

Certainly! Here is a step-by-step instruction manual for the DIY installation of EzyFit Ezy Channel Outdoor Blinds:

Step 1: Gather the necessary tools and materials:

- EzyFit Ezy Channel Outdoor Blind kit
- Measuring tape
- Pencil
- Electric drill
- Drill bits (3mm and 6mm)
- Spirit level
- Step ladder
- Screwdriver
- Screws (provided in the kit)
- Brackets (provided in the kit)
- Cord lock (provided in the kit)

Step 2: Measure and mark the installation area:

- Determine where you want to install the blinds and mark the positions on either side of the window or opening with a pencil.
- Measure the width and height of the opening to determine the size of the blinds you will need.

Step 3: Mount the brackets:

- Hold up one of the brackets against the wall at the marked spot and use a spirit level to ensure it is straight.
- Use an electric drill with a 3mm drill bit to pre-drill holes for the screws.
- Secure the bracket in place using the provided screws. Repeat this step for the other side.

Step 4: Install the channel tracks:

- Take the Ezy Channel tracks and insert them into the brackets. Slide them all the way in until they are secure.

- Use a spirit level to make sure the tracks are level. Adjust if necessary.

Step 5: Attach the blinds:

- Unroll the outdoor blind and insert the bottom edge into the lower channel track. Gently guide it up until the entire blind is in place.
- Repeat this step for any additional blinds.

Step 6: Secure the blinds:

- Use an electric drill with a 6mm drill bit to pre-drill holes through the upper channel track where indicated by the manufacturer.
- Insert the provided screws into these holes and tighten them using a screwdriver.

Step 7: Install the cord lock:

- Decide on the desired location for the cord lock and pre-drill two holes using a 3mm drill bit.
- Align the cord lock with the holes and secure it in place using the provided screws.

Step 8: Adjust and test the blinds:

- Lower the blinds to the desired position and ensure they are level using a spirit level.
- Make any necessary adjustments, such as tightening or loosening the blind tension, to achieve the desired effect.

Congratulations! You have successfully installed the EzyFit Ezy Channel Outdoor Blinds. Enjoy your new outdoor space!
