

## COMMUNITY ENERGY SAVINGS DAY

---

### What is a Community Energy Savings Day?

A response program for when demand for electricity is expected to be high. This can occur during very hot or very cold weather, when homes and businesses are using high amounts of electricity at the same time.

### Use less energy during peak times.

Peaks times are likely to occur Monday-Friday from 1 to 6 p.m. on days that are extremely hot and humid or between 7 to 9 a.m. and 6 to 8 p.m. on days that are extremely cold.
