Superintendent Search Underway!

The school board has selected [BreakThrough Consulting](#) to assist with the search.

Over the next 15 weeks, the Harrisburg School District will be conducting a search to recruit and hire its next superintendent. Activities include an [electronic survey](#) to help us determine the characteristics and qualities to look for in our next leader. You can express your interest in helping with the search by completing the survey.

The [electronic application](#) is open, and we are in the process of collecting applications, so if you know of someone who would be interested in applying, please pass on this informational flyer. They can also contact consultant [Rob Hess](#) who has been hired to assist with the search. The timeline of activities can be found through [this link](#) if you would like more detailed information about our search process.

Harrisburg, OR

Located in the beautiful Willamette Valley, the Harrisburg community is a great place to work and live

The [Harrisburg School District](#) offers kindergarten through 12th grade comprehensive education. We have three different schools: our elementary school is kindergarten through 6th grade, our junior high school is 7th grade through 8th grade, and our high school is 9th grade through 12th grade. Our high school is in the 3A category for athletic competition.

The Harrisburg School District is using AVID framework K-12 district wide. In addition to the state testing, our teachers use the assessment called (MAP), Measuring Academic Progress to inform our staff, students and parents of student's growth and academic needs in math, reading and writing.

Harrisburg School District operates on a 4-Day school Week. Most Friday's are non-school days

for students. Full time teachers work 9 hour days Monday through Thursday.

The Harrisburg School District board adopted a strategic plan for the district providing all stakeholders a road map to student's success. Data is collected from assessments, reports and surveys for metrics deemed important to a cross section of stakeholders in the district. The school administration analyzes and shares this data regularly to assist with informing decisions made at the building level and classroom level.

Our Vision: Together we empower students to succeed.

THERE IS STRONG SUPPORT FOR SCHOOLS IN HARRISBURG

Harrisburg School District is a wonderful district with much community support. In May 2018, the district passed a general obligation bond for mechanical systems upgrades, athletic facility upgrades especially the track, deferred maintenance work and classrooms, if needed. In addition to the bond funds, the district secured two different seismic rehabilitation grants. One was in 2017 for the middle school gymnasium and the second one is for the High School gymnasium and adjoining buildings.
