of members" of the State Bar found in Ariz. S. Ct. Rule 41, which states *inter alia* that the duties and obligations of members shall be "(a) those prescribed by the Arizona Rules of Professional Conduct adopted as Rule 42 of these rules," and to "(b) support . . . the laws of this state." It is professional misconduct for a lawyer (and thus conduct of a nonlawyer not compatible with it) to violate the Rules of Professional Conduct, commit a criminal act that reflects adversely on the lawyer's honesty, trustworthiness or fitness as a lawyer, engage in conduct involving dishonesty, fraud, or deceit, or in conduct which is prejudicial to the administration of justice. ER 8.4 (a)-(d). Conviction of a felony is grounds for lawyer discipline and is thus by definition incompatible with a supervised employee's duties to conform to professional standards. Ariz. S. Ct. Rule 54(g).

Given the extreme level of knowledge possessed by all public agencies in Arizona which have extensive contact with the Mexican Mafia and their associates, and the extent to which that organization has a known history of compromising females for their criminal purposes, the only reasonable measures which could be established to "ensure" that professional standards of conduct are maintained in a public law firm necessarily involve close supervision of lawyers responsible for capital mitigation specialists and other "team members" who have contact with Mexican Mafia members and associates or other career criminals. Every police agency and even the least sophisticated criminal defense attorneys are aware of the risks of compromise of police and defense personnel. The sanctity of confidential and privileged attorney/client communications is wholly subordinated to the social interest in preventing crime, *see* ER 1.6 (b) (a lawyer "shall reveal" information to prevent crimes likely to result in death or substantial bodily harm), and the chronic and known abuse of that privilege by a supposedly supervised nonlawyer is overwhelmingly present here (endless jail visits, clearly unexplainable for the "mitigation" tasks presumptively involved and suspicious to law enforcement for months;

endless and clearly excessive telephone calls; open rancor between Jessica and her "supervising" lawyer Michelle Lawson; apparent total ignorance of Lawson about Jessica's work-connected privileged activities; apparent lack of accountability of Lawson to her superiors). Had Jessica Mukavetz been appropriately supervised, her association with Durgin would have been exposed, her "bonding out" of the career criminal and Mexican Mafia member would have been thwarted, and Durgin's ongoing direction of Hoover with Jessica's knowledge and assistance would have been entirely prevented – and Steve Stair's life would have been saved.

Maricopa County understands the nature and scope of a capital mitigation specialist's qualifications and duties. For example, the Maricopa County Legal Advocate is currently advertising for a mitigation specialist.<sup>3</sup> The position pays handsomely (\$22.39 to \$33.58 hourly). The "position overview" states:

"Rule 15.9, Section C, of the Arizona Rules of Criminal Procedure defines a mitigation specialist as a person qualified by knowledge, skill, experience, or other training as a mental health or sociology professional to investigate, evaluate, and present psycho-social and other mitigation evidence. The American Bar Association has emphasized the importance of a thorough investigation of guilt penalty phase issues in capital cases. The position exists to investigate, evaluate, and present the explanation for criminal behavior to mitigate the client's sentence. Capital Mitigation Specialists do this by analyzing biopsychosocial,

psychoeducational, emotional and physical trauma, and other mitigating evidence to assess the impact and explain the effects on the client's behavior. They provide expert guidance specifically in the area of death penalty mitigation by coordinating a comprehensive biopsychosocial investigation of a defendant's life history, identifying issues requiring evaluation by mental health professionals. They provide assistance to the attorneys in locating documentary materials and relevant experts."

The position's "qualifications" are stated as follows:

"Minimum education and/or experience:

Bachelor's degree in Counseling, Psychology, Social Work, or Social Science and six (6) years of related experience that includes identification of mental health symptoms, exposure to trauma, physical/neurological defects and/or drug/alcohol use.

Preferred education and/or experience:

It is inconceivable that Jessica could have been carrying out these imposing and sensitive duties and responsibilities at OLD as essentially an officer of the court, functioning as nearly as a lawyer as a nonlawyer could, given the anti-social characteristics which she repeatedly demonstrated to law enforcement. These duties imply the closest degree of high-level intellectual and personal interaction imaginable between a supervising attorney responsible for representation of a client in a capital case and the assigned capital mitigation specialist. Each must, by necessary implication, know exactly what the other is doing. In turn, top-level annow in anot a passage it is have a slow understanding of the many of in which sonital supervisors must necessarily have a creat understanding of the manner in which capital representation responsibilities of subordinate lawyers are being discharged. Of course, if OLD had a different operative understanding of the duties of a capital mitigation specialist, then it necessarily did not take the lawyer-like function and sensitivity of the position seriously, in complete disregard of its stated "mission" and "operational standards." The ultimate searching inquiry into Jessica's history at OLD and into her relationship with supervisors will necessarily disclose additional and damning information which, for the moment, is in the exclusive possession of Maricopa County.

#### Negligence and Gross Negligence of Maricopa County and the City of Phoenix

The evidence demonstrates that the County and the City were engaged in a concerted joint "task force"-style investigation of the Mexican Mafia that focused intensely upon the specific cast of criminal characters involved in this tragedy: Rene Durgin, Bobby Hoover, and Jessica Mukavetz. The only possible outcome of the presence on the streets of Durgin's operative Hoover was an act of violence, and indeed it occurred. Both the County (MCSO and units thereof) and the City (PPD and units thereof) were negligent in failing to understand the scope of operations, thoroughly malicious nature, and reach and capacity of the violent career criminals under their direct observation, upon whose activities enormous resources of surveillance, intelligence, monitoring, and observation were available and were actually deployed; in failing to coordinate both internally with jail intelligence and monitoring units to track and to act upon the criminal conspiracies known to be afoot; and in failing to inform the

Office of the Legal Defender of the known involvement of Jessica Mukavetz as a key Mexican Mafia operative and to enlist OLD's assistance in curtailing her abuse of the privilege of her position to further the objectives of the criminal syndicate. Both the County and the City were grossly negligent in failing to arrest both Jessica Mukavetz and Bobby Hoover well before his escape from electronic monitoring, when each entity had in its possession ample evidence that a career Mexican Mafia criminal was out on the streets, and was acting at the specific direction of a ranking Mexican Mafia member incarcerated at the 4<sup>th</sup> Avenue Jail who had compromised a public employee with a position of utmost sensitivity and extraordinary privilege. For all the public declarations by the County and the City about the anti-social dangers and extensive reach and power of the Mexican Mafia and its threat to the safety of every Arizona citizen, neither the County nor the City acted on any of the multiple occasions presented squarely to them to prevent the tragedy of Steven Stair's death and the consequences that followed.

