JUGANDO BROCHURE

JUGANDO: FUN. PRACTICAL. SAFE.

JUGANDO recycled rubber outdoor paver tiles provide play space protection after rainfall due to the porous tile drainage system, and they don't change during the freeze/thaw seasons. With several colors to choose from, these pavers aren't just for show, they're for safety too. They are slip resistant when wet which reduces injuries. JUGANDO paver tiles meet ADA standards and are ASTM certified, giving you comfort knowing your children are safe.

WHERE JUGANDO GOES TO WORK Our Low VOC, recycled rubber outdoor paver tiles have a unique interlocking design which stands up to continuous heavy traffic and work well in high-use spaces, including:

- outdoor play areas
- indoor play areas
- schools
- climbing wall facilities
- schools and daycares
- recreation and community centres

JUGANDO FALL SAFER SYSTEM

Our JUGANDO outdoor paver tiles can be paired with an additional fall safer layer increasing the fall height protection from our tiles:
