RULING

IN CHAMBERS RULING RE: DEFENDANT'S MOTION TO DISCHARGE DEFENDANT FROM PROBATION AND DESIGNATE CHARGE A MISDEMEANOR

The Court has received the above captioned motion, as well as input from the State and the Adult Probation Department. Based on these pleadings, the Court concludes that defendant's request for early discharge from probation is warranted.

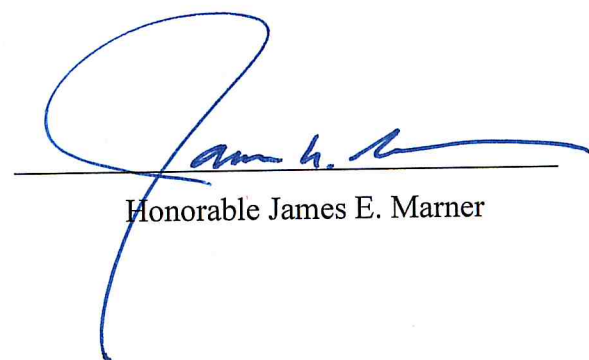

Accordingly,

IT IS ORDERED that defendant is discharged from probation under this cause number as of the date of this order. Adult Probation is directed to submit an order of termination of probation to the Court for signature.

Regarding the request that this matter be designated a misdemeanor, the Court concludes that this request is premature.

Accordingly,

IT IS ORDERED that defendant's motion to designate this matter as a misdemeanor is **DENIED** without prejudice.
