

## WHO WE ARE

We belong to a family of tutoring Centers across 13 states. We provide **FREE** literacy intervention for children living with dyslexia. Our program is supplying children with the reading skills they need to excel while building the next generation of dyslexia intervention specialist through our nationally accredited training program.

Since 1994, our Children's Dyslexia Centers have changed the lives of 14,000 Children and Trained over 3,5000 educators.

## WAYS TO GIVE

The success of our Center is due to the dedication and involvement of volunteers, board members, and generous donors.

You can support this life-changing work and help children in our community discover the gift of reading today at:

## CHANGING LIVES

*"The Dyslexia Center has had such a positive impact on our daughter. We tried several avenues to help her with her reading, and they all failed. Reading would bring her to tears. After just seven months at the Center, her reading has improved dramatically. The little girl that once cried when she had to read is now reading chapter books for fun."*
