ADVANCED EXECUTIVE PROTECTION

Tailored for individuals with prior executive protection experience, our Advanced Executive Protection course elevates existing skills to a more sophisticated level in the field of executive and dignitary protection. This advanced program further develops the fundamental executive protection foundation, emphasizing the refinement of crucial skills necessary for advanced strategies in this profession.

Participants are required to possess strong proficiency with a handgun to effectively engage with progressive shooting techniques and counterattack scenarios.

COURSE SUBJECTS

- Foundational principles of executive protection
- Comprehensive site and route surveys
- Assessing risk, threats, and vulnerabilities
- Security for residences and travel
- Understanding and application of force
- Techniques in defensive tactics
- Maneuvering on foot
- Managing arrivals and departures
- Protocol for motorcade operations
- Effective radio communication strategies
- Protocol, attire, and etiquette
- Emergency procedures and contingency plans
- Written and practical assessments, including local exercises

ATTIRE AND EQUIPMENT

- Business casual attire required daily (no jeans)
- Season-appropriate rain/weather gear
- Apparel suitable for defensive tactics training
- Business attire necessary for the final training exercise (suit, slacks, jacket, tie, and appropriate shoes)

RECOMMENDED EQUIPMENT

- A laptop computer or tablet (strongly recommended)
- A thumb drive (USB Stick)
- Camera or camera phone capable of direct download to the laptop.

REQUIREMENTS

- Minimum age requirement: 21 years
- Mandatory submission of a clean criminal background check without any felony records
