

## What We Provide

Before your employees can safely return to work, your workplace will need to be thoroughly cleaned to lower the chances of possible infection. GSI America specializes in disinfection services. We only use the latest technology and the safest chemicals to eliminate pathogens. Our team takes great pride in delivering high-quality services that go beyond our clients' expectations.

### Plan Development

We'll determine the best way to disinfect areas throughout the office and what equipment is needed.

### Maintain

We'll come by routinely to continue keeping your workplace clean and disinfected.

### Implement

Once the plan is in place, our team will ensure every inch of the interior is disinfected.

### Test

On a monthly basis, we'll perform a surface swab test and provide a report on our findings.

I just wanted to let you know, everyone thought your company did an amazing job! Keep up the great work. I knew I made the right choice.
