

BEAST FANG THE MOVIE

The making of Moobie process

STAGE 1:

**Leslie Wenlock &
Tom Poole,**

**Two mates got together in the pub and had a
stupid idea over a pint to meet up and make a
movie**

STAGE 2:

**Realised they've no skills/talents/equipment/
money/knowledge decided to write the whole story
using stickmen on scrap paper while waiting for
pizza to be cooked.**

STAGE 3:

**Realised they've no acting talents nor anyone else
would be dumb enough to join in they've turned it
into a comic with photos in the blackinkcomix
headquarters...ouh la lahh**

STAGE 4:

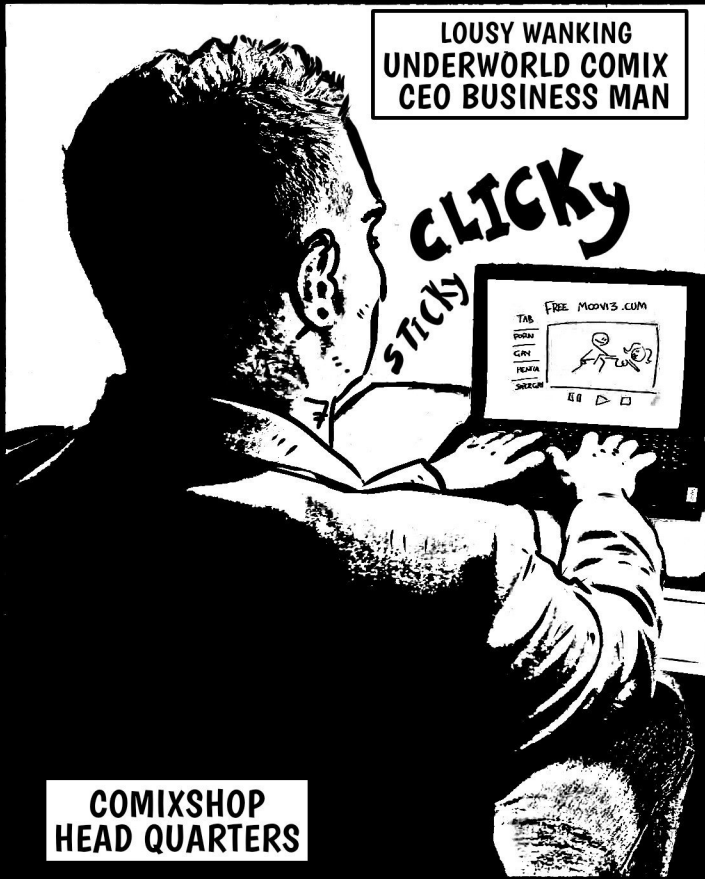

**After taking a good hard 40mins of shooting
they've made way to the Chinese, ate food then
went back to the pub. gave job roles to each
because they were too lazy to finish it that day.**

STAGE 5:

**Leslie edited the arty pages
together & Tom put the script in.
Over the nights well waiting for fortnite to update
over Facebook messenger like two adult men.**

Stage 6:

**Here we are . A shameless promotional comic..
pure junk.
I apologise but its definitely something different**
