

Did You Know, Vaccinated Federal Employees Should Be Concerned About Mandates?

Did you know, the CDC now refers to being “up to date” on Covid-19 vaccines & if you have only been injected with the “primary series” you are not considered “up to date”?

CDC Guidelines last updated on June 24, 2022

- Recommended **1 Booster** – Everyone ages 5 years and older should get 1 booster after completing their COVID-19 vaccine primary series.
- Recommended **2 Boosters** – Adults ages 50 years or older. Some people ages 12 years and older who are moderately or severely immunocompromised.

Did you know, a temporary injunction is in place, until September 2022, barring the enforcement of the President’s Executive Order mandating Covid vaccines & boosters for all federal employees as a condition of employment?

Did you know, if and when the injunction is lifted, federal employees can be forced to get the current Covid 19 vaccines & boosters & any & all reformulated boosters & vaccines that are being planned in perpetuity and federal employees who refuse will be fired?
