### MacGregor Nursery School Update

The MacGregor Day Nursery School is happy to announce that they are in their new location, 110 Hampton St. E, the building formerly known as the Clock Shop.

With the help of many local businesses and organizations coupled with some hard working volunteers the school was able to open for the 2008/09 school year with only a week delay.

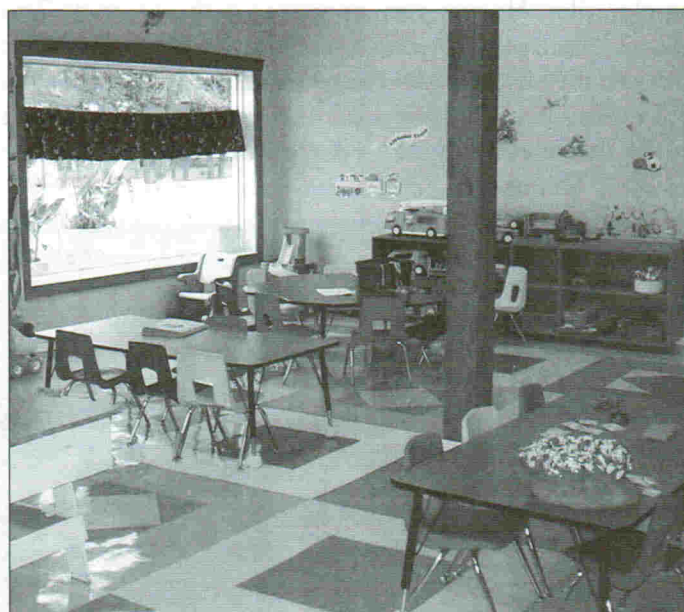

A big thank you goes to the North Norfolk MacGregor Foundation for their donation of \$3000.00. That money was put towards the tile flooring that is throughout the school as well as in the hallway to the bathrooms. The remainder was put towards the finishing and waxing of the floor. It looks wonderful, thanks again.

Our program runs 3 mornings a week. Tuesday we have 17 four year olds, Wednesday we have 14 three year olds and Thursday we have 16 four year olds. Our staff consists of director Melodie Wieler, assistant Jennifer Giesbrecht, and special needs assistant, Dorothy Hill.

Our program operates with many volunteers including those parents who come in to help in the classroom, those who sit on the board and those who help in less obvious ways. It takes the dedication and commitment from these

volunteers to make the Nursery School a success.

The program has been running for a month now and things are going well. With the support of our community and a newly renovated space, we'll have a Nursery School program for years to come.

## The Tile Mural

The day a bench was placed along the walkway between South Central Plumbing and Heating and the Hub I thought that it begged a work of art to gaze at, while sitting on the bench. Thus began the idea of a clay tile mural.

Thanks to the generous grants of the North Norfolk-MacGregor Foundation, the Manitoba Arts Council and funds from our two schools we were able to realize the project. We are also grateful to South Central Plumbing and Heating for allowing us to use the space on their wall.

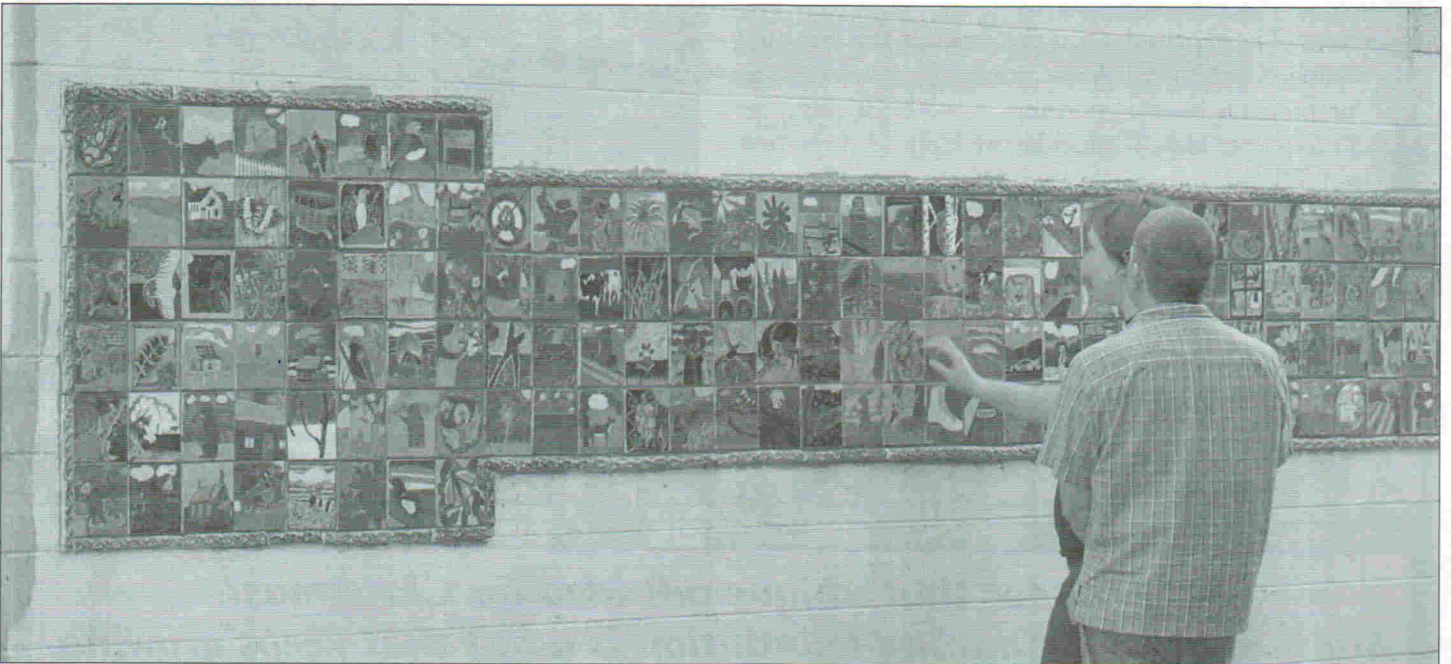

In May of 2008 the funds allowed us to invite Bud Gilles from the Artist in the Schools program to come out to MacGregor and offer us his expertise in the art of making clay tiles. He was very impressed with our grade 7 to grade 12 students. Not only were they wonderful to work with but they had prepared some excellent art work for the project. Students had been working on ideas since March on the theme of North Norfolk pre-history to the present.

Mr. Gilles was with the students for two days drawing the tiles. He took the tiles back to his studio to fire, and returned a week later. Students then dipped into hundreds of different glazes and colored their carved tiles. Mr. Gilles took the tiles back again and fired them for the final time.

Leo Rempel and I then cemented and grouted the tiles to the wall in mid-summer. It was very rewarding to hear the spontaneous and enthusiastic responses from the community as they saw the wall go up. As I told the students, I hope that it will be a wall that will be admired for many years to come and a place where they will come back to ...maybe even with their own children!

I am very grateful to all the groups that made this project possible.

From the Chair of the Board – Annual Meeting – Thursday, June 12, 2008

This year's message is simple; it consists of two words – THANK YOU.

Thank you for embarking on a new journey with the North Norfolk-MacGregor Foundation. When the Board decided to explore the possibility of becoming involved, with the offer of financial support from the Thomas Sill Foundation, with the new initiative to involve our high school students in philanthropy, we knew we would need the cooperation of students and staff at MacGregor Collegiate. After consideration of the Youth in Philanthropy (YIP) program, there was contact made with the school. A partnership with the school and the Foundation would mean a huge commitment of time and energy on the part of students and staff at the school. Under the dedicated leadership of principal, Bruce McKinnon, and staff advisors, Elspeth Finch-Chambers and Heather Martens-Rempel, these young people that you see here tonight, and others who couldn't be here, ran with the idea. We're so proud of each of them. We hope their experience was so positive that some of them will seek out other charitable pursuits as they move along in their adult years. Board members of our foundation some day??

Thank you to Hugh Arklie, Executive Director for the Thomas Sill Foundation, for his support in moving forward with the YIP program. The support of the Thomas Sill Foundation of \$3000 per year for 3 years made this venture possible.

Thank you for the people and organizations involved in the scholarship program. That fund currently sits at over \$100,000 thanks to the commitment of several community residents and groups. The strong community commitment to the program enable the foundation to get more provin-

cial matching money in our first year than any other foundation in the province. The opportunity to contribute in order to build the scholarship fund still exists. Any new donations qualify for provincial matching dollars. If interested, see any member of the Board..

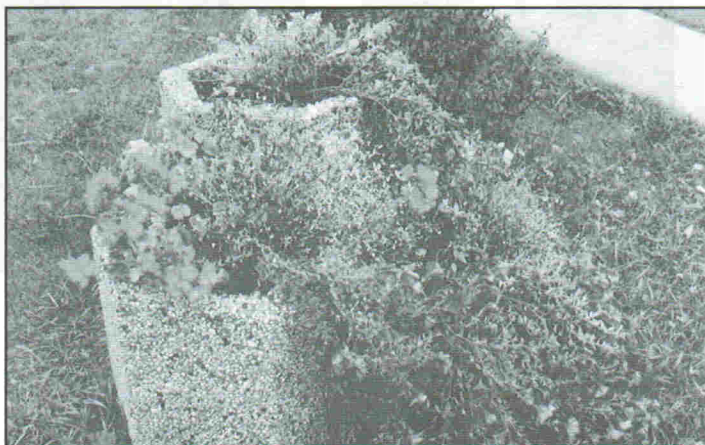

Thank you to Darwin Crabbe who has served as a Board member representing joint councils. Darwin has served faithfully since the revival of the foundation. What a commitment of time and energy! Thanks to Mayor Doris Moore who has come to the Board as the representative of joint councils. She has accepted the pen to serve as secretary and we look forward to working with Doris in her new role.

Thank you to the community for coming along, step by step, to bring the North Norfolk-MacGregor Foundation's assets, counting the market value of the scholarship fund, to more than \$1 MILLION DOLLARS. Not bad for a foundation that started with an initial investment of some \$13,000. It has been a remarkable journey. The grants made possible through the interest on that endowment help our community thrive by supporting community-enhancing projects.

Thank you to the North Norfolk MacGregor Library for the use of library facilities to conduct meetings of the Board of the Foundation.

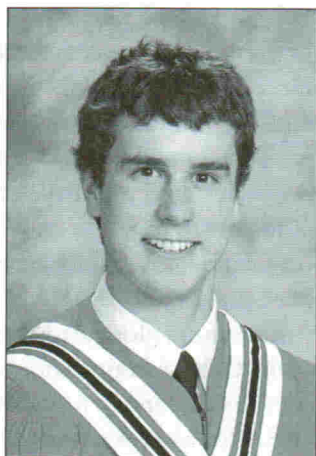

Lastly, thank you to the volunteer Board members who spend hours in deliberating grant applications, writing newsletters, .....

Our next destination as we move along the road – who knows? There is no limit. Just imagine the possibilities – share your ideas with any Board member.

## Report Given to NNMF AGM

Starting this program at MCI was a learning experience for all involved.

The very first thing concerned the name of the group. After the first meeting it was decided that something had to change. It just wouldn't do to hear once a week – "A reminder to the YIP (why I pee) group, you are meeting in the Art room today at noon." Henceforth we became the YIP group.

We had a dedicated group of students who stuck with it through the ground – breaking beginnings of a philanthropy club. As teachers we sometimes worried they'd lose interest as we found our way through laying the foundations of this group, but most of the original twenty stayed to the point where things began to unfold.

Once interviews of organizations were completed, students passionately presented the needs of their respective groups. The consensus method for allotting funds was par-

ticularly challenging and an eye opening experience for all.

The other significant thing to come out of our experience was the awareness that there are local needs for philanthropy. Traditionally we see it as a need beyond our borders, but thanks to the Thomas Sill Foundation's generous offer we were able to become more aware of needs in our own backyard. Students wholeheartedly supported the local programs. At the same time they expressed a hope that they could extend their support to ever widening circles of causes.

For our first time I'd say it was a great success. A big thank you to the Thomas Sill Foundation and the North Norfolk-MacGregor Foundation for giving us the opportunity to do this and to the students who made it happen.

## North Norfolk Agricultural Society

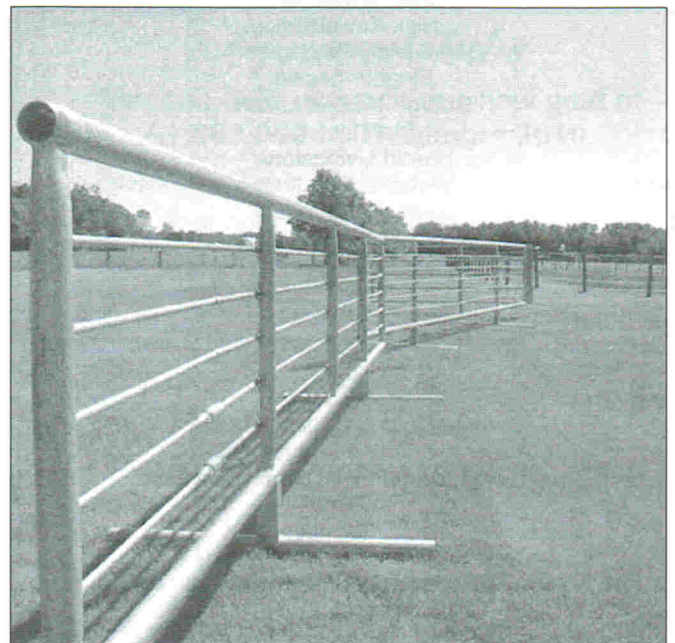

The North Norfolk Agricultural Society know the importance of Agriculture in our area.

We received a much appreciated grant from the foundation to assist with the new Cattle Ring at the fair grounds.

These facilities give the 4-H Beef Club and cattle producers a much needed safer place to showcase their animals.

The photo was taken on painting day prior to setting up the ring and we think it looks fabulous.

Our thanks to all involved.

## **The Path to a Million**

Thank you to Friends, Founders, Benefactors, Builders and Patrons who have contributed to the success of the Foundation. Our core function is to connect people who care with causes that matter and good things are happening in our community. You have been a part of our path to a million.

Our foundation has benefited greatly from the "In Memory" gifts from families and friends when a loved one dies. We are touched and thankful for that generosity which enables the community work which was important in their lives to continue. Those gifts have been a part of our path to a million.

Through estate planning and will the foundation has grown dramatically. We are thankful for the vision of those who saw the foundation as a way to give back to community – another chance to make a difference. You have been a part of our path to a million.

Making a will gives us a say in a world without us – as hard as that is to imagine. A will is a vehicle that allows us to make a gift to an organization that we believe in and want to be a part of. Thank you for considering the foundation as one of the institutions that you might include in your estate planning. You have been a part of our path to a million.

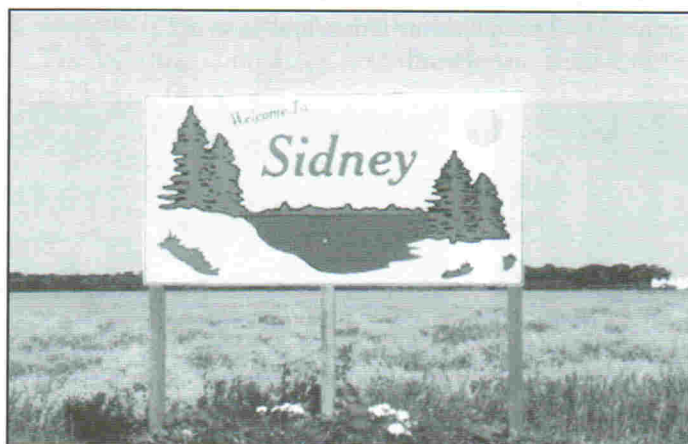

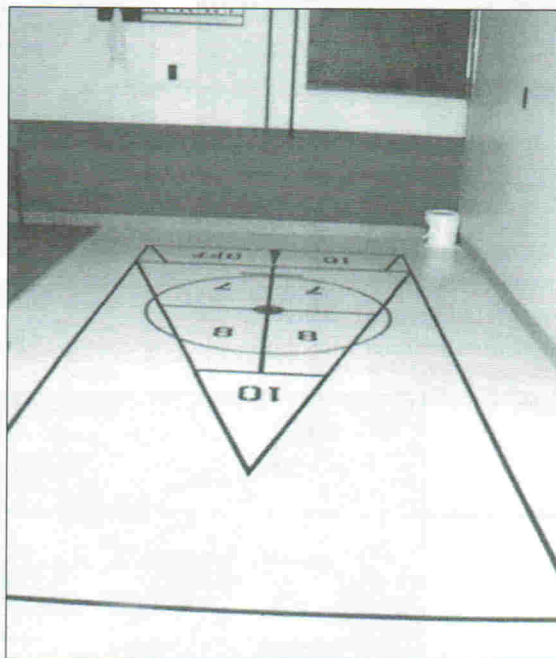

## **Austin Leisure Club Games Room 2007**

The Floor Curling Project was made possible by grants from the Canada Games Legacy Fund 2006 and the North Norfolk-MacGregor Foundation. The real help came from the volunteers who worked endless hours or about three months, moving walls, installing a beam, cleaning off the cement floor, "mudding" the new walls, painting walls and the curling court, marking game lines and installing score boards and a clock.

This is a shining example of community spirit where people recognize a need, make a plan, find committed workers, seek funding and make good things happen. Bravo workers! You've shown what can happen with a little seed money and a lot of sweat!

Games Day is held every Tuesday afternoon from 1:30 - 4:00 p.m. with lunch provided.

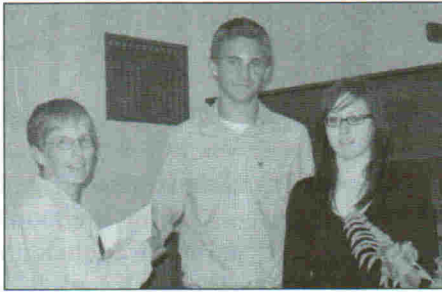

On April 1, approximately 25 people from Portage, MacGregor, Austin and Sidney enjoyed a game day hosted by Anne Thiessen, MASSP Coordinator.

## **Report from the Youth in Philanthropy Club of MacGregor Collegiate Institute**

This year, MacGregor Collegiate students were invited to take part in a project, financed by the Thomas Sill Foundation, whereby they could learn about endowments, grants and philanthropic endeavors and become involved in the process of supplying grants to a variety of charitable projects in North Norfolk.

In order to decide which projects ought to receive grants from the group, students researched a number of local charitable organizations. Students conducted interviews with representatives of these groups to ascertain their goals and determine their needs, and met later to assess whether those goals were in concert with the values which students had identified as being important to them and to determine which of the projects they wished to support with a grant. We learned a great deal about the

nature and value of many the charitable organizations in our area and ground the whole process to have been a beneficial experience.

With the continued support of the Thomas Sill Foundation and of the North Norfolk-MacGregor Foundation, we hope to participate in the project again next year and, eventually, to broaden our horizons to include a focus on social justice issues as well. We would like to thank the Thomas Sill Foundation and the North Norfolk-MacGregor Foundation for their support of our fledgling efforts and for their encouragement of our work.

## **Austin Hall Update**

Fundraising for the new Austin Community hall is over the half a million dollar mark.

The site is being prepared for building this fall.

The building committee is optimistic the shell can be erected before freeze up.

The engineered drawings are nearing completion.

The building has been projected to cost \$719,000.00

The ad project was successful this year. It will net about \$24,000.00 with about \$40,000 in crop sales still to be made and added to the balance sheet.

The cash calendar draw was very successful last year. The cash calendars tickets are being printed and will be here this week.

A quiz night will be held early in 2009.

The biggest fundraiser is still ongoing. The hall building fund committee plan to hold a grand opening when the hall is completed.

Anyone making a donation of \$1,500 or more will receive two invitations to attend the event. The plan for the evening is for supper, speeches and entertainment.

This does not mean a \$1,500 supper but is meant as a thank you to everyone who donated to the project with recognition and acknowledgement of people's contribution to our community.

There are still some invitations available. Donations can be made at the Austin Credit Union.

## Community Spirit Flourishes

After visiting MacGregor on Judging Day, the Communities in Bloom (CIB) judges were overwhelmed by the depth of community commitment shown by all sectors of the town - council, students, businesses and citizens. The judges written report recognizes "an intoxicating community chemistry must be at work here." Further, they record that "MacGregor is one of the best examples anywhere as to what can be accomplished when there's great cooperation between the various players."

The volunteers of CIB and community stakeholders were recognized for their significant contributions to the town in making MacGregor a great place to live and visit. The CIB started as a tree-planting project with a grant from Manitoba Hydro. Since that time, the community has been transformed by the various community groups and individuals with the addition of floral displays, tree and shrub plantings, pathways, pocket parks, town gazebo, splash park, Heritage House, lamps, benches, cemetery kiosk, etc., etc., etc., As the report

states, "MacGregor has amazing community involvement and the benefits are obvious."

MacGregor's long-term commitment to CIP and the annual recognition of the volunteer effort with 5 Blooms led to the creation of a special category of competition - the Winner's Circle. During the 2 years in that category, MacGregor has been awarded 5 Blooms in recognition of the results of committed, dedicated volunteers. The judges underscored that MacGregor has "methodically and continuously added to the inventory of outdoor community green space and related amenities for the common good. It's an enviable record.."

So what's next for CIB? Improvement and maintenance of the current inventory - absolutely. New projects? That's up to the community; ideas and donations are gratefully received and recognized. For example, a ramp is needed at Henderson House to provide access to that terrific resource for ALL visitors.