## Negligence, Negligence *per se*, and Gross Negligence of Jessica Mukavetz and Vicarious Liability of Maricopa County

When Jessica Mukavetz abused her position of trust as a *de facto* officer of the court and as an agent of the Maricopa County Office of Legal Defender from the time of her assignment to the Durgin murder case in 2010 until her arrest in 2013, it is an understatement to say that she committed countless acts which were incompatible with her duties under the governing legal and ethical standards described herein and which were prejudicial to the administration of justice.

She was allowed to become completely compromised and romantically involved with a ranking Mexican Mafia defendant during the course and scope of her employment and assignment to his case; she regularly ran information for him to Mexican Mafia members inside and outside Maricopa County's 4<sup>th</sup> Avenue Jail; she was involved in countless conspiracies to assist gangrelated activities, including the supremely cynical bonding out of the violent career thug Bobby Hoover, a constant object of law enforcement surveillance and attention, which enabled Hoover to return to the streets and murder claimants' decedent, all at the specific direction of her client and lover Rene Durgin. She facilitated gang business after Hoover's release and was constantly in touch with Durgin both during her calls and visits to him at jail and in monitored telephone calls to Hoover from Durgin when she was present with Hoover. She thus was negligent in discharging her privileged duties to act compatibly with governing legal and ethical standards applicable to attorney-supervised employees; she was negligent per se in her violations of governing ethical standards and applicable statutes prohibiting the assistance of gangs and conspiracy; and her repeated and callous violations of this constellation of legal and ethical standards, demonstrating a disregard of the rights and interests of others, amounts to gross negligence.

None of Jessica's acts would have been possible without the luxury of her negligently unsupervised position at the Maricopa County Office of Legal Defender. She acted at all times within the course and scope of her assignment as a capital mitigation specialist, and utilized and exploited that position to plan and execute the schemes and conspiracies of the Mexican Mafia

criminals involved. Maricopa County is thus vicariously liable and responsible in damages for her misconduct under principles of *respondeat superior*, master-servant, principal-agent, and any and all other applicable doctrines of vicarious liability.

#### **General Damages**

Steven Russell Stair was born at Phoenix Baptist Hospital on September 6, 1955, to Dean and Stella Stair, both of whom are still living. Steve went to high school at Washington High in Phoenix. His family moved to Ohio and California for a short time during his childhood but the family always returned to Phoenix. Steve was a member of the Boy Scouts and the ROTC during high school.

Although wrongful death damages are difficult to quantify and are in the unique province of the jury, and the Court has recognized that principle in the context of the nature and scope of information which can reasonably be supplied in notices of claims, *Backus v. State*, 220 Ariz. 141, 204 P.3d 399 (Div. 1, 2008), these claimants provide the following general damages information and invite further inquiry by the government entities and advisors as contemplated by *Backus* (and indeed we will make these claimants available for interviews of any formality desired without prejudice to later depositions in the event of litigation).

#### Cheryl Lynn Stair

Cheryl Lynn Stair will testify as follows:

"Steve was a wonderful husband, father, grandfather, and son. Steve was my husband for over twenty-seven years. He had two beautiful daughters when we got married and we later had two sons. We have three beautiful granddaughters.

"Steve was the type of person that everybody loved. Steve never met a stranger – everyone that met him became a friend. He truly loved talking with people and helping in any way he could. He would loan people money, give them a ride, or fix their kitchen sink – he didn't care, he just wanted to help. He was truly a loving human being.

"Steve enjoyed golf, hunting, and taking cruises. Steve recently had started archery hunting again. He took our youngest son Jordan hunting several times during the last few years. This was something they both really enjoyed and this time meant a lot to both of them. Going on cruises was one of Steve's and my passions. There would usually be six or eight of us, but once there were thirty-three and all were close family.

"Steve was truly a family man. He loved us all completely. He enjoyed nothing more than having large groups of family over for a barbecue. Steve's first career was as a meat cutter so he would very often buy large slabs of meat, cut it himself, and then barbecue for everyone. He was a wonderful cook. It didn't matter if we were at our house or someone else's; if there was meat to be barbecued, Steve would be the one doing it.

"Steve was a very hard-working man. He worked for Smitty's grocery chain from 1978 to 1995, starting out as a meat cutter and later became a meat manager. In 1995 we purchased a Kentucky Fried Chicken restaurant and we were owner/managers until we sold the restaurant in 2006. We thought retirement would last forever. But then the economy turned and we became property managers in 2009.

"Steve and I met in early 1984. We were both working for Smitty's and I was transferred to the store where he was working. He worked in the meat department and I worked in the deli. The first day we met, he was very nice and showed me around. He then went on to tell me how best to do my job. This didn't go over very well and we butted heads – but he then walked back to his fellow workers and said he was going to marry me someday. He's told this story dozens of times over the years. He must have known something because we were married a year later.

"We were married on May 5, 1985. Steve's daughters Shannon and Kristen were flower girls. We bought a house and settled in, raising our family. In 1988 our son Jared was born, and in 1990 Jordan was born. Life went on, and we were very happy and both working full time.

"In 1994 we started thinking about buying our own business. My brother owns several Kentucky Fried Chicken restaurants and we asked for his help in finding us a restaurant. In November that year we went to Oakhurst, California, a small town that had an underperforming store for sale. We loved the small town and we felt this was our opportunity to get ahead. We . 1. . . . . . . IEIT Smitty's, sold our house, packed up our sons, and moved to Oakhurst two months later. We felt invincible. We knew we could do anything as long as we had each other to count on. Things weren't easy - we knew it would take awhile to turn the store around - but we had confidence we could do it. Steve and I split most of the duties at the restaurant because he was stronger in some aspects and I was in others. I cannot imagine that there are two other people that worked better together and counted on each other more than we did. Our sons were at daycare during the day and with us at the store at night. We were working fourteen hour days. Steve and I had a management style - "lead by example." We worked very hard, and in turn our employees did as well. By the time our sons were 10 or 11, they could run a cash register. This was truly a family-owned restaurant. We made many changes to the restaurant over the years, adding an allyou-can-eat buffet which received an award for being the best KFC buffet in the United States. We added an A&W restaurant. From 1995 until 2006 we took the sales of this restaurant from \$380,000 a year to \$1.2 million.

"We sold the store in 2006 and retired. This was the life we had always dreamed of. Steve was able to play golf several days a week, our boys were finishing high school, we found out both of our daughters were pregnant and we were going to be grandparents. And we were taking several cruises.

