Buyer agrees that he/she will not sell, transfer ownership or possession of the dog or any of his/her progeny to any person or organization whose intent it is to resell (pet store), trade, or give away the dog, or use it in any experiments, laboratory or otherwise or to use it as breeding stock for a dog mill.

F. VACCINATIONS & VETERINARY CHECK

Intl. [REDACTED] All precautions have been made to ensure that this dog is in excellent health at the time of purchase including vaccinations that are up to date for the age of the puppy and have been dewormed on a regular basis. The dog has been vaccinated with a 5-way vaccine. A vaccination record will be made available for your vet. The Breeder/Seller's veterinarian has made a final health check and a current health certificate (if shipping) is included in your shipping packet. [Scotty's California Rottweiler Ranch LLC](#) (84GotRotts) is not against Organic All-Natural methods and for this reason we will not have any problems with anyone choosing not to continue to vaccinate AFTER your puppy vaccines are complete. Blood titer tests can be checked to see if the dog has proper immunity to the diseases in question.

Intl. [REDACTED] Buyer agrees to take the dog to a Veterinarian of his/her choice within seventy-two (72) hours of delivery of the dog. A full health check, including stool samples, must be done. If, within that 72-hour

period, a veterinarian finds the dog to be unsound, unhealthy, or possessing a serious genetic defect, then a statement in writing must be provided to the Breeder/Seller by the veterinarian which documents all defects for Breeder/Seller's veterinarian to review. Upon confirmation by Breeder/Seller's veterinarian of alleged fatal defects, Buyer may return the dog, registration and all puppy items and effects to the Breeder/Seller and receive a full credit of the purchase price towards a new puppy. All puppy assessment and transportation costs involved are the responsibility of the Buyer. The puppy in question must be returned to the Seller within 72 hours of the Vet Appt. or the contract will be immediately void. Within the 72-hour period, if for any reason the buyer elects to euthanize the puppy, the buyer MUST communicate with the Breeder/Seller via text, phone or email 24 hours before the puppy is euthanized or the contract will be immediately void. If for any reason the puppy would need to be replaced under the terms of this entire contract, the buyer MUST show proof of initial vet visit dated within 72 hours of pickup. If no proof of THIS vet visit is furnished at time of any replacement, the contract will be null and void. If for any reason the puppy is euthanized by a veterinary facility, the buyer must authorize the facility and staff that euthanized the puppy to communicate directly with and deliver all requested documentation directly to the Breeder/Seller or the contract will be immediately void. The seller is NOT responsible for the cost of veterinarian visits or assessments incurred for any reason whatsoever. The seller is NOT responsible for replacement or loss of life due to an accident or injury that the dog incurs in its lifetime; this includes problems that may occur years after an accident or injury as well as any accident or injury that can mimic the same signs as anything congenital. **VET RECORDS FOR THE ENTIRE LIFESPAN OF THE DOG MUST BE SENT TO SELLER IN THIS CASE!**

Intl. [REDACTED] The Breeder/Seller warrants the dog to be in excellent health but has not made and does not now make any further warranties as to the dog's condition after pickup. It is the buyer's responsibility to prevent illness and injury by providing necessary booster vaccinations, veterinary care, proper nutrition, fresh water, shelter, training and supervision. Breeder/Seller has made every effort to breed healthy dogs and has raised this dog to the best of their ability. Buyer agrees to hold Breeder/Seller harmless for any testicle trauma that may occur to the dog, after the dog is no longer in Breeder/Seller's possession. The Breeder/Seller makes no guarantee for loss of life for PARVO after the puppy has been picked up and in the care of the Buyer for 5 (five) days. There is no guarantee given for Coccidia, Giardia, or Kennel Cough which are commonly found in puppies that have recently gone under the stress of relocating, unless the puppy tests positive for this within the first 72 (seventy-two) hours. In this case, the seller agrees to pay no more than \$30 (thirty dollars) directly to the buyer's vet for purchase of antibiotics.

G. REGISTRATION & MICRO-CHIP

Intl. [REDACTED] Breeder/Seller certifies that the dog has been registered under the Regulations of the American Kennel Club as a purebred Rottweiler and will provide the proper forms for transfer of ownership of this registration. In some cases, registration can take time to finalize. The seller has up to 8 months to provide a registration application to the buyer and guarantees the buyer will receive registration papers.

