# CERBILLONA

This is another inventive 'design by you' collection to create a bespoke design suitable for the specified requirements. Unlike other ranges of this nature, it offers an even wider variety of compatible frames including different plate shapes and sizes hosting a number of single suspension drops, wall lamps and an impressive 2 tier chandelier. The expansive range of glass designs extend from a round chrome globe to a more unique tall iridescent cylinder. Presenting a collection that can be used to create individual designs on a grander scale.