"Then the economy tanked. We had invested all of our earnings from the sale of our business, and in 2008 the company we had invested with went into default. We had invested

\$1.6 million and our investment was now worth about \$160,000. Our income in November 2008 went from \$18,000 a month to zero. This was a very uncertain time. Many of my family members had invested heavily with this same company and we were all out a lot of money. We had to come up with a plan and quick.

"We decided we had no choice but to move back to Phoenix and try to make something out of what we had left from our investment. In December 2008 we moved into one of our investment condos in the Phoenix area. In February 2009 the investment company that went into default signed over title on all the condo they had purchased with our money. The condos were worth only 10% of the inflated price they had sold them to us for, but at least it was something.

"So Steve and I started our new career. We became property managers. We began managing our own units and those of my family members. This was an overwhelming task but there really was not any choice. We worked incredibly hard to get these units rented and fixed up to help bring some money in. The only reason we had any success is that we had each other to rely on. These properties are all low-income properties and they needed a lot of work. Again Steve and I found our way of splitting up the work — he was able to do the maintenance and deal with most of the tenants one-on-one, while I took on all the leasing and paperwork. The tenants all had his cellphone number and his phone rang at least a hundred times a day with someone that needed something. He had the patience of a saint, and again, he loved helping people. Our tenants loved him. Several of them attended his funeral and many of them cried when they were

told the news. He had helped all of them in one way or another and they all felt he would always be there if they need anything.

"At the time of Steve's death we managed 103 (23 of which we own) condos in 13 different properties. I still have 101 under management but not for long. It was incredibly hard to manage 103 with both of us working seven days a week and it is absolutely impossible for me to handle 101 on my own. I have had to hire out for all maintenance which is not only expensive but it is hard to find people qualified and willing to do the jobs needed in a timely manner. I expect it to be necessary to cut the units in half by the end of this year. The workload is just tremendous.

"How could this have happened?

"Life will never be the same. We worked so hard, for so many years. Now I do not know what it was all for. Our children are all grown and are wonderful people. We have three wonderful granddaughters that will struggle in years to come to remember their grandfather. These are the ones I will go on for, but all Steve's and my dreams are crushed. We bought a beautiful home a few years ago that we planned on living in forever. Now it's the loneliest place on earth. My children and granddaughters come visit and all I want to do is cry. 1 feel like a fish out of water. I try and stay strong for everyone but I need Steve here to help me through it. At the very least, to say this is not fair is a huge understatement."

#### **Shannon Marie Stair**

Shannon Marie Stair (d/o/b

will testify as follows:

"I don't know how to talk about this. My once strong personality now has migraines and panic attacks ever since the day my dad was brutally murdered and stolen from us.

"The day he was killed was supposed to be a magical day. That morning, we made plans to have dinner with my dad and step-mom that night which was one of our favorite weekly pastimes. I was excitedly touring my daughter's new school for kindergarten when we got the barely-audible call from my brother that our dad had been shot in the head. Thank God my daughter wasn't with me as I raced across town through tears of denial. In a sad twist, she was with my best friend who lost her father just hours before, and she had wanted to hold her to help with the pain.

"Our family has been ripped apart. I am the oldest child. My father and I had identical personalities in so many ways that we clashed for years. But as I got older, I inwardly thanked him and outwardly praised him to everyone who asked how I became so independent and so strong. He gave me that gift, and I'd learned to embrace our differences. He was young when he had me, so in a sense we'd grown up together, and we had so much more life to spend as father and daughter . . . Since my daughter's birth **set of the love** in his eves every time he saw her melted my heart. I knew that we were finally connecting, and so I looked forward to the many, many years ahead to seal the bond I'd craved with my father and that we'd achieved.

"My dad was the backbone of our family. Dad and my step-mom moved back to Arizona a few years ago, and tragically they didn't get to retire. But at least we still had our family together to raise my daughter and celebrate life.

"My dad was the best cook. I can still smell the barbecue in my dreams. I cried when we barbecued on Father's Day in memory of him. My twenty-two year old brother had to take over my dad's favorite position at the grill. Seeing my brother take over my dad's jobs around the house just seems so tragically wrong and makes me angry.

"I'll never forget my dad carving the turkey at Thanksgiving and the taste of smoked salmon or trout that he always prepared for special occasions.

"Christmas Eve each year we'd spend the night and awaken to the smell of coffee that my dad would be brewing. The laughter of the children and huge smile of my dad having his beloved family all together will never leave my mind. He made me a tool box for Christmas one year, and last year he added a drill to it. It sounds so dumb but I keep visualizing standing next to him as he charged it and showed me how to work it. It will forever be my favorite gift.

"The last time I saw my dad was at my daughter's **birthday party**. Almost our entire family was together. I will cherish the apron and cook's hat he got my daughter forever.

"Dinner at my step-mom's is so different now. There's no food in the fridge. We order pizza, and as it gets dark, we don't even turn on the lights. She's finally starting to cook again but only if there's company. My step-mom is so strong. She's been a part of the family since I was eight or nine and is one of my best friends. She stays so positive for us but seeing her crumble as she holds my daughter or walks alone in THEIR home is almost too much to bear.

"I miss relaxing in the Jacuzzi with my family, stealing sips of my dad's margarita and talking about our day. I now sneak into his closet when nobody's looking and simply sit and cry and breathe in the scent of his clothes. I open his cologne and breathe in the memories of my childhood. I literally just stare at his toothbrush.

"I am thirty-eight. I've never been married and if I am ever blessed to walk down the aisle, my father will not be there to hold my hand. I have no words.

"My daughter at the young age of five says how badly she feels for not giving him enough hugs and her only reasoning was because his face was too "scruffy" or she was too busy. ... She asks to let balloons go at the park with messages written on them for her grandpa Steve to get up in Heaven. She sees me sad and tells me, "It's OK, he's right here with us, loving us, and we'll see him in Heaven." What five vear-old should have to prow up so fast and know that her beloved grandpa was stolen? She asks, "how did he die?", and what am I supposed to say? She asks for him daily. He'll never be there to take her to see Christmas lights like the memories I have of my grandfather. There's too many "there will never be's" to even list.

"I am strong for my child. But I'm merely a shell of who I was without my dad.

"I ache for my family. Seeing my grandparents, his parents, go through grieving the loss of their child is too much to handle. Thinking about what my brothers, my sister, my step-mom, and uncles are going through tears my heart out.

"Nothing will bring my dad back. He was stolen from us."

#### Kristen Ann (Stair) Holtz

Kristen Ann (Stair) Holtz (d/o/b will testify as follows:

"I am the second child of Steven R. Stair. My relationship with my dad was great. He was always there when I needed anything. Growing up we would go camping and go on cruises with him even through my adult life. Dad loved going to baseball games in San Francisco and would call me when he was at the stadium to see if I could see him on TV. He walked me down the aisle at my wedding seven years ago and he was there when both my girls were born as a proud grandfather.