Intl. [REDACTED] Buyer agrees that the Breeder/Seller's kennel name "84GotRotts" will prefix the beginning of the dog's registered name on the Registration certificate. If the buyer does not follow this registration procedure this contract in its entirety will be considered NULL & VOID. Buyer agrees to register transfer of ownership of the dog with AKC within sixty (60) days of receiving the AKC registration papers and that this transfer will be recorded in the name of the party listed on this contract. The Buyer also agrees that this

dog will not be registered with any other registration service other than the American Kennel Club or the Canadian Kennel Club. Dog must be microchipped within sixty (60) days of receipt. If Breeder/Seller has not already microchipped the puppy, Buyer shall furnish Breeder/Seller with brand of chip-set, location of chip-set on canine, and all serial and or reference numbers associated with identification of said dog Buyer agrees to provide microchip information to Breeder/Seller within sixty (60) days of receiving the dog. The microchip information is used for identification in the future should there be a problem with the dog. ALL PUPPIES AND DOGS FROM SCOTTY'S CA ROTTWEILER RANCH MUST BE REGISTERED & MICRO-CHIPPED!!! THIS IS PART OF YOUR CONTRACT & IS REQUIRED TO MAINTAIN A VALID CONTRACT!!!**

H. ONE (1) YEAR, FIVE (5) YEAR, LIFETIME HEALTH GUARANTEE

Intl. [REDACTED] HIPS/ELBOWS - Hips and elbows are guaranteed on this puppy not to be Moderately or Severely dysplastic per the Orthopedic Foundation for Animals (OFA) for NON-BREEDING or NON-SHOWING puppies and not to be less than a rating of FAIR for Full Registration (show & breeding Stock) up to the age of 24 months.

Intl. [REDACTED] To make a claim on hips, this puppy must be x-rayed at the age of twelve (12) months (Within 30 days of 12-month birthday) and then again at 24 (twenty-four) months, this includes up to 30 days from the pups actual 24-month birthday to allow time for x-rays. If there is any sign of dysplasia at 12 months the X-rays must be re-shot by a different vet within six (6) to eight (8) months later and re-evaluated and submitted to OFA. If after the second set of X-rays show a dog that is dysplastic per the agreement above, then the puppy may be replaced before the age of 24 months. If at 24 months there is a sign of dysplasia, buyer will have an additional 3 months to have the hips re-shot by a different vet and resubmit to OFA. If for any reason the dog's preliminary good or excellent at 12 months, and then fails OFA with a less than Mild at 24 months then it is considered an environmental issue and the hips will not be covered by the breeder. Having the hips preliminary tested at 12 months can also help the buyer and breeder detect any issues early in the puppy that may be deemed genetic versus situational. Seller reserves the right to request additional x-rays if they feel the x-rays were not set up correctly at buyer's expense.

Intl. [REDACTED] Since hip dysplasia can be caused by numerous factors that are not all genetic, it is the buyer's responsibility to keep the puppy on a balanced diet consisting of a NATURAL or HIGH GRADE (3-5 stars per www.dogfoodadvisor.com) Food. No corn or by-product should appear in the first 2 ingredients on the food. Puppy should NOT be jumping off couches, stairs, or out of cars or SUVs. The dog should be maintained at a healthy weight and not over exercised or under exercised. Please follow the feeding instructions listed on the dog food bag recommended by the breeder. If there are any questions, it is the buyer's responsibility to ask the breeder. Buyer understands that by not following the proper procedures listed above for Hip Dysplasia the contract will be considered null and void and will release the breeder from all responsibilities of a replacement puppy.

Intl. [REDACTED] HEALTH - The puppy will be replaced if the puppy were to die, in this time frame, of anything deemed congenital*. (see NuVet Plus® K-9 Wafers section in this contract) This includes, but is not limited to heart murmurs, blood disorders, organ failure, joint dysplasia, etc. This contract does NOT include cancer. If at any time the puppy dies from something a vet deems congenital, the buyer agrees to have an autopsy done to determine actual cause of death at buyers own expense. Seller agrees to replace the puppy per the

replacement terms defined in this contract, if the puppy were to have to be put down (by a vet) due to a congenital defect that makes it impossible for the puppy to live a happy, healthy, normal life.

Intl. [REDACTED] *Guarantee Exclusions: The seller does not guarantee nor make any guarantees for Entropion, Ectropion, Cherry Eye, Umbilical Cord Hernias, heart murmurs less than a level 3 (certified by a licensed vet that specializes in cardiology) or anything else that can be either fixed or does not impact the longevity of the dog's life. Heart Murmurs of grade 3 or higher ARE covered under our puppy replacement for show/ breeding stock. Viral, bacterial colds or infections such as Coccidia or Giardia (bloody stools) are a form of parasites or bacteria which are easily treated and are not covered in the health guarantee as they are natural things puppies can pick up. Umbilical Hernias also referred to as "outie" belly buttons, are not covered in the health guarantee. Puppies are naturally at risk for Coccidia or Giardia or worms which are often brought on by the stress of a new home, new food, new people, or just a change in environment. Cancer: Unfortunately, cancer is a big problem in all dogs. We have yet to find an exact science as to what causes the specific cancers in this breed. For this reason, we cannot confirm that any cancer is specifically hereditary or congenital. We do understand that having a strong and thriving immune system helps the body fight against cancer and other diseases, which is why we're able to extend our guarantee ([NuVet Plus® K-9 Wafers Immune System Builder and Life's Abundance Section](#)).

