

September 7, 2024 meeting and plant swap were held at the home of Jonathan and Susie Poulton.

Present: Dave Bowden, Sherri Baldonado, Deb Browne, Marcia Petrun, Elaine Spencer, Susie and Jonathan Poulton, Delores Fuhrman, Curt Snowden, Cathy Chiavetta

Susie called the meeting to order at 11:47 AM.

Dave motioned and Deb seconded approval of the minutes from the April 20 meeting. Passed. Cathy gave the Treasurer's report: Our checking account balance is 5735.56, reflecting no change from the last report.

Announcements: Cherri Robb and Connie send their regards. Susie thanked all for coming and bringing plants. Deb thanked all who came to her garden in July.

### **New Business**

November 9 is the proposed date for a hybridizer's roundup meeting. Dave, Deb and Jonathan will present. Susie will look for a location. Longmont Library is not a good option due to a pattern of technical issues.

There was general agreement for having speakers for the winter meetings. Elaine suggested asking Agra Voltaics to present. Sherri suggested Danielle from the CSU Display Gardens. And perhaps a national daylily person in conjunction with the Gardens on Spring Creek.

A new stone sign provided by GOSC has been set in place in our display garden. The new metal sign saying "Daylily Garden" has arrived to replace the Hemerocallis sign. We need to figure out how to securely install it. It has three holes across the top and one at the bottom. Any ideas for a support bracket are welcome. Elaine recommended we check to see if standard installation methods are required by GOSC. The sign it is replacing should be removed but it appears to be set in concrete.

Jonathan reported the NW section of our display garden is looking good, but not the section SE of the raven sculpture. He suspects a problem with the drip irrigation and will check with Dillon or Eliza from GOSC and club members to find a date to investigate. This may be combined with fall cleanup. This will be in early October, before the water is turned off.

Everyone is encouraged to check out the website, especially member spotlights.

Plants were swapped. Jonathan's nearly 12' Mullein was admired by all.

Jonathan motioned and Sherri seconded to adjourn the meeting at 12:08 PM.

Respectfully submitted,  
Cathy Chiavetta