"My daughters, **Sectors** (**Constant** and **Sector** (**Constant**) always loved to go to Grandpa Steve and Grandma Cheryl's house all the time. Dad was always ready to get in the pool with the girls. He would be the one at the grill, cooking away for the whole family. This is one of the hardest things for us as a family – not to have our dad there when we have gettogethers, because it's not the same without him there. I talk to my girls all the time about their . Grandpa Steve so that they will never forget him. My dad was always a caring and hardworking man who would help someone if they were in need. Just as he did with many of his tenants.

LAW

"My husband Tony and my dad became very close the past few years. They both had the same interests, like hunting and camping. Tony, Dad, and my brother Jordan would go on hikes and "scouting-for-deer" trips. Dad enjoyed his time with Tony -- so much so that he got another bow and arrow to start back into bow-hunting again.

"Because my dad was taken from us unexpectedly, we have had many "firsts" (birthdays, college graduation, Father's Day) without my dad, and it's getting harder with each one. Every day has been a struggle for my family to get through each day. This struggle makes me upset and angry, because my dad would still be here if this man had never been released from jail. I feel the County and the City should be held accountable for the negligence that contributed to the death of my father."

#### Jared Russell Stair

Jared Russell Stair (d/o/b will testify as follows:

"I was very close to my dad, and always have been. He was one of the most genuine guys I've ever known. He helped everyone in our family and everyone who had contact with him. I really didn't even realize how many lives he touched until his funeral – the service was completely full and still had people in the hallway and outside. He helped me through so much while I was growing up. I am used to seeing him a lot each week – he loved to barbecue for all of us. I don't know exactly what to say except for he was the best dad in the world to me and my brother and sisters, and was the best to all our friends and the residents of their condos. I hate that I have to go to a cemetery to talk to my dad. He was taken from all of us way too early."

#### Jordan Ryan Stair

Jordan Ryan Stair (d/o/b will testify as follows:

"My dad was an amazing father, husband, and best friend.

"The saying that you don't know how good you have it until it's taken away certainly holds a lot of truth. Although I've always been grateful for my upbringing, I have certainly come to a deeper understanding at just how amazing my father was in the months after his death. As I was growing up, my mother and father held and taught strong core values such as respect, honesty, dedication, teamwork, and generosity. As my brother and I grew up we were

continually praised by others for showing these same traits. I began to wonder why so many of my friends' parents, teachers, and peers seemed surprised at our level of maturity. It wasn't until my late teen years that I realized just how blessed I was for having such an amazing upbringing. Looking around me I saw just how rare it was to have parents that taught and held such strong values. My dad and mom dedicated themselves to providing for our family and the community. Having already worked as a meat cutter for twenty two years alongside my mom who worked the deli, there was no question that they were a great team. When I was a baby they bought a KFC that was on the brink of closing down. In the years following they turned the business into the top fast food restaurant in our town, and held the title as having the Number One KFC buffet in the world (rated by KFC Corporate). Their success was due to two key factors: lots of hard work, and a very social and generous owner. My dad continually reached out to the community by donating food, money, and time to organizations such as Boy and Girls Club, local schools, and local events. His social and loving personality touched the hearts of many, and he quickly gained the title of "Steve Stair the chicken man."

#### The move to Phoenix

"After my brother and I moved to Phoenix, in December 2007 to attend college, it wasn't a year later that my parents moved over as well. Being raised in Arizona themselves, it was always their dream to retire and live out their golden years here in Phoenix. Instead of retiring, they found themselves managing over 100 condos here in the valley. For a husband and wife

that had worked side by side for almost thirty years it was an endeavor I knew they could handle. My dad was a very handy man, so it was unnecessary to hire any third party maintenance companies. My mom took care of the books, and my dad all the maintenance, showings, and collections. Because the condos were in low-income areas, I liked the fact that my dad was continually faced with opportunities to help others out – something that brought my dad so much joy in life. When tenants ran into financial difficulties, which were very common, he would allow them to clean, paint, or repair units to compensate for their rent (and always on something that he otherwise wouldn't have needed help with). Just like the customers at KFC, all our tenants just praised my dad for being such a nice and generous man.

## His final years

"Each part of my childhood holds its own special memories with my father, but the ones I cherish most are the last few years I had with him. I decided a few years back that I wanted to pick up archery – something I hadn't realized would make my dad completely overjoyed. My dad grew up shooting archery and hunting, but I had no idea just how passionate about it he was. We immediately went out and bought two bows with all the accessories. We spent two days building a large target that was far better than any you could buy in stores. He spent the following year teaching me how to shoot the bow – something that is a lot more intricate than pulling back and letting go. I found that what had started as a desire to learn the trade of archery quickly because an outlet that would bring me and my dad closer together than we had ever been.

Although I always loved my father and was so thankful for the way he raised me, it wasn't until this point that I realized my father could also be my best friend. I began to hunt with him and enjoyed the opportunity to learn from someone as experienced as he was. In the two hunting seasons we had together we did not get an animal, but I had a blast, and learned a lot.

#### My dad was gone

"I will never forget the day Bobby Hoover took my dad's life. I was leaving my apartment on the way to class when my mom called me crying. Hysterical, she told me my dad had been shot, and I needed to get to the hospital. I soon found out that my dad was dead. As many people typically do, I felt like nothing like this could ever happen to me or my family. The reality is you just never know. I am going to have to spend the rest of my life without a father.

#### Life without him

"Months have passed and it's still hard to imagine life without my dad. Since he has passed he has already missed my college graduation, and he's missed me falling in love with a girl he had barely gotten to know. He missed out on father-son conversations about marriage, life, and planning my future. In the future he will be absent at my wedding, he will not be there to congratulate me on my first successful hunt, he will not be there to help me start my own business, and my future kids will only hear stories about their grandfather.

"The list goes on and on. What aggravates me the most is that all of this could have been prevented. If Bobby Hoover was in jail where he belonged, my dad would speak at my wedding, he would hunt with me every year, he would spend any spare time he had helping me with my business, he would tell stories to my kids about how cool their own dad is – and again the list goes on and on."

### Dean Russell Stair and Della Mae Stair

Dean Russell Stair (d/o/b **barrents**) and Della Mae Stair (d/o/b **barrents**) are the surviving parents of Steve Stair. Consistent with the principles announced in *Backus*, it is unnecessary for wrongful death claimants to supply detailed information concerning their general damages in a notice of claim, but the parents of Steve Stair will testify about their relationship with their childhood and adult son and about the tragedy of the death of a child (the impact of which on surviving parents is well understood). Dean Russell Stair and Della Mae Stair will additionally testify as follows:

"Not a day goes by that we don't miss or think of Steve. He used to visit us three to four times a week. He would take care of anything that needed to be done in our house. He and Cheryl worked together as a team. They put up blinds in our house and laid a stone patio for us. We would sit and talk over a drink together.