Intl. [REDACTED] The seller MUST be notified in writing through email or regular mail before such a dog is put to sleep or all guarantees are null and void!!!! Seller has the right to request a second opinion at buyer's expense. Seller requires a veterinarian's report with the current condition of the dog at that time. This report must include the dog's weight, and overall appearance, and must also include that there are no findings of abuse or neglect. The seller is NOT responsible for vet bills that were to be incurred for any reason whatsoever. The seller is NOT responsible for replacement or loss of life due to an accident or injury that the dog incurs in its lifetime; this includes problems that may occur years after an accident or injury as well as any accident or injury that can mimic the same signs as anything congenital. **VET RECORDS FOR THE ENTIRE LIFESPAN OF THE DOG MUST BE SENT TO SELLER IN THIS CASE!**

Intl. If, for whatever reason, the Buyer cannot or does not wish to maintain ownership of the dog (at any time during its lifetime), Buyer must notify Breeder/Seller immediately. The dog is not to be sold or placed anywhere without written consent of Breeder/Seller. Breeder/Seller will assist in any placements of the dog if needed. Breeder/Seller will always accept the return of the dog back at no cost to the Breeder/Seller. Breeder maintains the FIRST RIGHT OF REFUSAL to the dog if being sold for any reason. If the dog is champion titled, an agreed upon amount can be discussed. Seller maintains the right to repossess if there is proof of any animal neglect and at NO CHARGE to the SELLER. Buyer will sign over AKC papers immediately. If the buyer does not give notice to breeder that the dog has been sold without permission, the buyer has the right to recoup all court costs and a penalty equaling the full amount of the original purchase price of the dog.

K. RIGHT OF REPLACEMENT

Intl. IF FOR ANY REASON THERE IS TO BE A PUPPY REPLACEMENT COVERED UNDER THE TERMS OF THIS CONTRACT buyer must show proof of the pet is spayed or neutered, unless there was a loss of life and if the pet is 2 years or older, by a written letter from a licensed veterinary with a phone number and the current microchip # written on the document that was implanted in the dog when he/she was a pup. Intl. [REDACTED] Buyer agrees that any dog that is purchased as a family companion, and dogs that are not show and breeding quality, shall be spayed or neutered no later than twenty-four (24) months of age. Special considerations may be given by breeders for starter show homes, or a breeding home waiting for hip & health clearances. Buyer agrees to never breed a dog (male or female) that is on a limited registration. Puppy will be entered into an age and breed appropriate obedience class. Buyer understands that they are buying a puppy out of a WORKING breed and this puppy will need to be socialized properly early on to ensure it has the skills to be what you expect it to be. The buyer(s) shall provide proper nutrition, vet care, shelter and exercise. The pup shall be socialized properly after all immunizations given, to include other people outside the family, other dogs, and strange places. Obedience classes are recommended before the pup is 1yr old.

Breeder/Seller will offer a replacement puppy when one is available of equal quality. All AKC paperwork must be transferred back to the breeder. All transportation costs are at the buyer's expense. This replacement is separate from the Hip & Health Replacement above.

M. REQUIREMENT FOR SHOW/BREEDING PROSPECT PUPPIES (Not Applicable for pet purchase)

Intl. [REDACTED] Once payment is made in full for AKC full show/breeding rights, Breeder/Seller will use their best judgment and the advice of other fanciers in evaluating the puppies as to show or pet prospects. There is no guarantee that a dog evaluated as "Show Prospect" will be successful in the show ring as an adult or as a breeding animal and no warranties are made to that effect. This puppy is guaranteed not to have a DISQUALIFYING fault per the AKC standards except for bite. If the bite goes off the seller agrees to replace the puppy only for "proven" show homes. "Proven" meaning the buyer has shown the dog at least 5 different times in the last 24 twenty-four months or has finished at least 2 championed dogs in the AKC ring.

Intl. [REDACTED] There will be no bite guarantee for non-breeding homes. Buyer agrees not to play games such as TUG OF WAR or give the puppy HARD BONES or CHEWS on a consistent basis that can cause the puppy's bite to go off. There is NO GUARANTEE as to the reproduction ability of the said dog. Buyer agrees that if said dog is shown, and becomes championship titled, a picture along with a copy of championship certificate will be sent to the Breeder/Seller. Breeder/Seller may publish this information stating that the specified Breeder, is the Breeder/Seller of the dog along with the Buyer stated as being the owner. The Breeder shall maintain the right to post any information about the show dog on their website for promotional reasons.
