

SCHEDULE A

Bintelli's Warranty Claims Procedure

Dealer shall properly notify Bintelli via Bintelli's warranty forms and as follows Compensation for Parts Replaced under Warranty:

At the time that an Authorized Bintelli Dealer performs any "under warranty" service, the Dealer's agent must fill out a warranty repair request form through the Dealer Portal, which shall be submitted to Bintelli before the repair is completed. Failure to follow the procedure specified automatically precludes Bintelli from liabilities related to the Warranty repair specified herewith.

For the Authorized Bintelli Dealer to be able to provide this service, it is necessary that the vehicle owner / operator presents the retailer with proof of warranty registration completed at the time the unit is first delivered. Warranty restrictions are specified in Bintelli warranty documentation supplied to both Dealer and End user. Exclusions apply as noted in this documentation.

Parts catalogs are available upon request. The parts catalogs are provided to the Authorized Bintelli Dealers with the purpose of allowing them to become familiar with the replacement parts system as well as acknowledging their ability to order or purchase parts as it is necessary to affect repair of the unit.

In the case of warranty repairs all replaced parts are property of Bintelli. The Dealer will be required to retain defective parts for 1 month in case Bintelli requires that the defective part be returned to Bintelli prior to a replacement being sent, unless directed otherwise by the warranty department.

Bintelli represents that all replacement parts are both new and genuine. Only the following generic replacement parts may be installed without previous authorization: spark plugs, screws, clamps, fluids, tires, shocks, light bulbs, batteries, and fuses.