"Steve was born here in Phoenix and when he was a child I (Dean) worked for Western Electric and whenever I had to leave home for an extended period of time we would take him and his two brothers out of school and move temporarily to my work location. We lived in Oklahoma, Iowa, Colorado, and many other places. I think that experience living in many

LAW

"His death has affected the whole family very deeply. His mother, two brothers, and I miss him very dearly."

#### Cheryl's Special Damages

different places helped him as a child.

Steve Stair was 57 years old at the time of his death. The mortality tables demonstrate that his life expectancy was 23.61 years. The Stairs have been operating the property management business described hereinabove, and due to Steve's death, Cheryl has been forced to incur business expenses and will be forced to eliminate some of the condominium management inventory at significant income losses (also described hereinabove by Cheryl).

Cheryl has been forced to pay replacement maintenance personnel at \$30 dollars per hour for about 15 hours per week, representing an expense of roughly \$1900 per month (or \$22,500 per year). If she is forced to liquidate her management inventory by half, she will lose income of roughly \$3000 per month (or \$36,000 per year). Therefore, if she is forced to stop managing half of her current inventory for ten years, she will lose \$360,000 (at present value) but will need to

incur additional expenses for substitute maintenance for the remaining units (*i.e.*, half of her current additional expense of \$22,500 per year, or \$11,250 per year for ten years = \$112,500). Therefore, at present value, Cheryl's special damages for running the family property management business are approximately \$472,500 if Cheryl continues to operate the business at the anticipated reduced capacity for ten years.

#### Demand

Revised Arizona Jury Instructions -- Personal Injury Damages 3 summarizes the various damages that a statutory beneficiary may recover for wrongful death, which include the "loss of love, affection, companionship, care, protection, and guidance since the death and in the future," "the pain, grief, sorrow, anguish, stress, shock, and mental suffering already experienced, and reasonably probable to be experienced in the future," and the "income and services that have already been lost as a result of the death, and that are reasonably probable to be lost in the future." For purposes of compliance with the notice of claim statute, "the statute does not require the notice to provide a specific calculation of each element of damage but only a total amount," *Yollin v. City of Glendale*, 219 Ariz. 24, 34, ¶ 34, 191 P.3d 1040, 1050 (Div. 1, 2008).

Incident: Poss of dangerous drugs/weapons violationD.R. 2013-011132MC# 2014-089256Location:Phoenix, ArizonaDate:05-15-2014Victim: State of Arizona

On May 15<sup>th</sup> 2014 members from the Maricopa County SWAT unit executed search warrant number 2014-004338 at the search in Phoenix, Arizona.

Detective Honea of the Maricopa County Sheriff's Office Violent Crimes Unit was conducting an ongoing criminal investigation which he authored the above search warrant.

I was assigned to execute the search warrant by searching the property after it was secured. I noted that there was three female(s) located inside the residence at the time the warrant was executed by SWAT.

One of the females, I later learned was a Janice Rudy-Martinez, who was visiting the owner of the property. SWAT Operator C. Reale told me that when he entered the residence he encountered Janice in the front living room on the sofa. Operator Reale positively identified Janice as the one sitting on the sofa at the time of entry. I asked him if she moved and or made any other movements as they made entry and he told me no and that she was caught off guard.

I later asked Janice as well as the other females inside the house if they had any property that belonged to them inside the house. Janice told me that she had some bags and her purse in the living room by the sofa.

Detective Osborn of the Maricopa County Sheriff's Office Violent Crimes Unit had contacted Janice for an interview. She told him that she was there for approximately three hours prior to the search warrant. She then told him that her husband was in Tucson and that she was dropped off by a person and that she didn't want to give their names. The interview was then concluded.

Supplemental Report

Incident: Poss of dangerous drugs/weapons violation							
D.R. 2013-011132	MC# 2014-089256						
Location:	Phoenix, Arizona						
Date:05-15-2014	Victim: State of Arizona						

I entered the residence through the carport area of the residence, which was a hallway that led to the main living room and to another hallway. In the living room, I saw a sofa against the east wall and another sofa against the south wall. Against the east wall that separated the living room and kitchen was a TV on a cabinet. I immediately saw several bags and a purse on the floor next to the sofa against the east wall.

At approximately 1900 hours, Detective Osborn and I started to execute the search warrant by searching.

I started with the search of the main living room. I recovered the purse off the floor that was next to the sofa. I immediately noted that the purse was heavier than usually and possibly something like a metal object inside. The purse was partially opened at the top and I noticed that there was a handgun in a holster inside the purse. I removed the weapon (with gloves on) and checked to see if the weapon was loaded. I noted that there was NO round chambered but a fully loaded magazine of 45 caliber ammunition was inserted into the weapon.

I then saw a black colored wallet inside the same pocket (middle area of pursc) as the gun/holster. I opened the wallet and immediately saw an Arizona Driver's license bearing the name Janice Rudy-Martinez, it also displayed the picture of Janice and it was the same person contacted inside the residence.

As I looked at the driver's license there was another pocket in the wallet by the ID's and I could see the top of what uppeared to be a seal. The seal appeared to be the kind of seal that is commonly used to hold illegal drugs.

<b>D.R</b> . 2013-011132	MC# 2014-089256
Location:	Phoenix, Arizona

	•

I removed the seal and I immediately saw a white powder like substance, which appeared to be an illegal drug. This is based on my and experience with the white powder drugs. Also in the same pocket as the seal with the white powdery substance was a Hells Angel support sticker.

Based on the discovery of the drugs with a weapon, I contacted the case agent (Det. Honea) and advised him of my discoveries. Since the original search warrant didn't include drugs and or weapons, I asked for him to draft a new search warrant asking for these item(s) and Janice to be listed on the new warrant.

At approximately 1947 hours the powdery white substance tested with a field test kit and it tested positive for the presence of methamphetamine. I again contacted Det. Honea and told him the substance was methamphetamine, which is a dangerous drug in a usable condition.

The purse and the item(s) located in the purse were placed back in the area where they were discovered.

I then re-contacted Janicc and told her that she was under arrest. She was then placed in handcuffs.

At approximately 2156 hours, I was told that search warrant number 2014-004365 was signed. Det. Osborn later recovered the items and listed on a search warrant log, which a copy is attached to this report.

Supplemental Report

Incident: Poss of dangerous drugs/weapons violation D.R. 2013-011132 MC# 2014-089256 Location: Monte Content of Arizona Date:05-15-2014 Victim: State of Arizona

The weapons serial number was check and it was NOT report as stolen.

At approximately 2100 hours, I advised Janice of her Miranda warnings at the back of my unmarked detective vehicle to which she said she understood her rights. The interview was recorded and a copy of the recording will be placed into MCSO property as evidence. The following is from the recording but is NOT word for word.

She was asked why she thought she was read her rights and she told me that she didn't know. I made the comment, you told me where your purse was at and she shook her head in an affirmative manner and made the sound hum huh. I then said that we found her ID in the purse and that's when I asked her what else she thought we found in her purse. Janice responded, I have the right to remain silent, right? I told her that she does. I asked

her that she didn't want to talk and she stated no thank you. I then concluded the interview.

Janice was later transported and booked into the 4<sup>th</sup> Ave jail for:

- 1. Possession of Dangerous drug
- 2. Possession of drug paraphernalia (baggy that contained the drug)
- 3. Misconduct involving weapons (having a gun with drugs)

The white powdery substance will be sent to the Department of Public Safety Lab for further analysis.

All item(s) items seized will be placed into MCSO property as evidence.

Search Warrant number 2014-004365 was returned by Det. Honea on May 16th 2014.

DETECTIVES STARTED TO SEARCH THE RESIDENCE IN ACCORDANCE OF THE SEARCH WARRANT AND AS I REACHED THE MAIN LIVING ROOM AREA BY THE SOFA, I NOTICED A PURSE AND SOME BAGS. I NOTICED THE PURSE WAS EXTREMELY HEAVY TO THE TOUCH. I OPENED LOOKED INTO THE PURSE WHICH HAD THE TOP OPENED. I IMMEDIATELY SAW A HANDGUN IN A HOLSTER. I ALSO SAW A BLACK WALLET NEXT TO THE GUN IN THE PURSE. I OPENED THE WALLET TO SEE IF THERE WAS ANY ID INSIDE AND AS I LOCATED THE ID I SAW A SMALL CLEAR BAGGY WITH A WHITE POWDER SUBSTANCE. THE SUBSTANCE APPEARED TO BE AN ILLEGAL DRUG, WHICH I BELIEVED WAS METHAMPHETAMINE. I LATER FIELD TESTED THE SUBSTANCE AND IT TESTED POSITIVE FOR THE PRESENCE OF METHAMPHETAMINE. On Wednesday, May 14<sup>th</sup> 2014 at approximately 0900 Hours I met with Detective R. Shetler #1077 at the Maricopa County Sheriff's Office Special Investigations Division reference potential information related to a Murder for Hire.

Detective Shetler explained to me that he had met with a source of information related to an ongoing narcotics investigation. During this conversation the source indicated that an inmate, Michael Johnson (T059555) who is currently housed in the Maricopa County Jail

Investigator: Detective G. Honca #1336 Typed by: S1336 Reviewer: Sergeant B. Hamill #1372 File#: 2014011117gh.000 -1- 7734-13725/20/14

system had ties to other individuals involved in the trafficking of illegal drugs. During the course of the investigation, Detectives were able to determine that Johnson was reaching out to different associates on the street in an attempt to locate and silence a potential codefendant and or witness in one of his cases by the name of "Vanessa" or "V". Through some research, Detectives determined the subject being sought by Johnson was named Vanessa Hatcher.

As part of the investigation, Detectives began listening to Jail calls made by Michael Johnson while in custody at Maricopa County Sheriff's Office Durango Jail. The following are a summary of numerous calls made by Michael Johnson to numerous people who were not in custody. This is only a summary of the calls and not word for word. For additional information regarding the exact conversations, recordings of these

calls would need to be reviewed.

Date: May 15<sup>th</sup> 2014 Location: Durango Jail / 3225 W, Gibson Lane Phx, AZ Incident: Conspiracy to Commit 1<sup>st</sup> Degree Murder Incident #: 14-0011117 MC#: 14-089048 Victim: Vanessa Hatcher

defendant and or witness in one of his cases by the name of "Vanessa" or "V". Through some research, Detectives determined the subject being sought by Johnson was named Vanessa Hatcher.

Detectives learned that Johnson was enlisting the assistance of a subject named Staci Hamilton to locate Vanessa as well as conduct business on the street on his behalf. Through information gathered, Detectives determined that it appeared Staci was actively attempting to locate Vanessa on Johnson's behalf and at one point indicated to Johnson that she believed she had located her. It appears Staci was then instructed by Johnson to contact a subject who Detectives later identified as Keith McCollough to pass along the information she had obtained regarding Vanessa. Keith is a documented member of the Hell's Angels Motorcycle Club. Detectives later learned that on May 1<sup>st</sup> 2014 McCollough was arrested by the Maricopa County Adult Brobation Department for McCollough was arrested by the Maricopa County Adult Probation Department for McCollough several prohibited firearms as well as several ounces of methamphetamine and other drugs. Detectives also learned that unknown member(s) of the Hell's Angels Tueson chapter have traveled to the Phoenix area to take the place of Keith since his arrest.

Based on the information gathered by Detective Shetler during his investigation, it appears that there is a credible threat against the life of Vanessa Hatcher. At this point Detectives with the Maricopa County Sheriff's Office Violent Crimes Unit assumed this portion of the investigation. Sergeant B. Hamill #1372 then assigned me as the case agent.

That the following facts establish probable cause for believing that grounds for the issuance of a search warrant for the aforementioned persons, places, vehicles and items of property exist:

On March 6<sup>th</sup> 2014, the Phoenix Police Department (PPD) arrested Michael Johnson. Michael Johnson a.k.a. Bronco Mike a.k.a. Bronco. A search warrant was served at Michael Johnson's house which led to Michael Johnson being arrested.

The Phoenix Police Department (PPD) made a-traffic stop on the vehicle after it was observed leaving Michael's house. During the stop, dangerous drugs which Michael had just recently sold to the occupants of the stopped vehicle were found and seized. A search warrant was authored, granted and served at the Michael Johnson residence. This led to Michael being arrested on the following charges:

-Possession of dangerous drugs

-Possession of drug paraphernalia

-Money Laundering

-A previously convicted felon being in possession of a prohibited weapon

-Being in possession of a prohibited weapon during the course of a drug violation

During this same time period, agents from Drug Enforcement Agency (DEA) were also investigating Michael Johnson reference his drug trafficking activity. Per Special Agent (SA) K. Miller of the Cheyenne Wyoming District DEA; Michael was the target of an (SA) K. Miller of the Cheyenne Wyoming District DEA; Michael was the target of an example for chimping a lame quantity.

ongoing investigation in which he (Michael) was reoperative for employing a large ground, of methamphetamine from Phoenix, Arizona to Cheyenne. The amount of illegal drugs intercepted by DEA Wyoming was about 30 pounds of methamphetamine.

Agent Miller traveled to Phoenix, Arizona and interviewed Michael Johnson after he (Michael) had been arrested by Phoenix Police Department (PPD).

In April 2014, Detectives interviewed a source of information (This source has not been vetted as being reliable). Some of the information provided was that a guy named "Bronco Mike" had recently been arrested by the Phoenix Police Department (PPD) on dangerous drugs charges.

Checking locale law enforcement record bases, it was determined Officer Justice of the Phoenix Police Department (PPD) had arrested Michael Johnson, Detectives contacted Officer Justice. Officer Justice stated he is currently assigned to the Phoenix Police Department's Major Offenders Unit.

Justice told Detectives that he did arrest Bronco after serving a search warrant at Michael's house. Officer Justice said the Michael Johnson is affiliated with numerous members of the Aryan Brotherhood, and several members of the Hells Angels Biker club.

Officer Justice stated that he was aware the DEA Wyoming was also looking into Michael Johnson's drug trafficking activities.

Officer Justice stated Michael Johnson was a very active drug trafficker specializing in methamphetamine distribution. Justice stated he wouldn't be surprised if Michael was still trying to keep his operation going while incarcerated.

Based on Officer Justice's observation and description of Michael's activities, Detectives began listening to the phone calls being made by Michael while in custody of the Mancopa County Sheriff's Office Durango Jail facility.

During this time Detectives also contacted SA Miller of the Wyoming DEA. Miller stated that he did in fact interview Michael reference his (Michael's) drug trafficking activities (more specifically, reference sending a large quantity of methamphetamine to Wyoming). Per SA Miller, Michael gave a complete proffer.

The following are a series of inmate telephone calls made by Michael Johnson to several persons not in custody:

03-14-14: Michael tells Robert Hutto that Vanessa (A co-defendant of Michael's reference the Wyoming DEA case) needs to keep it zipped if they are expected to walk (meaning not talk to the police and or prosecutors)

head have a stand in the stand have a stand have a stand friend

03-15-14; Michael tells Robert Hutto that Stage manimorcial a good marine.

03-15-14: Staci tells Michael she will come visit him once she gets a fake ID. Per Staci she is banned from visiting anyone incarcerated in the Maricopa County Sheriff's Office Jail System. Staci told Michael she will use an ID with the name "Tennille Marie Seeglitz" (per the inmate visitation log, a person using an ID with the name Tennille Marie Seeglitz visited Michael several times with the last visit on 04-21-14, several calls have been intercepted between Staci and Michael where Staci states she will visit him. The visitation log confirms a person using an ID with the above listed name then visits Michael).

03-23-14: Michael tells Keith McCollough that Staci is good and she takes care of business.

03-25-14: Michael and Keith McCollough talk about the Feds (DEA agents from Wyoming) and the fact they believe Vanessa was picked up by them. Both express their hopes she (Vanessa) is good. (When someone who is in a custody setting uses the term "IS GOOD" it means they hope the person in question hasn't flipped and or became a snitch).

03-26-14: Michael tells "Bobbi" Friend Staci with the Charger is going with Robbie to Bobbie's house to meet up with Steve. She is doing stuff for him. He had money mailed to her and she is going to take care of that.

Bobbie said V girl didn't get locked up because she was on the internet

03-29-14: Michael and Staci talk and during this Staci says She went and seen Carpet last night. He interrupts and said for her to come and visit and tell her then. He said his attorney said not to talk over the phone and only talk about stuff during visits. She asked if he got the money yet from the one friend. He said no but his friend Bob was working on the other part of that "one thing".

04-10-14; Staci tells Michael that something wrong with Robert Hutto. Per Staci he isn't acting right. She is becoming suspicious of him.

04-20-14: Staci talks to Michael about Keith McCollough. Staci refers to Keith as "homeboy"

04-21-14: an Unknown female (possibly a female named Jackie) tells Michael that "V" (referring to Vanessa) obtained the services of an attorney

04-25-14: Michael speaks with Lindsay and Bobble. Bobbie asked Michael if he heard from or about their girl "V", Michael responds with "yeah not good OK". Michael goes on to say he thinks Vanessa made a phone call to the police which started this whole process and Michael being arrested.

04-27-14: a call between Michael and Staci:

Stani" So when I saw, when I saw homeboy (Keith McCollough), um last night, he came

to my house and um, um it was inflated"(*Meaning the price of the work/hit just went up*) Mike: "it was what"

Staci: "inflated"

Mike: "wait, wait, wait, it was what"

Staci: "it was inflated, it, it um, the the price had gone up"

Mike: Oh ok, ok well that don't, that don't surprise me"

Staci" yeah well and and that's ok"

Mike: yeah"

Stacl:" just um because how he explained it to me um the roters and stuff that he put on my or the car are the best of the best" (The use of car part terms is commonly used when individuals talk about murdering someone or in a murder for hire plot)

Mike: "the parts that he got are"

Stack:" it doesn't matter about the squeaking and all that, you know what I mean" (Squeaking is a term used to describe someone who has talked to the police and or prosecutor)

Mike: "yeah well you know if you sell the car you can always add to it, the price, you know"

Staci: "Exactly"

Mike: "you know you have to adjust the price on it. Yeah ok cool, "

Staci: "K"

Mike: "alright uh"

Staci: "so everything is good there um how are you doing how are you doing with money on your books are now"

At the 4:05 minute mark: Staci said she figured out where her cousin lives.

Stacl: so hey us I figured out where my cousin lives (Staci sounds like she figured out where Vanessa has been staying. Per SA Miller, Vanessa is being sequestered by the Federal Government as a result Wyoming DEA Investigation. This information has been forwarded to SA Miller) Mike: for who Staci: where my little cousin lives Mike: Yeah Staci: yeah Make: ok, Staci: yep, little squirt Mike: who, who's that, the one Staci: little squirt Mike: oh you did. Staci: Yeah (Staci indicates she figured out where Vanessa has been staying) Mike: hum, wow, ok Staci: ok Mike: yeah, yeah, that's, Ok Staci: (glggling) Mike: Yeah Steci: k Mike: I don't know how you did that but that's good (Michael agrees that is good

(ntormation)

Staci: Yeah, the Biker (reference Staci going to call Keith McCollough) Mike" oh, ok, ok

Staci stated she was going to call Keith McCollough and tell him where he can find Vanessa. Keith is a well-known member of the Hell's Angels motorcycle club in Phoenix, Arizona. At the time of this call, Keith was out of custody on a surety bond reference a Tampening with a Witness charge from an out of State jurisdiction.

While listening to Michael's jail calls; Michael has instructed Staci Hamilton to go to several different places on his behalf. Staci has been observed by surveillance unit complying with his request. While complying with Michael's request Staci utilized her 2013 Dodge Chatlenger.

Additional phone calls indicate that Staci has traveled to numerous other locations to meet with persons at Michael Johnson's direction.

On May the 1<sup>st</sup>, 2014, Keith McCollough was arrested by Maricopa County Adult Probation Department. The Probation department conducted an in-home visit which led to the discovery that Keith was in possession of several prohibited weapons, 7+ ounces of methamphetamine and other drugs. He was booked in the 4<sup>th</sup> Ave Jail.

That the following facts establish probable cause for believing that grounds for the issuance of a search warrant for the aforementioned persons, places, vehicles and items

of property exist:

On March 5<sup>th</sup> 2014, the Phoenix Police Department (PPD) arrested Michael Johnson, a.k.a. Bronco Mike, a.k.a. Bronco. A search warrant was served at Michael Johnson's house which led to Michael Johnson being arrested.

The Phoenix Police Department (PPD) made a-traffic stop on a vehicle after it was observed leaving Michael's house. During the stop, dangerous drugs which Michael had just recently sold to the occupants of the stopped vehicle, were found and seized. A search warrant was authored, granted, and served at the Michael Johnson residence. This led to Michael being arrested on the following charges:

-Possession of dangerous drugs

-Possession of drug paraphernalia

-Money Laundering

-A previously convicted falon being in possession of a prohibited weapon -Being in possession of a prohibited weapon during the course of a drug violation

During this same time period, agents from Drug Enforcement Agency (DEA) were also investigating Michael Johnson reference his drug trafficking activity. Per Special Agent (SA) K. Miller of the Cheyenne Wyoming District DEA; Michael was the target of an ongoing investigation in which he (Michael) was responsible for shipping a large quantity of methamphetamine from Phoenix, Arizona to Cheyenne. The amount of illegal drugs intercepted by DEA Wyoming was about 30 pounds of methamphetamine. Agent Miller traveled to Phoenix, Arizona and interviewed Michael Johnson after he (Michael) had been arrested by Phoenix Police Department (PPD).

In April 2014, Detectives interviewed a source of information (This source has not been vetted as being reliable). Some of the information provided was that a guy named "Bronco Mike" had recently been arrested by the Phoenix Police Department (PPD) on dangerous drugs charges.

Checking local law enforcement record bases, it was determined Officer Justice of the Phoenix Police Department (PPD) had arrested Michael Johnson. Detectives contacted Officer Justice. Officer Justice stated he is currently assigned to the Phoenix Police Department's Major Offenders Unit.

Justice told Detectives that he did arrest Bronco after serving a search warrant at Michael's house. Officer Justice said the Michael Johnson is affiliated with numerous members of the Aryan Brotherhood, and several members of the Helis Angels biker club.

Officer Justice stated that he was awars the DEA Wyoming was also looking into Michael Johnson's drug trafficking activities.

Officer Justice stated Michael Johnson was a very active drug trafficker specializing in methamphatamine distribution. Justice stated he wouldn't be surprised if Michael was still trying to keep his operation going while incarcerated.

Based on Officer Justice's observation and description of Michael's activities, Detectives began listening to the phone calls being made by Michael while in custody of the Maricopa County Sheriff's Office Durango Jali facility.

During this time Detectives also contacted SA Miller of the Wyoming DEA. Miller stated that he did in fact interview Michael reference his (Michael's) drug trafficking activities (more specifically, reference sending a large quantity of methamphetamine to Wyoming). Per SA Miller, Michael gave a complete proffer.

The following are a series of inmate telephone calls made by Michael Johnson to several persons not in custody:

03-14-14: Michael tells Robert Hutto that Vanessa (A co-defendant of Michael's reference the Wyoming DEA case) needs to keep it zipped if they are expected to walk (meaning not talk to the police and or prosecutors)

03-15-14: Michael tells Robert Hutto that Staci Hamilton is a good friend.

03-15-14: Staci tells Michael she will come visit him once she gets a fake ID. Per Staci

she is banned from visiting anyone incarcerated in the Maricopa County Sheriff's Office Jail System. Staci told Michael she will use an ID with the name "Tennille Marie Seeglitz" (per the inmate visitation log, a person using an ID with the name Tennille Marie Seeglitz visited Michael several times with the last visit on 04-21-14, several calls have been intercepted between Staci and Michael where Staci states she will visit him. The visitation log confirms a person using an ID with the above listed name then visits Michael).

03-23-14: Michael tells Kelth McCollough that Staci is good and she takes care of business.

03-25-14: Michael and Keith McCollough talk about the Feds (DEA agents from Wyoming) and the fact they believe Vanessa was picked up by them. Both express their hopes she (Vanessa) is good. (When someone who is in a custody setting uses the term "IS GOOD" it means they hope the person in guestion hasn't flipped and or became a snitch).

03-26-14: Michael tells "Bobbi" Friend Staci with the Charger is going with Robbie to Bobbie's house to meet up with Steve. She is doing stuff for him. He had money mailed to her and she is going to take care of that. Bobbie said V girl didn't get locked up because she was on the internet

03-29-14: Michael and Staci talk and during this Staci says she went and seen Carpet last night. He interrupts and said for her to come and visit and tell him then. He said his attorney said not to talk over the phone and only talk about stuff during visits. She asked if he got the money yet from the one friend. He said no but his friend Bob was working on the other part of that "one thing".

04-10-14: Staci tells Michael that somethings wrong with Robert Hutto. Per Staci he isn't acting right. She is becoming suspicious of him.

04-20-14: Staci talks to Michael about Keith McCollough. Staol refers to Keith as "homeboy"

04-21-14: an Unknown female (possibly a female named Jackle) tells Michael that "V" (referring to Vanessa) obtained the services of an attorney

04-25-14: Michael speaks with Lindsay and Bobbie, Bobbie asked Michael if he heard from or about their girl "V", Michael responds with "yeah not good OK". Michael goes on to say he thinks Vanessa made a phone call to the police which started this whole process and Michael being arrested.

04-27-14: a call between Michael and Staci:

Staci:" So when I saw, when I saw homeboy (Keith McCollough), um last night, he came to my house and um, um it was inflated"(Meaning the price of the work/hit just went up) Mike: "It was what"
